Automotive, Vehicle Industry, Associations, Government, & Media,

Dear CEO, Board, VP Marketing, Committees, Planning, Grant Manager, & Government,

► Whistle Blowing! What If Our Geniuses Are Right? Summaries ► www.serendipityassn.org

You can increase sales using Geniuses info. We invite you to reduce costs, increase sales, aid people, improve safety, and reduce health costs 60%-80%+. Call me Re: Evidence Sources, Science and Physics Info, References. All of Science applies to people and vehicles. Why not use Science?

Use info on the rate of oil reserves reduction to market very high mpg vehicles. Oil production peaks in 2037, and will be gone before 2100. USA and world can’t afford any low mpg vehicles. Cars last 40-50 years. All must be 50 mpg or better. Remind everyone that we need oil for agriculture, and urgently need to put farm needs first. Gas prices will be \$5-\$10 per gallon within the 40+ year car and truck life. Outlaw low mpg vehicles. ► Offer safety training, the five modalities that reduce accidents and errors 98% to 99.7%, increasing creativity. This training increases intuitive awareness of danger, error, and best action, validated by 32+studies of groups doing Yoga, Tai Chi, Meditation, and Aikido. This can be offered with local trainers, and in a package of five CD’s plus books. Add NeuroLinguistic Programming Imagery, taught at Kennedy U, for stress removal, and Reike MariEL Energy Healing to get 99.7% less accidents and errors for everyone.

An Honest Evaluation of Geniuses research requires reading our 190+ key articles. ►”A Basic Cultural Urgent Problems, GIGO’d Data Bases” Education, Libraries, Media NYT, Media Ethics, Ed Scientific Method, Fix, Agriculture, Peace, Govt, Safety, Security, ACLU, Military, Health Enhancement References, Geniuses info--SA Web. Check evidence, references.

►►IF you examine evidence and check references this time, this info will enable applying all of the lessons of science, history, sociology, cultural and social psychology to prevent and solve problems. Our governments act illegally against babies, children, women, men, ecology, science, cultures, and human survival throughout history, today as in the past. Photos of Earth show increasing ecological destruction. We ignore overwhelming evidence of eight major disasters facing humanity.

Help make long term human survival the first order of business for corporations, educators, governments, and all people. Humans continue to destroy Earth’s environment more rapidly each year. We are wiping out our very slim chance of survival at an increasing rate.

Help stop government, media, educators, corporation’s, nonprofits, and AARP’s aiding ongoing violations of Civil Rights and Human Rights in MD Health Care, Education, and Safety. ►►Earth’s oil is gone by 2100.

Weather changes alone require reducing population below 2 billion. ►How many people can Earth support with no oil for agriculture, food transport, and food processing, with weather changes reducing crop production drastically? Perhaps 500 million if we do everything right. CO₂ dissolving more rapidly in oceans will destroy phytoplankton, the food chain base for fish. This is an urgent emergency. Address eight major disasters facing humanity. Plan ahead? Or starve One+ Billion by 2100, Six+ Billion by 2140. Anti abortion anti birth control killed half of the 19 million starved since 1893, and will kill billions in the future. Anti abortion is genocide of billions, as we lack sure birth control methods. Women die in pregnancy and child birth, 1 in 9 to 1 in 27,000. Anti abortion is manslaughter of these women. Research proved Abortion is ten times safer than pregnancy and birth. All acting against people in these areas are acting illegally, promoting manslaughter and genocide.

Examine all of the implications of politicians, corporations, and media failing to even consider the history of power regulation. This would have predicted these recent robber baron thefts. I thought this RICO was outlawed. Can government regulators be charged with RICO as coconspirators? See our power article on web. We didn't learn from this, deregulated mortgage and stocks, and created the biggest stock mortgage swindle in history, damaging most nations and people. All losing homes on this mortgage crime are victims of deceptive practices, and should collect full damages from all involved. One businessman made \$500 million dishonestly. Deceptive practices, buying collusion from Congress and government regulators is not unusual. There are five types of payoffs. We've done even worse in many fields. We ignore the history of the war against Alternative Medicine reported in 212+ books. Congress was paid under the table for 82 years to create the anti trust medical system that wastes 80% of our health care dollars and kills people unnecessarily early, ignoring 25 studies validating Holistic Health, and off shore research. The AMA was proven guilty in 1987

of conspiracy, antitrust, and restraint of trade.

