All University Chairmen, Boards, & Presidents,

Proposal Re Civil Rights, Human Rights, Ethics, Law, Crimes, & Risk Management.

Study why UCSD, UC Davis, MIT, Harvard, Yale, Stanford, U of Chicago, Mich State U,
and others were unable to consider science, sociology, and history proving major errors and fraud
in universities. UC Davis Chancellor and Agriculture Management refused to examine evidence on
Radionic and Tower Devices. See Agriculture article, Health, Safety, and Education Scientific
Method. We have advised many of Civil Rights violations, actual crimes, criminal negligence,
serious negligence, and failures to act ethically in University systems. I asked you to be honest.
Law, Ethics, First Amendment, and good Risk Management require that management examine
evidence and check references on crimes and errors. ➤What is your legal liability for ignoring
evidence and references proving crimes and failures? Ask your attorneys to talk with the attorneys
on our reference list, examine Geniuses data on Physics, Sociology, History, System Failures,
Evidence, and advise you of your risks. Study costs and damages to universities and cultures in these
failures. The very damaging results appear in newspapers reports on government and business errors.

➤Why assume that university research ignore readability research for all media, even
and professors can’t possibly be correct??? book jackets!!! ➤Apply Science Based Critical
Examine the implications of Physics discarding Thinking. Act AS IF Women, Children, and
the mechanistic world view by 1963. Grads Human Ecological Survival Are Important.

I asked UCSD to stop internal crimes. Their very odd letter indicates failure to read my letter, much less SA articles-web. Set up and publicize a Whistle Blower's Reward and Protection system in Universities. This will enable finding financial errors and cultural errors that cause problems. Ask professors and students to advise you on errors they notice. Ask them if our summary of geniuses info from many fields is accurate. Teach them Vision Correction and Stress Removal tools. Ask for feedback on their results. Ask for their experience with Alternative Medicine and Holistic Health. Learn why 25 studies and the President's Health Committee 23 person study in 1997 all find Holistic Health valid, with

►Ethics and law require that you act on UCSD Professor Milton Saier's info on Earth's maximum population carrying capacity of only 500 million by 2100. We both wrote this. This well proven data shows we will starve One+ Billion in this century, Six+ Billion by 2140.

Why not act to reduce the genocide of most humans??? Do laws against genocide apply to all who could act and fail to do so??? Bush is guilty of genocide when he stopped USA from aiding international population control. All promoting anti abortion are promoting both genocide and the murder of those women who die in pregnancy and birth. Abortion is ten times safer.

80%+ savings and the proven ability to heal all problems, even genetic errors in students and faculty. Science applies to all people and life. Instrumentation does show Acupuncture Points, Meridian Lines, and Chakras!!! Examine research in this county, state, nation, and world on the forefront of science and knowledge. The many victims of rape, violence, war, accidents, fire, and loss on every campus urgently need the Imagery NLP info. Why withhold it from them? All students, faculty, and staff need the safety info to avoid violence, rape, and accidents. Tell everyone how to increase safety and health. H e a l and prevent alcoholism, drug, and all addictions using all of science.

Weather for crops will be far worse then it was for eight thousand years. ►No oil for a g r i c u l t u r e before 2100 will create tremendous disasters. All students, faculty, and alumni need all of SA's data on Earth's eight disasters.

Why act against getting honesty and sanity in firms, education, and government? Get feedback from many sources to correct serious errors and crimes. Advise all of how Sociology and Physics apply to all fields, and require Eleven Elements of the New Scientific Method. Read Education Scientific Method on SA web.

Why not tell all in education systems how professors teach NLP Imagery to permanently eliminate stress internalization in three to ten hours? Heal those stressed and all on stress disability. Trauma creates hypnotic programs in 92% of victims, so Counseling won't work.

Stop fraud, waste, and abuse in your university. Management is legally liable for aiding and abetting crimes in any institution, even education and government. ►Eight attorneys tell me that all have a winnable lawsuit against their MD health care system for RICO. Law says elected and hired officials have no immunity for aiding manslaughter. Talk to attorneys representing 981 MD's charged by MD associations for daring to work with Alternative Medicine modalities successfully, three are on our reference list. There are 212+ books on the war against Alternative Medicine. Contact Alternative Medicine schools and associations. ►Learn why 75% of Netherlands MD's work with Energy Healers. Learn why 42 studies validate Energy Healing, which is

Applied Physics, able to correct any of our Holographic mind body problems. Physics applies to people. False assumptions are costly. Anti Science Anti Sociology Anti History management is deadly to people and to humanities's future.►Sociology proved that only 4.6% can even consider new info that conflicts with their Mind Set, Belief System. Cultural Conditioning is proven hypnotic in character. That is why advertising sells.

►►Physics Proved That Everything and Us Is a Completely Integrated MultiDimensional Holographic SubSystem of our MultiDimensional Holographic Universe SubSystem. Instrumentation shows Acupuncture Points, Meridian Lines, and Chakras. Earth is a Hologram. Therefore we can solve weather control, new power sources from the underlying structure of matter, and many other problems that can't be addressed with the false info that our universe and us is a mechanistic system. It's actually a Holographic SubSystem.

