### Body Safety & Health Safety Proposal

June 10, 2009

►Safety is very important. Educators fail to teach safety—►Why do we fail to consider children important enough to assure safety from accidents, bullies, violence, rape, put downs, other disasters, junk food, and malnutrition???. Why do we ignore research on bionutrition and exercise to prevent health problems???. Both are easily done. All Ignore Police reports “90% hit after dark wear dark clothes, invisible on bikes, crossing streets, or walking along roads”. Two years of Aikido-A small girl or woman can’t be attacked successfully by five men.► Use Yoga, Tai Chi, Meditation, and Aikido Training, as 32 Studies show Errors and Accidents reduce 98% to 99.7%, Increasing Intuitive Awareness of Best Actions, Errors, Dangers, Creativity, and Eliminating the Internalization of Stress from Any Victimization! People Avoid Danger. ►►Scientists explain how-why safety training works in 639 books, 76 by Physicists, about phenomena and research on our Completely Integrated MultiDimensional Holographic SubSystem. Sociology proved Cultural Conditioning is hypnotic in character. That’s why ads sell. Results—only 4.6% can even consider new info that conflicts with their mind set, belief systems, so establishments take new info opposing their beliefs, mind set, and suppress it, hide it, falsify it, even creating false info to buttress their position. Sociology research explains how and why this happens. Physics explains why safety training is effective.

Safety training studies reported in US journals and media I've seen since 1938, all papers AP on 32<sup>nd</sup> study 7/87. Written in India in 729 AD. Training Increases Intuitive Awareness of Danger, Error, Best Action, Creativity and the Rates of Invention, improving R & D, reducing errors in science, research, life and jobs. ►Research costs will drop 5%-8%+. Rates of

Training protects girls and women. Study Groups did Yoga, Tai Chi, Meditation, and Aikido to increase effectiveness. Correct life energy field Aura distortions to improve even more for all people in Homeland Security, FBI, CIA DoD, Police, Fire, NASA, ATC, Pilots, Drivers, Workers, all involved with dangerous jobs. This includes all children and adults in this increasingly dangerous world.

►Apply this in all K-20 education systems as part of correcting 14 errors in Formal Ed, 8 in Informal Ed. This will improve learning considerably, increase abilities to make best decisions in life, work, and eliminate most errors, bullying, violence, rape, crime, murder. Creativity Enhancement Training will increase

invention will increase. Stress Internalization Is Eliminated. ►People are able to avoid danger, accidents, kidnaping, errors, and omissions.

►Careful, complete training will aid Software Development, improve quality, reduce bugs, errors, and conflicts. Costs of software R & D will reduce about 4%-23%.

rates of invention considerably, yet it's still ignored by universities, corporations, firms, governments, and researchers. Stress Free People Do Far Better.

Stress Internalization interferes with learning, and is proven to be the main factor causing errors, accidents, sports injuries, and violence. The National Safety Council reports "No One Has An Accident By Accident".

►Finland did far better than all other countries at getting alcohol off highways. ►Study the total personal, social, and taxpayers costs of alcohol and accidents. ►Stress and alcohol are proven the major factors in errors and accidents, and major elements in causing illness. No one gets ill by accident. Fix All of the Actual Causes

of Each of Our Interrelated Problems! Require all alcohol impaired drivers to be charged with attempted murder, five years for first offense, life for the next attempt to kill others.

►►►►A well designed Holistic Health Drug and Alcohol Prevention and Rehabilitation Program will be 99.7% successful on all addictions of any nature. This will eliminate all addictions to alcohol, tobacco, pharmaceuticals, food, power, violence, predation, and sex.

►►►With only two years of Aikido small women and small girls can't be successfully attacked by five men. They will avoid danger.

►Let's Rape Proof Women and Girls Now.

►Police report that 90% hit after dark are in dark clothes. They can't be seen riding bikes, crossing streets, walking along roads. ►No Safety Training for Kids, Drivers, Pilots, ATC, Security People, Police, Sheriffs, FBI, CIA, Homeland Security, State, DoD +.