Consider the implications of Paradigm Shifts, the 46 scientific discoveries that created them, and how science proved that we and our world are MultiDimensional Holographic Sub Systems. Germany did the 53rd study on Energy Healing eliminating all viruses, bacteria, fungus, and molds, and the 25th study finding Holistic Health valid, saving lives, 80% of health care dollars, and healing stress, injuries, illness, and most people with birth defects. The President's health committee 23 person study of Holistic Health reported it valid in 1997. Recommended:

- ▶ Fully integrate Holistic Health to save lives, suffering, and billions. This was suppressed by MD's. The 25 studies validating Holistic Health find 80% savings, and the ability to heal all problems, even accident survivors. Princess Diana and Kennedy died because we failed to require Holistic Health Drug Rehabilitation, and alcohol and drug free drivers and safety training for pilots, ATC, drivers, bicyclists, all students, proven by 32 studies to drop accidents and errors 98% to 99.7%. The study groups did Yoga, Tai Chi, Meditation, and Aikido.
- ▶▶ Finland got drivers alcohol free, best of all

nations. We can do this here, but don't even try. Why allow any advertising or promotion for alcohol and tobacco? Outlaw even point of sale and label ads. Require warning on labels and packages to be four times bigger than names. If you are free of stress and in tune with the Holographic SubSystem we are part of, you increase creativity, awareness of errors, best action, and danger. Trained people are able to avoid danger of any nature, accidents, rape+++.

We ignore university research on NeuroLinguistic Programming, one of ten proven methods to get and stay stress free. NLP takes three to ten hours, one day, to permanently eliminate the internalization of stress for any

►► Suggestions: 53+ Proposals. Blow the whistle on these crimes and errors. Be the bellwether. Help make this proven training that is able to almost eliminate accidents and errors mandatory for all drivers and all students everywhere. The firm that first does this sells more vehicles. Offer this training to all buyers with training books, CD's and classes. Ideally include this in early childhood education, marriage, and parenting education. Let's require

victim of rape, war, loss, accidents, fire, or any traumatic event. These methods have been reported in university research studies, journals, books, newspapers, and the America Society For Training & Development, yet are still not mainstreamed. People who are stress free have far less errors, accidents, and illness.

Get all in research, engineering, sales, and management free of stress, working with Tai Chi, Meditation, NeuroLinguistic Programming, and Aikido. Add use of Active Listening.

Training reduces engineering errors, recalls, and accidents, while increasing Creativity, Sales, Rate of Invention, Intuitive Awareness of Error, Best Action, and Danger.

this for graduation from any grade and school. These training methods permanently eliminate the internalization of stress, increasing creativity, the rate of invention, awareness of error, best action, and danger—206 studies. This improves R & D. This will reduce violence, rape, drugs, and crime, as well as divorces, errors and accidents. People that don't internalize stress tend to be non violent and make better decisions Get all insurers, car

➤➤2—Use the info that one half of earth's oil is gone by 2038, all by 2100, to sell only high mpg vehicles, 50+ mpg diesels and hybrids at 50+ mpg. Any unnecessary fuel use and waste reduces the few years we will have fuel for vehicles. Low mpg vehicles speed putting vehicle firms out of business. Oil imports injure balance of trade in most countries, reducing cultural viability by reducing money available for retirement, health, R & D, problem solving, and prevention. Gas guzzlers add more

Appropriate Technology Transfer for Rural Areas, funded by US Dept of Agriculture reports that Radionic Devices eliminate any agriculture pests, fungus, molds, virus, and bacteria without pesticides, make plants, soils, and animals healthier and calmer, saving 17% to 22%+ of farm budgets. Energy Healing eliminates all viruses and bacteria. This is proven by 53 laboratory studies since 1947, with 42 studies since 1956 proving that healing of all mental physical problems is feasible when

MD schools have no experts in Natural Healing System Vegetarian Diet Prevention, ignoring 37 studies finding 76% to 83% less illness, and 56% to 68% lower costs. They fail to require science use, or to fund Alternative Medicine, Holistic Health, Herbal, Naturopathic Medicine schools, and Prevention. Studies of professional groups health records proved that the worst health problems and stress were found in psychiatrists, attorneys, and MD's. Teachers were #8.

