A Nobel prize winner in physics states that Our Universe and Us are Mind Stuff. Physics proved that matter is a Hologram, flickers in and out of existence. Light doesn't move. Light and all matter disappears and reappears in it's new position. Working with MultiDimensional Holographic Systems in all that we do creates many new opportunities. Science articles say "An Oak Ridge type project with today's sciences can develop new power sources from the underlying structure of matter". I estimate £\$1.5 trillion max & 60 years to solve this and many other problems. When we approach all projects as MultiDimensional Holographic Sub Systems that we are integrated with, we can accomplish much that seems unlikely when we fail to address the actual design of our world and ourselves. This will improve R & D, Health, Safety, Security, Agriculture, Education, Homes, World Peace, Long Range Human and Ecological Survival, and, eventually, even Governments. Let's teach why we must plan ahead for 100,000 years and address all actual basic causes of our many problems. Use Wisdom to Act Ethically.

Why ignore physics research indicating many solutions, safety, security, health, healing, new power sources, eliminate radiation, toxins, pollutants, control weather, solve many other problems with science? We've developed the info and abilities to create warm, caring, effective communities in all cultures. Let's do it now. PLAN AHEAD for Long Term Human Survival.

► Whistle Blowing! What If Our Geniuses Are Right? Summary www.serendipityassn.org

An Honest Evaluation of these summaries of geniuses research requires reading our key articles.

► "A Basic Cultural Urgent Problems, GIGO Data Bases" Education, Libraries, Media NYT, Media Ethics, Ed Scientific Method, Agriculture, Peace, Govt, Safety, Security, ACLU, Military, Health Enhancement References, Fix +. Examine our Web CD's 180+ articles. Check evidence, references.

IF you check references and examine evidence this time, this info will enable applying all of the lessons of science, history, cultural and social psychology to prevent and solve problems. Our governments act illegally against children, women, men, ecology, science, and human survival throughout history, today as in the past. We ignore photos from space and much other overwhelming evidence of this destruction, and the six major disasters facing humanity. Help

Earth's oil is gone by 2100. Weather cycles alone require reducing population below 2 billion. ► How many people can Earth support with no oil for agriculture, food transport, and food processing, with weather cycles reducing crop production drastically? Perhaps 500 million if we do everything right. CO₂ in oceans will destroy phytoplankton, the food chain base for fish. This is a most urgent emergency of the eight major disasters facing humanity. Plan ahead??? Or starve billions very soon. Anti abortion anti birth

make long term human survival the first order of business for corporations, educators, governments, and all people. Humans continue to destroy Earth's environment more rapidly each year. We are wiping out our very slim chance of survival.

Help stop MD, HHS, media, government, educators, and AARP's aiding ongoing violations of Civil Rights and Human Rights in MD health care and in safety.

control killed half of the 18 million starved since 1893, and will kill six billion 2100-2400. Anti abortion is genocide of billions, as we lack sure birth control methods.

► Women still die in pregnancy and child birth, 1 in 6 to 3 in 10,000. Anti abortion is manslaughter of these women. Abortion is ten times safer than pregnancy and birth. Birth control isn't fail safe and is not even available to most women in our world. Many in USA can't afford it, or don't because of religious lies.

Regeneration is proven feasible. We seek grants for a major R & D regeneration project for all lost body parts. We will bring together devices like the Pyradyne Laser Omni Orb, with 263 times the energy of a standard pyramid, and the best Energy Healers working with Life Energies as Applied Physics. Pyramids speed plant growth

► Obtain “Scientific Integrity In Policymaking”, on The Union Of Concerned Scientists www.ucsusa.org web page, 617-547-5552, Cambridge, MA. The 3/04 49 page and 7/04 33 page downloads have tremendous examples of how Vested Interest pressures and greed distort and suppress well proven scientific data. Bush administration acts unethically and illegally by ordering reports and scientific analysis of many federal agencies suppressed, distorted, or falsified to make them agree with Bush and his administration policies and bigotry. Appointments to departments and commissions were vetted,

► Ocean CO₂ has risen from 200 ppm to 280 ppm in 35 years, after being stable for 400,000 years until the 1800's industrialization. This is destroying the ability of phytoplankton to form shells with calcium carbonate. They feed the

reducing the scientific quality of key groups. This falsified info is in genetics, health, environment, pollution, air and water quality, fish, weather cycles, global warming, global issues, oil gone by 2100, DoD, sex education, human survival issues, and population control. HHS followed orders and replaced birth control, STD disease prevention, and condoms with abstinence. This is proven to raise teen pregnancy rates and increase STD transmission rates. Bush's Anti Civil Rights policies for security are using some of the same tactics used by Hitler in taking over Germany.

zooplankton that feed fish. This is wiping out the foundation for the ocean's food chain. Fish will be substantially gone in the relativity near future. It is most urgent to genetically redesign phytoplankton for high CO₂ levels.

