➤For All Courts-American Bar Association, Judge Association, State & USA Attorney’s Generals
Anti Gay Lesbian Marriage Actions & Anti Abortion Violate USA Constitution & Five Laws.

➤Aiding the Ongoing 1838 on MD War Against Alternative Medicine, Holistic Health is Manslaughter.
Anti Abortion, Anti Population Reduction, & Ecological Destruction Is Manslaughter & Genocide.

Proposal–Apply USA Laws & Science to Legislation & Court Actions

Science Applies To People

Zoologists report all species have homosexuals, 450 species studied by 1998–Bruce Bagemihl’s “Biological Exuberance” report. An AP article on gay penguins quoted this in all papers in March 2003. Zoology literature has reported this since at least 1948. Anti gay lesbian actions, anti abortion, anti population reduction, and most anti women actions are based on religious lies. This violates the Constitutional Requirements of Separation of Church and State, First Amendment, Equal Protection Under the Law, and promote discrimination, violence, murder, suicide, manslaughter of women, starvation, genocide, and ecological destruction.

➤The Christian Bible was rewritten and expanded by men, not God, 2 to 4 times larger in homophobic cultures. ➤False info causes violence, murder, and a four times greater suicide rate of youth when they learn God designed them homosexual–Gay, Lesbian, Bisexual, or Transsexual. This is true for 7.3% of all humans. Sociology studies of accepting cultures proved these groups extremely valuable in human cultures. This is a valuable design feature for humans, aiding survival, creativity, and planning for best actions. This works by creating a population not involved in raising children, with more time for thought and actions that are neglected if all were involved in child raising and families survival.

➤Be fruitful and multiply was written when earth had few humans. Husband the

earth is ignored, violated by promoting overpopulation. This is murder by starvation of One+ Billion+ by 2100, Six+ Billion by 2140. Oil is used for agriculture, all gone by 2100.

►We live on a very small Island Earth, ignoring massive weather change predictions,

Women still die in pregnancy and birth. It is ten times safer to have an abortion then it is to have a baby. All anti abortion actions are manslaughter of some women, and aid genocide of billions by increasing populations on an Earth unable to support over 500 million with no oil for agriculture, the

Genocide is illegal. Any actions which increase populations, or act against decreasing populations very rapidly to 93% less well before 2100, will starve One+ Billion this Century, Six+ Billion by 2140 or sooner with no oil for agriculture, and both weather changes and rising ocean levels rapidly decreasing agriculture crop land and living areas. Polar ice caps are melting far faster then predicted in 2000. The rate of glacier ice and polar ice melting is faster each

year.

These actions against population control and drastic reduction of populations are religious based, violating US Constitutional Requirements of Separation of Church and State, and Equal Protection Under Law by causing starvation, manslaughter, and by destroying Earth’s ecological systems on which all life depends.

will destroy the ability of Phytoplankton, the food chain foundation for all life in oceans and lakes, to create their exoskeletons. No Fish in the 2300's.

charged 981 MD's for daring to work successfully with Alternative Medicine modalities, 438 lost their MD license. This ongoing crime kills people unnecessarily daily. Call re references and evidence sources. Talk with knowledgeable attorneys who studied the war against science in health care when hired by MD's to protect them. They report that all have very winnable law suits against MD's for suppressing science in health with their 1838 to present war against Alternative Medicine Sciences in health care.

Elected and hired officials are all legally liable for aiding manslaughter. They have no immunity for aiding murder. They aid manslaughter in Six + fields by giving false info and by suppressing scientific info that can save lives, prevent and reduce violence and starvation.