Let's get the blood off highways, cars, bikes, and planes, reducing costs by billions.

►Use all Five tools to drastically reduce errors and accidents: Yoga, Tai Chi, Meditation, Aikido Improve Results. Add Energy Healing to

clear Chakra and Aura distortions for 99.8% consistently less accidents and errors! Reike, MariEL, and Touch For Health in nursing are taught in all metro areas. Some have Energy Healing and Psychic talents inherent from birth.

Add other tools to do even better. Gain 99.8% less accidents, errors, safety for all.

This will aid security, police, DoD, truckers, drivers, bicyclists, pilots, ATC, children, parents, business, and NASA.

There are Ten Ways to Get Kids, Parents, Teachers, Justice, Victims, Everyone Free of Stress Internalization. Imagery NeuroLinguistic Programming, Taught at Kennedy U in Orinda, CA, Permanently Eliminates Stress in Three to Ten Hours, One Long Day, for Victims of Rape, War, Loss, Crime, Fire, Accidents, bullies, victims of any traumatic event.

►Sociology proved that Cultural Conditioning is hypnotic in character. Research proved that only 4.6% can even consider new info that conflicts with Basic Beliefs, Mind Set. Even our best establishments given new info conflicting with habits of thinking, ignore it, hide it, distort it, and create false info to buttress their position.

Notice this happens often in elections.

That is the major factor in why advertising sells.

►Counseling is proven not to work on the hypnotic programs created in the minds of 92% of victims of any traumatic event.

►Amateurs can use Imagery books to work with each other to Eliminate Stress. Most Won't Need Professionals. I've worked with Rape Victims. One healed in seven hours, one day, after six years of therapists didn't help her. Persistence for long hours, all day, takes less total time. Occasional one hour starting and stopping appointments take far longer. Science helps adults and children.

►One hour to teach a bright age 12 girl how to use Imagery. She healed herself completely in only two days of her six years of continuous sadness since mom died, using "Imagineering For Health" by Serge King as a workbook. Use these books. Why do we fail kids so badly?

►►Persistence reduces total time. More consecutive time speeds healing of minds and bodies, taking less total time. ►►►Counseling Does Not Work on the Hypnotic Programs Created in the Minds of 92% of Victims by

Traumatic Events. Use 5-10 hours of Imagery NeuroLinguistic Programming, which will dehypnotize the minds traumas rapidly. Add Energy Healing for resistant cases. Eight hours of both each day until healed takes less total time for healing all mind body problems.

►Bodies are proven to be part of Minds, naught but energy, a Hologram. All Sadness, Fears, Loss, Hurts, and Anger habits heal permanently.

►►Stress Internalization Is A Major Factor in Illness, Learning Problems, Failures, Violence, Rape, Crime. ►Stress is the Major Factor in Accidents and Injuries. ►Use all Ten Ways to get kids and adults completely free of stress. Imagery NLP is fastest, resulting in permanently stress free people in one long 3-10 hour day. Amateurs can use Imagery NLP books to work with each other successfully to heal traumas in minds and bodies. Schools will be far more effective when they Use All Of Science. None of them do. Teachers, kids, and management all need to be free of stress.

►Educators and Media ignore the implications of physics, the 46 scientific discoveries that created drastic Paradigm Shifts, sociology, even

the many lessons of history. We ignore 428 books by historians about how establishments shoot the innovators and whistle blowers, today as throughout history in all cultures.

►►►With only two years of Aikido small women and small girls can't be successfully attacked by five men. They will avoid danger.

Prevention is always far cheaper.

►►► Add safety and health safety training for kids and adults. Require a thorough education in personal growth and development as an effective person, an understanding of the damage done by errors, greed, violence, rape, overpopulation, lies, and ignorance. Teach how relationships work and grow, or fail to prosper in marriage and life, baby and child care, why babies and children need 20+ years of love, and how to raise kids to be cooperative, effective, caring, ecologically rebuilding, and survivable people on a very badly damaged Earth.