The Alan Guttmacher Institute, CEO Sharon L Camp, PhD, 212-248-1111, New York, annual report and their future plans info on reproductive health and human rights show that conservative ideologically driven approach to sexual and reproductive health is subverting ethical standards of medical care and the principle of evidence based policies. These bigot driven policies, initiatives, and Bush represent a wholesale attack on human sexuality and population control. This results in murdering

Actions against sound science based policies have happened throughout US history. My summary of geniuses research reports on even worse examples of scientific fraud. Humanities' history shows the suppression of innovation and of whistle blowers in all cultures. We need to teach all leaders and all people how cultures work or fail to work to meet the needs of children, adults, ecology, and human survival, the total costs of violence, war, crime, and greed. Promote training that increases intuitive awareness of danger, error, best action; and increases creativity, reducing accidents and errors 98% to 99.7%, proven by 32 studies of Tai Chi and Aikido reported since 1938. Address major research project opportunities that

women, children, babies, and in increasing poverty, suffering, starvation, and the rate of ecological destruction. These actions directly cause the manslaughter of many women who still die from pregnancy and childbirth, and are genocide as they cause violence and starvation of millions now, billions soon. Overpopulation is a major factor in ecological destruction, starvation, violence, and war. Aiding this is genocide of millions now, billions in the future.

are missed now. Stop the illegal HHS MD RICO actions against your people and budget by the MD's ongoing war against Holistic Health. This suppresses science in prevention, healing, and safety. We ignore USN's 1984 validation of Radionic devices that solve many biowarfare problems, eliminate infections, and save farmers 12%+ on farm budgets.. They eliminate any insect pest, virus, bacteria, fungus, or mold in the target area, using a different frequency for each item. Let's keep poisons out of our food supply, land, and water. Radionics will remove all molds and pests from homes, offices, and industry. Leaders and their staffs still make decisions based on data that has long been proven false or distorted.

►The Union Of Concerned Scientists report puts my summary of geniuses research in perspective. People falsify and ignore research and history now as in the past. Why ignore the lessons of history and science? Examine how Cost

Study why political staffs fail to check our info on devices that eliminate Jet Lag, Radionic devices proven to eliminate all pests, viruses, bacteria, fungus, or mold in the target area saving farmers 12%+, and Pyradyne's Laser Omni Orb, a basic tool to aid regeneration? Scientists wrote 638+ books, 85+ by Physicists, explaining how and why, healing, energy systems, biomagnetics, biophysics, and current physics theories involved in these phenomena.

►All government elected and hired officials can be charged as coconspirators with manslaughter for aiding the suppression of science in health and safety. They have no immunity for aiding manslaughter and aiding genocide. DoD's failure to reduce fatalities by using training that will almost eliminate accidents and reduce fatalities in any dangerous situation is murder. Failure to use Holistic Health to heal survivors of all physical and mental trauma is unethical and seems illegal. Holistic Health, proven valid by 25

Benefit analysis of all projects, decisions, and actions, and Planning Ahead for future needs are both missing. Why?

Preventive Health studies proving 56% to 68% savings with 76% to 83% less illness in the many study groups, the 25 studies validating Holistic Health with savings of 87% to 92%, and the proven ability to cure all problems in most people. studies, heals all injuries, illness, genetic anomalies, and internalization of stress from any cause in almost all people and animals. The President's health committee 23 person study found it valid, yet this report was suppressed. Learn why. Physics and Energy Healing research prove that we can solve the regeneration of all mind body parts now. Almost all military personal, veterans, accident victims, children, women and even men can be healed.

It's most urgent to use the actual teachings of Mohammad and Jesus in dealing with right wing Islam and right wing Christians to stop right wing violence. Use NYC Imam Rauf's "What's Right With Islam". Our failure to use Cultural Psych info is a prime factor in our continuing problems with terrorism. Be aware of University research proving that 71% to 86% of students told

Iraq needs three or four states, one for Kurds, Sunni, and Shiite, with equal power and protection, and reeducation for all leaders and citizens on how cultures work for people and ecological systems. A fourth state for the central area with a mixed population is desirable. Use the research on the effects of language, religion,

Critical Thinking based on very accurate data to aid in correcting all basic causes of problems!

The UCS report and the Alan Guttmacher Institute's data add perspective to our data. These frauds have always happened in the USA throughout our history, and in almost all human cultures. We still teach sanitized history. Human cultures always have. History is written by the winning establishment. Zoology research has identified 450 species with homosexual elements. This is Gods design of all species. It's illegal under the US Constitution and law, and unethical, not to allow marriage for all. False info causes violence, murder, and a four times greater suicide rate of homosexual youth when they learn that God designed them that way. TV, governments, educators, and religions teaching false info damages cultures. IRS regulations require that religions, non profits, and educators must lose tax exemptions for their very deadly lies on homosexuality and health.