we use Energy Healing persistently. This is Applied Physics and Spiritual Healing, eliminating distortions in our Multidimensional Holographic Energy System. We propose workshops and talks on the forefront of science and knowledge, Paradigm Shift implications, the implications of each of the 46 scientific discoveries that created them, and how they are involved in all planning, decisions, actions, and research, why geniuses are discounted, put down, ostracized, or killed for proving

establishments wrong, and both how and why humanity ignores our geniuses solutions to problems today as throughout human history. We still flunk the lessons of history, herstory, sociology, cultural psychology, and ignore establishments habits of eliminating all

Please check evidence, references, add a cover letter on the results, send to all of your key people, board members, associations, both AMA's, and boards of major corporations, universities,, foundations, and associations. Geniuses in Universities write books and speak about these errors, yet education management fails to correct internal errors and crimes.

Solar and weather cycle research predict major ecological disasters. They show clearly that our planet can, maybe, support less then a billion with weather cycle changes and no oil. I am a member of Mensa, had 4,200 nonfiction books, and check research and references carefully. My background is science, physics, electronics, plus wide ranging studies in most

sciences, history, sociology, and cultural psychology. We ask your help to correct the 35 cultural errors that cost you and our world money, and save lives with Holistic Health, Stress Removal, and Safety Training. Help eliminate humanities massive bad habit of believing information that has long been proven false. Human's gullibility, arrogance, ignorance,

stupidity, anger, and greed cause almost all of our many problems. The history of regulation and the experience of deregulation in all fields causing pollution, corporate failures, mortgage fraud, stock swindles, thievery, bad food, dangerous work places, and our long history of financial theft, manipulation, and irregularities

We ask board members, officers, and firms to help our 501c3 non profit association help you. The Allopathic Medicine system paid Congress under the table for 82 years to take over all health care. Five types of payoffs kept them in charge and aided their suppression of science in health and healing. Every firm you own stock in is a victim of both negligence and crimes. Your friends and families have been seriously damaged by this war against science in

Security? Research on our geniuses info enables eliminating jet lag, teach all to increase intuitive awareness of danger, error, best action, drop accidents and errors 96% to 99.7%, catch all moles, reduce illness 76% to 83%+, drop 'Health Care' costs 80%+, correct vision with Imagery, win law suits against health care providers, and apply all of science to improve effectiveness considerably.

Work with us to address all of these issues that injure our culture and world by correcting basic causes of each problem. Even 9/11 studies failed to get media and government to publicize NeuroLinguistic Programming for permanent stress removal, Holistic Health for healing survivors, and tools for prevention of violence, terrorism, and war.

to increase your effectiveness and reduce errors. Security and cultures are ignoring research in many fields. A workshop on the forefront of science and knowledge for all key people is mandatory to break humans inherent habit of discounting new to them info that conflicts with peoples Mind Set. Our establishments, even investigative groups are still ignoring the key factors in 9-11 the Challenger loss, and all other failures to examine and use all applicable needed info. This is always the inherent human habit of psychologically discounting any new info that conflicts with expected patterns. This is aided by the bigotry against and suppression of geniuses that is designed in to cultures. Only 4.6% can consider new to them info that conflicts with mind set. Cultural Conditioning is proven to be hypnotic. Training on awareness of and how to override what Cultural Psychologists call the Vested Interests Syndrome is needed for all security, safety, military, pilots, ATC, drivers, parents, and kids. Ignoring our geniuses findings, history, and the research on cultural blind

spots is arrogant, short sighted, and very expensive. FBI, CIA, DOD, governments, corporations, media, and educators need the info on permanently eliminating the internalization of stress in three to ten hours with Imagery NLP, and on training that drops accidents and errors 96% to 99.7%. This training increases the intuitive awareness of danger, error, best action, creativity and the rate of invention. Why not use all of science? Injured and ill military, agents, and families can be healed quickly with Holistic Health Sciences, even head and spinal cord injuries, yet this info on Energy Medicine as Applied Physics is withheld from firms, agents and families. FBI management refused to examine evidence of major crimes in Allopathic Medicine's fascist suppression of Alternative Medicine, Holistic Health, Natural Healing Diet Prevention since 1838. Serious negligence in security training is still ignored. Understanding our geniuses research needs all of this info and more. We sent data to government, DOD, media, and educators since 1975. We gave this info to agent Moss

in 1992. He failed to check references, talk and why. The Good Old Boy network is with researchers, and examine evidence. alive, well, and very damaging.
