➤ A Very Simple Proposal ➤ Why Not Use All of Science on All Problems and Projects?

Use All Seven Elements of A New Scientific Method Required By 21<sup>st</sup> Century Physics

Use All Of Systems Research. Examine all of the Evidence! Check References Very Carefully.

Geniuses & Science Keep Proving Quite Wrong What We Absolutely Know Is So!

Our world's many problems affect cultures, corporations, citizens, governments, and human ecological survival adversely. Humanity fails to identify the actual basic causes of it's many interrelated problems, much less take the actions needed to create a sane, survivable planet and future. We even ignore basic systems research, the complete interrelationships of all we deal with.

Stop Losses From Errors, Ignorance, Serious & Criminal Negligence. Save Lives & \$\$\$'s.

I request that each member of the board, officers, and the corporation examine the evidence, check references, correct the internal errors, omissions, and fantasies that restrict opportunities and cost money. Help create and implement reeducation systems on the forefront of science and knowledge to correct 19 education errors in all cultures. Examine Cultural Psychology research explaining the Vested Interest Syndrome-how & why 95.4% Ignore-Discount our geniuses discoveries & insights for generations. Geniuses Identify 35 Cultural Errors, Omissions, and Fantasies. Fixing all of the actual basic interrelated causes of problems is far more effective then working on symptoms for another ten thousand years. Backing the design of programs needed to correct all of the ethical, science, research, management, and societal errors, omissions, and fantasies to create a more livable world will benefit firms and communities, tremendously increasing the visibility of firms that correct all internal errors. The mechanistic view of the world was proven false by 1907. All that we deal with is a Holographic SubSystem, a completely integrated part of our MultiDimensional Holographic Universe. A New 21<sup>st</sup> Century Seven Element Scientific Method offers many new research possibilities that are invisible using the mechanistic viewpoint.

Decisions Favorable To People, Ecology, & Survival Require GIGO Free Accurate Data Bases!

► Whistle Blowing! WHAT IF Our Geniuses Are Right?

An honest Evaluation of these summaries of geniuses research requires reading our key documents.

► "A Basic Cultural Urgent Problems, GIGO Data Bases", Fix, Education, Libraries, Peace, Media, Media Ethics, Scientific Method, Risk, Agriculture, Govt, Safety, Security, ACLU, Military, Health Enhancement References +. Examine our 150+ documents-CD, Web. Check Evidence, References.

► Radionic Devices Offer Proven Solutions to BioWarfare, Agriculture, Education, & Research.

Examine and apply Physics proof that Reality Is a MultiDimensional Holographic SubSystem.

Help fix the underlying problems in our country and world. Help optimize the design of these desperately needed projects and back them with all possible help: People, Funds, Ideas, Seminars, Workshops, and PR. We Fail To Make All Decisions Using Cost Benefit Analysis That's Firmly Oriented On All Of Science, Systems, and Planning For A Survivable Future For Humanity.

► Cultural Blind Spots & An Inherent Human Inability To Consider New Info Result In Cultures Ignoring: Education—12 errors, omissions, fantasies in formal Education, 7 in informal Ed. Stress ignored. Fixing 19 will eliminate rape, suicide, violence, accidents, crime, all learning problems, gain peace.

Educators: Lack the intellect & broad education needed to fix 19 basic errors, crimes, & frauds.

Somebody "Out There" didn't come in and create our many interrelated problems. Our grads did.

Safety—32 studies since 1938 find 98% to 99.7% less accidents&errors in Tai Chi & Aikido groups.

Holistic Health. 25 studies validate, savings of 87% to 92%, proven ability to heal all problems,

Sports Injuries+. 1838 Ongoing MD war against Alternative Medicine suppresses science in Health.

Attorneys state that all have a winnable lawsuit against the MD system for RICO, Theft By Deception, Criminal Malfeasance, and Manslaughter. Congress isn't immune from Manslaughter.

Congress was paid under the table for 82 years to put MD's in charge, eliminating their competition.

AMA was Proven Guilty of Conspiracy, Restraint of Trade, & Anti Trust in 1987. Anti Science.

Graduates lack an overview of the forefront of science, knowledge, sociology, systems, the lessons of history, & effects of greed. Cause Effect interrelationships ignored. Grads created Problems.

Agriculture: Radionic Devices eliminate insect pests, viruses, bacteria, fungus, mold in target area.

Organic Farming increases nutritive value of foods, improves soil health, eliminates toxins.

Fish depend on phytoplankton, which will be destroyed by atmospheric CO<sub>2</sub> dissolving in oceans.

Security—8 basic errors in DoD-CIA-FBI Use Cultural Psychology studies, Lessons of History, training to increase intuitive awareness of best action, error, and danger. Advise leaders► Humanity

faces seven major emergencies. It's urgent to put all of our energies into avoiding these disasters.

Weather Cycles. We are at the end of 270 years of better agriculture weather. Forecasts indicate that our planet can only support less than 2 billion people with oil. There will be a new Ice Age.

Droughts have wiped out many flourishing cultures in the past, and are very damaging now. There was 400 years of drought on three continents 16,000 years ago. Plan for Long droughts to happen.

Oil. Reserves over estimated. All gone in 2090's or sooner. Oil is used for farming. Back to hoes.  
Population. With no oil and worse weather then recent years, Earth may support 500 million people.  
Studies on how cultures work, or fail, to meet the needs of children, adults, and ecological systems.  
Planning Ahead for this & future centuries is consistently ignored. Plan & act as if we'll be here?  
Cultural Psychology studies proved that only 4.6% of humans can even consider new info that conflicts with their mind set. Establishments given new to them info ignore it, discount it, discard it, hide it, or even falsify info to buttress their position. Studied by sociologist and historians.  
► Cultural Conditioning is proven hypnotic in character. TV teaches. Intellectual Sports is missing.  
Stress: Imagery NeuroLinguistic Programming eliminates the internalization of stress permanently in three to ten hours. Traumatic events create hypnotic programs in the mind. De Hypnotizing them works quickly. Counseling doesn't work well. All victims of violence, rape, loss, accidents, fire, and war can be healed in one or two appointments. One rape victim in seven hours after 6 years of therapy didn't help. We fail to publicize university studies. Heals suicidal, violent, angry, criminal.  
Research: Training increases creativity, the rate of invention and breakthroughs, yet it's ignored.  
Sexuality. Fails to teach interpersonal relations, sex, parenting, and that zoologists identified 450+ species with homosexuals. Our Creator designed humans with 7% homosexuals + 1% non sexual.  
Systems Research finds that when we work with part of a system we get unforeseeable results. All we are involved with are MultiDimensional Holographic Sub Systems. People are scientifically described as Holographic Mind Body Energy Field Spirit SubSystems, a completely integrated part of our MultiDimensional Holographic Universe. Physics reports that all matter is mind stuff.

It is far cheaper and more effective to work with the entire system using everything our geniuses have learned to correct all of the actual basic causes of problems. We work on symptoms, ignore actual basic causes and interrelationships, act to keep basic problems in place. Our country and world systems are badly broken. We plan using the impact of demonstrating Holistic Health's proven ability to cure stress, vision, injuries, illness, genetics, birth defects, and solve regeneration to get most leaders to correct all 19 education errors. This will create sane, peaceful, nonviolent, survivable societies. Will you help fix these basic problems that cost governments and corporations money, suffering, and lives? These continue to destroy peoples slight chance of a survivable future. We are far past the possibility of comfortable survival for humanity and our needed ecological base.