Will you act to stop crimes and negligence in your university? Why ignore and suppress info from professors teaching NLP for permanent stress removal in three to ten hours???

Education—14 Errors in Formal Ed, 8 in Informal Ed! ➤Need Bottom to Top Feedback!

Risk Management requires immediate examination of evidence of ongoing crimes, errors, omissions, and fantasies in UC, all universities, other educational systems, and human cultures. Look closely on how false info is used to promote and protect those who seek power. ➤Study how 87% to 93% of those who seek power feel unloved from childhood. Applied Physics of Energy Healing. Get a copy of the President's Health Committee 23 person study reporting “Holistic Health Is Valid. Integrate Holistic Health Systems Completely To Save Lives, Suffering, and Billions!”. Talk with attorneys on our reference list, physics experts who fully understand the implications of Quantum Physics in all fields, and experts on Human's Inherent Habit of Suppressing New to Them Info That Conflicts with Their Mind Set. Cultural Psychology proved that

Cultural Conditioning Is Hypnotic in Character.

► Establishments given new to them info conflicting with belief systems, discard, hide, distort, ignore, hide, and even create false data to buttress their position. There are many books on these studies in History, Sociology, plus others. Mind Set takes precedence over any amount of research. We still teach and act AS IF Physics Research is false after Physics replaced the mechanistic with a Holographic World View since 1960. ► Use this and the world's info to win a lawsuit against MD "Health Care" providers. MD Illness Care Systems are not Health Care! ► This will save lives, suffering, and wealth on your campus. Promote safety and health for women and children. ► Two years of Aikido a small woman or girl can't be attacked successfully by five men, and will avoid danger. The study groups working with Yoga, Tai Chi, Meditation, and Aikido did the best, 32 studies find 98% to 99.7% less accidents and errors, increasing creativity, rate of invention, and intuitive awareness of dangers, errors, and best action. Tell all victims how simple it is to work with Imagery NeuroLinguistic Programming to permanently eliminate stress internalization from loss, violence, rape, war, torture, accident, or fire in only three to ten hours. Stress free people learn and teach better, and are far less likely to flunk out, get pregnant or STD's, become ill, or have accidents. Amateurs can work with each

other using Imagery NLP books as work books, and succeed almost as fast as professionals in many cases. ► Why continue to suppress info many in your community need for healing or treatment, when it will reduce your costs, alcoholism, rape, and violence IF fully used. Predators can be healed. ►► Universities need to create powerful committees of geniuses to identify & correct internal errors, omissions, and fantasies. Why ignore your geniuses? How can we help you expedite examining the evidence and checking references on research opportunities offered by using all Eleven Elements of the New Scientific Method, four design of experiment tools, use cultural psychology, cost reduction, and stop ongoing crimes in your system??? Create major UC committees to study and correct major education errors, omissions, and fantasies! Add cost benefit analysis, cause effect studies, and research on the actual basic causes of our many interrelated problems.

These errors and negligence are costly in lives, suffering, money, and missed research and education opportunities. Graduates cause all of our problems. There are five ways people learn.

► We ask a letter from you validating our summary of geniuses research to aid in obtaining major grants for these many urgent projects. This will help reform and re educate

donors, educators, media, and governments. It is hard to get major grants when almost all universities continue to act and teach as if major research is wrong in many fields. Help us open the closed doors of establishment minds. ► We need university validation to begin reforming media, corporations, non profits, educators, Congress, legislators, HHS, justice, UN, all governments and institutions. ► Universities who understand science can do the regeneration project, security projects, and others. See R & D

proposals in the Fix, NOW, Safety, Security, USN, ACLU, and State Department articles. The opportunities available by using all of today's science instead of discounting and ignoring it are exceptional. ►► Improve all research by using all Eleven Elements of the New Scientific Method to Work with the Entire MultiDimensional Holographic SubSystem. A d d four key design of experiment elements. This applies to health and weather.

► Ask all employees and students what they know in these areas. Teach them Imagery Vision Correction, Imagery NLP Stress Removal. Ask their results. Ask everyone their experience with Alternative Medicine, Holistic Health as a complete system, and with 35 cultural errors, omissions, and fantasies. Get the info on safety, the lessons of history, and the history of our governments acting against our citizens since our inception. Get the key books on the war against Alternative Medicine, ongoing since 1838. Examine the tremendous savings in using info on 37 Natural Healing Vegetarian Diet Prevention Studies, and learn why our best universities ignore 56%-68% savings with prevention on health.

► Why do we fail to use prevention on all problems??? It is always far cheaper and less traumatic to use prevention. Vegetarian Diet Prevention & Healing saves 56%-68%, 76%-83% less illness, 80%+ with Holistic Health. Leaders act to destroy ecological systems and humanity, acting with arrogance to feed greed for power and wealth. This is a major factor in this continuing war against Mother Earth and all children and adults. ► Call me about evidence sources, references, and info on 190 articles SA Web This is a serious offer of info, free.
