To: Board of Directors Secretary for All Board Members, Committees, & Officers,

Dear Board & Management,

False assumptions are very costly. Sociology proved Cultures ignore the forefront of science and knowledge for generations, today as in the past. Historians wrote 428 books on establishments suppressing innovators and whistle blowers, today as in the past. Leaders lack needed basic info on sociology, science, biophysics, and the many lessons of history.

► Whistle Blowing! What If Our Geniuses Are Right? Summaries ► [www.serendipityassn.org](http://www.serendipityassn.org)

An honest Evaluation of summaries of Geniuses research requires reading SA key articles.

►”A Basic Cultural Urgent Problems, GIGO Data Bases”, Education, Libraries, Fix, Media NYT, Media Ethics, Ed Scientific Method, Agriculture, Peace, Govt, Safety, Security, ACLU, Military, Health Enhancement References, etc. Examine SA Web. 190+ articles, Evidence & References.

IF you examine evidence and check references this time, this info will enable applying all of the lessons of science, history, sociology, cultural and social psychology to prevent and solve problems. Our governments act illegally against children, women, men, ecology, and science throughout history and today. Humans continue to destroy Earth's

environment, and wipe out our slim chance of survival. Help make human survival the first order of business for corporations, educators, and governments. Help stop Media, Educators, Government, Corporations, AARP's Civil Rights violations in health and safety.

Earth's oil is gone by 2100. Weather changes alone require reducing population below 1.5 billion. ►How many people can Earth support with no oil for agriculture, food transport, and food processing, with weather changes reducing crop production drastically? Perhaps 500 million if we do everything right.

I offer you an overview of geniuses discoveries in all fields, problem definitions, solutions, and why we ignore new to us info for many generations. Challenge-examine evidence, check references, report on and use our geniuses info to solve and/or prevent almost all of our problems. Improve your operation and our cultures. The first firm, educator, or government to blow the whistle on these errors will gain tremendous fame, aiding marketing, budget, employees, and board for many years.

This is the most urgent emergency of the eight major disasters facing humanity. Plan ahead??? or Starve One+ Billion by 2100, Six+ Billion 2100-2140. Urgent: 93% less people very soon. Anti abortion anti birth control killed half of the 19 million starved since 1893, and will kill one+ billion by 2140. Anti abortion is genocide of billions, as we lack sure birth control methods.

Women die in pregnancy and child birth, 1 in 9 to 1 in 27000. Anti abortion is manslaughter of some women. Abortion is ten times safer then pregnancy and birth.

►We report on what our geniuses have learned in many fields that our establishments tend to ignore for many generations. Cultures today and throughout history violate the Civil Rights of geniuses, discounting their info, and ostracize or kill them for daring to show how establishments make major errors. Financial Institutions will benefit greatly from the error reduction training, and improve loans. Why ignore geniuses info in the world's libraries???

I propose workshops for board, officers, all key people, and staff on systems research,, Eleven Elements of the New Scientific Method, Paradigm Shifts, 46 key scientific discoveries that created them, their implications for R & D, management, human resources, safety, security, world peace, human survival, and in all we do, Cultural Psychology research on the Vested Interest Syndrome explaining why info is ignored for generations, and how to use all of geniuses info in all cultures as a complete system to effectively solve and prevent problems This will enable understanding the forefront of science and knowledge in all fields, improve safety, financial decisions, research, sales, costs,

improve R & D, aid in getting community involvement with all issues, and enable you to address clear cut crimes against your budget, board, employees and all of our citizens. Training that reduces accidents and errors 98% to 99.7% increases intuitive awareness of error, best action, and danger, increases creativity, effectiveness, invention rates, and reduces R & D costs. This training will enable all financial institutions, investment decision makers, portfolio managers, and individual investors to drastically reduce the possibility of losses from errors of any nature, even bad loans and investments. Financial groups can offer this training in many forms to their customers. Researchers need all Eleven Elements of the New Scientific Method. This will reduce errors

Not teaching this results in murder, violence, and rape of gay and lesbian youth and adults, even heterosexuals merely suspected to be gay or lesbian. I offer you info and services to enable your using the forefront of science and knowledge to increase your effectiveness and reduce errors. Security and cultures are ignoring research in many fields. Workshops on the forefront of science and knowledge for all key people is mandatory to break humans inherent habit of discounting new to them info that conflicts with peoples Mind Set. Our establishments, even investigative groups are still ignoring the key factors in 9-11 and all other failures to examine and use needed info. This is always the inherent human habit of psychologically discounting any new info that conflicts with expected patterns. This is aided by the bigotry against and suppression of geniuses that is designed in to cultures. Only 4.6% can consider new to them info that conflicts with mind set. Cultural Conditioning is proven to be hypnotic in character. Training on awareness of and how to override what Cultural Psychologists call the Vested Interests Syndrome is needed for all security, safety, military, pilots, ATC, drivers, educators, parents, and kids. Ignoring geniuses findings, history, and the research on cultural blind spots is arrogant, short sighted, and very expensive. FBI, CIA, DOD, governments, corporations, media, and

educators need the info on permanently eliminating the internalization of stress in three to ten hours with Imagery NLP, and on training reducing accidents and errors 96% to 99.7%. This training increases the intuitive awareness of danger, error, best action, creativity and the rate of invention. Why not use all of science? Injured and ill military, security agents, families, and citizens can be healed quickly with Holistic Health Sciences, even head and spinal cord injuries, yet this info on Energy Medicine as Applied Physics is withheld from agents and families. FBI and CIA management refused to examine evidence of major crimes in Allopathic Medicine's fascist suppression of Alternative Medicine, Holistic Health, Natural Healing Diet Prevention since 1838. Serious negligence in security training is still ignored. Understanding geniuses research needs all of this info and more. We sent data to government, DOD, media, and educators since 1975. We gave this info to DoD's Colin Powell and FBI agent Moss in 1992. Both failed to check references, talk with researchers, and examine evidence. I've spent a lifetime studying what our geniuses have learned in many fields and humanities many cultural errors, omissions, and fantasies. I started the Serendipity Association, a nonprofit working on getting attention to and correcting our 35 cultural errors, omissions, and fantasies that geniuses identified. These errors are aided by our failure to examine and correct all 22 errors,

omissions, and fantasies in education. Basic errors result in politicians; staffs, media, corporations, and even our best universities ignoring prevention on all problems, even in health, healing, rape, stress, drugs, alcohol, tobacco, violence, crimes, and rehabilitation. They discount and misread info given them. Politicians responses are insulting in failing to address questions raised, responding as if quite different info and questions were sent them. It will be far easier to apply their info now, then to live through the disasters created by our ongoing failure to apply all that we know to each of our many interrelated problems. Study Thomas Oliphant's "Utter Incompetents", Ego & Ideology In The Age Of Bush, 43 books on Bush's actions against people and society, many books on the actions of USA governments against people and culture.

All US governments have acted against all citizens, only a little less against the wealthy.

History reports that Vested Interests suppress Geniuses info for generations, even on the best ways to create viable cultures that will benefit children, women, men, and ecological systems. Act urgently to redesign firms and governments for the benefit all people, ecological systems, and the long term survival of humanity. We have passed the point where it was feasible to create long term comfortable survival. The coming centuries will be best described by the ancient Chinese curse "May you live in interesting times".