► Nine Nonviolent Cultures were studied. We can create nonviolent societies throughout Earth. Television is an educational tool that is hypnotic

in character, affecting actions and thinking at deep levels. TV and media act against our society in many ways, teaching violence, non thinking lives, and actions against self, society, and environment. Read the studies, act to stop these crimes that put down women, relationships, sexualize girls and women, leading to massive mistreatment of both, destroying effective relationships with people, and ignore long term human and environmental basic needs and survival.

Long term damage to people and society is created by many greedy, arrogant, short sighted actions. Most are reasonably obvious. Substandard housing and neighborhoods, lacking parks, woodlands, areas for young kids and teens to explore and learn about themselves, others, making friends, and learning about all of the interrelationships and choices in their world. Tools for building communities, families, and relationships are seldom used. ►► Why a complete failure to teach how families and communities work or fail, marriage, active listening, how to create happy, effective, lasting relationships, and how

to raise children that will do well in all areas of life? ► Why no safety and health training for kids, teens, parents, educators, police, security, and leaders??? Why ignore research on how to create successful, survivable societies?

► We fail to even try to start correcting the 14 errors, omissions, and fantasies in formal education, much less the eight in informal education. The impact of and damage done by informal education has been studied, but is seldom addressed. Sociology has studied this in all cultures, even ours. TV programs act against women, children, and thinking. This must be reformed on an emergency basis. I read fifty three books on education, studied most sciences in dealing with firms doing R & D in science and engineering. I read widely in sociology and history. Note that what's worked or what failed to work in any human cultures today and throughout past history applies now in all cultures. We are the same humans throughout history. IF It Worked There or Then, It Will Probably Work Here and Now. If It Didn't Work There or Then, It Won't Work Now. Same People.

► When humans try an approach that doesn't work, they often "Fix" it by doing more of what didn't work. Study Research and Reports in History and Sociology studies.

► Sociology proved that we take two to hundreds of generations, sometimes thousands, to adopt any new info conflicting in any way with Human's Mind Set, World View, Belief Systems! Require safety training for all couples, parents, girls, boys, bicyclists, drivers licensing, pilots, ATC, DoD, men, and women. Require all educators to teach honestly. Make false, damaging info by educators, associations, school boards, all boards of directors and officers a major felony. Require through education on Biological Nutrition, how foods are grown and distributed, the labor, materials, all individual requirements, society elements, needs, farm costs, and social costs involved. All need a full understanding of farmer's risks, the limited benefits to and extreme losses of farmers. Stop subsidizing wealthy, corporate type farms. Require honesty by all in government involved with agriculture and food. Bring charges against all in USDA and other

government groups involved in crimes against farmers and citizens. USDA spent millions of the small farmers division's money to develop tomato pickers costing farmers \$100,000. No small farmer could buy one. They have misused much of taxpayers money. They still do. They continue to suppress Radionic and Tower Devices, safety info farms need, and much else. Farms are the most dangerous place to work. Agriculture departments fail to promote eliminating junk food and optimum Vegetarian Healing and Prevention Nutrition Diets with whole grains. Radionic Devices will eliminate all food infectious agents, any viruses, bacteria, fungus, molds, using a specific frequency for each item. Frequencies for all known pests and most viruses, bacteria, fungus, and molds are in handbooks. The computerized units enable setting them to cover a large number of

problems items in a large area rapidly, and to find the right frequency for a new pest or infection very quickly. These solve epidemics, flu, digestive system bacteria causing diarrhea, biowarfare through post offices or attacks, infections in hospitals, and schools. These will reduce food spoilage and eliminate any bacteria creating food poisoning. All crop storage, food processors, and food handlers urgently need Computerized Radionic Devices. These will reduce losses that cost 7% to 56% or more of food crops in all countries.

We seek funds to improve current designs, and investigate an idea to create units that will eliminate rats and other larger pests.

Physics research and many current psychotronic devices indicate that this is theoretically feasible.
