►A True Systems Approach to Management & Research In Integrated Holographic SubSystems
Project Proposals Based On Applying All Of The Forefront Of Science & Knowledge+ Wisdom.

►Science keeps proving wrong what “We absolutely know is so”. Sociology proved cultural conditioning is hypnotic in character, so we take two to hundreds of generations to get new info into establishments when it requires changing mind set, basic beliefs. ► I offer 107+ very profitable R & D projects to start, promote, sell. These will aid people and nations. Much science is neglected due to failures to teach the many ways the forefront of science keeps

proving establishment's beliefs wrong. Using all of science and sociology to solve and prevent problems will help firms, USA, and people. Take advantage of the tremendous opportunities offered by research at the forefront of science and knowledge that caused science to discard the mechanistic view of the world by 1962.

►► Physics proved our Universe is a MultiDimensional Holographic SubSystem. This requires Eleven Elements of a New Scientific Method, and often Four Design of Experiment Tools. This has made apparent new Paradigms of Reality, Cultural Blind Spots, Inherent Human Gullibility, and how Sociology Cultural Psychology Research Info and Vested Interest Syndrome interrelates with 22 errors, omissions, and fantasies in education systems to cause our best universities, corporations, and governments to ignore major research that conflicts with their Mind Set. Our failure to plan ahead for 100,000 years or even a few hundred is very expensive and destructive. That's getting more damaging every year. Let's work together to correct internal errors and omissions in health, safety, error reduction, failures to use all Eleven Elements of a New

Scientific Method Required by a Holographic MultiDimensional Universe, and to use Imagery NeuroLinguistic Programing to permanently eliminate the internalization of stress in all victims of losses, violence, rape, war, and childhood traumas. We fail to use training that increases creativity, reduces errors 96% to 99%, increasing breakthroughs and the rate of invention. Use all of Earth's geniuses info to create military, government, education, and private sector contracts that will improve their performance and save them money. Present why it is very urgent to plan ahead for one hundred thousand years to improve the survival of humans, all species, ocean life, and the interrelated ecologies on which all life depends.

► Promote critical thinking firmly based on the forefront of science, knowledge, the use of all Eleven Elements of the New Scientific Method, Four Design of Experiment tools, study all interrelationships with our Holographic MultiDimensional Universe SubSystem. Use Systems Research proving that IF we work with part of a system, we get unforeseeable results.

► We and all we deal with Are Fully Integrated Elements of our MultiDimensional Holographic

SubSystem of a MultiDimensional Holographic Universe SubSystem. All projects need to work with as much of the whole system as possible. ► Succeed with research, products, and security improvements that seem unlikely IF you only use the Proven False Concept that we are dealing with a mechanistic universe, planet, and people. ► Note Why Eleven Scientific Method Elements are required by Physics proof of a Holographic MultiDimensional Universe. ► Ethics, Science Effectiveness, R & D, Mergers, and Healthy Growth need all of Geniuses info summarized in our 190+ articles.

Myth Conceptions are a poor foundation for planning, decisions, research, and actions. IF you check references and examine evidence of GIGO problems in Basic “Assumed Correct” data bases this time, Geniuses info will enable applying all of The Many Lessons of Science, History, Sociology, Cultural and Social Psychology to prevent and solve problems. Research based on a clear picture of our MultiDimensional Holographic SubSystem will be more effective, and enable successful projects in many fields that aren’t feasible with false mechanistic universe outlooks. ►► Device

development and solutions now ignored become feasible when we use all of today’s sciences and the many lessons of history. ►►► Why Ignore 428 Books by Historians on Establishments Shooting Innovators and Whistle Blowers???

Our governments act illegally against children, women, men, ecology, and science today as throughout history. ►► Study how/why MD’s suppressed the President’s Health Committee’s 23 person study of Holistic Health. Their 1997 report was “Holistic Health is Completely Valid. Integrate Holistic Health Completely To Save Suffering, Lives, and Billions”, 25 studies agree, showing 80%+ savings when all healing modalities and vegetarian diet prevention and healing are used as a complete system. Complete Holistic Health Systems will cure everything but political, educators, and media stupidity. Saves 80% of MD care costs.

►►► Physics Explains Why Scientific Research Enables Solving Regeneration Now.

Humans are wiping out our very slim remaining chances of survival, and continue to destroy Earth’s environment more rapidly each year.

►►► We are very far past any possibility of gaining comfortable human ecological survival.

► Help Make Long Term Human Survival the First Order of Business for Corporations, Educators, and Governments. Add long term planning for less disastrous human survival.

► Help stop Government, HHS, Media,

The research proposals under security and State Department include many needed projects. ► DoD and all security areas have eight major errors, about 23 total. Let's work together to address these basic issues. We can apply all of science as an interrelated system to better define any issue, address the actual causes of each problem using Systems Research, Cause Effect Studies, Cost Benefit

Security issues include: Earth's Oil, All Gone by 2100. Weather Changes alone require reducing Earth's population below 1.5 Billion. Melting of polar and glacier ice will raise ocean levels 10' + by 2140, reducing crop land 13%+.

► How many people can Earth support with no oil for agriculture, food transport, and food processing, with weather changes reducing crop production drastically? Research indicates 500 Million If We Do Everything Right. About

Educators, & AARP's Civil Rights and Human Rights violations in Education, Agriculture, Health, Safety, and Human Survival. +++.

Analysis, use All Eleven Elements of the New Scientific Method, Four Design of Experiment Methods very often needed to apply all of Science, Creativity Enhancement Training, and the many lessons of history. Historians wrote 428 books about establishments shooting innovators and whistle blowers.

the population of the 1200's can be supported fairly well, IF we rebuild ecological systems that humans depended on then. Dr Milton Sauer, Biologist UCSD, wrote this in 1994. I wrote this in 1998. ► Ocean CO₂ Is Increasing Acidity. This Will Destroy Phytoplankton, the Food Chain Foundation for All Life in Oceans-2290's? Can a genetic redesign project create new survivable phytoplankton? These are the most urgent emergencies of the Eight Major Disasters

Facing Humanity. Make all leaders fully aware of all eight disasters facing human cultures. Plan ahead??? Or Starve Six Billion by 2140. Anti abortion anti birth control anti population 93% reduction killed half of the 20+ million starved since 1893, and will kill One+ Billion by 2100, Six Billion by 2140. Anti abortion is genocide of billions, as we lack sure birth control methods, none in Earth's poor areas. Women die in pregnancy and child birth, 1 in 9 to 1 in 27,000. Anti abortion is manslaughter for some. Abortion is ten times safer than pregnancy and birth. ►►► Study why political and military staffs fail to check scientific info on Medallion Devices that eliminate Jet Lag, the Laser OmniOrb, Radionic Devices proven by USN research, 16,000 farmers, and ATTRA to eliminate any pest, virus, bacteria, fungus, or mold in the target area using a different frequency for each item, a solution to BioWarfare and Epidemics. Study Psychotronic Towers, Physics, Sociology, and the many Lessons of History? ► Cultures goof, ignoring the obvious, even 37+ Vegetarian Diet Preventive Health & Healing studies proving 56% to 68% savings with 76% to 83% less

illness in 37+ study groups, the 25 studies validating Holistic Health, saving 80%+ with proven abilities to prevent and cure all problems in almost all people, and 32+ studies of training that reduces accidents and errors 98% to 99.7%. IF Safety Matters, train all in Yoga, Tai Chi, Meditation, and Aikido. Add Energy Healing to gain 99.7% less accidents and errors for all. This training in K-12 schools will increase creativity, reducing violence, rape, and crime.

► The President's Health Committee 23 person Holistic Health study 1997 report "Holistic Health is Completely Valid. Integrate Holistic Health to Save Lives, Suffering, and Billions of Dollars". I talked with them. Why Suppressed? ► Stress Internalization is permanently gone in three to ten hours with NeuroLinguistic Programming Imagery, one long day is feasible. Veterans, kids, teachers, parents, police, drivers, DoD, State, and firms need this info. This will aid the safety training that reduces accidents and errors 98% to 99.7%. Eliminate alcoholic drivers. Some countries have done this with no license ever after one or two offenses. Driving Drunk Is Attempted Murder. Charge all drunks accordingly. Use Finland's approach. They did

the best job of getting alcohol off highways.

We Can Do This Here and in most countries.

An honest Evaluation of these summaries of geniuses research requires reading our key articles. ►”A Basic Cultural Urgent Problems, GIGO Data Bases”, Proposals-Fix, Education, Libraries, Peace, ACLU, Media NYT, Media Ethics, Ed Scientific Method, Agriculture, Govt, Safety, Security, Health Enhancement. ►►Radionic Devices Offer Fully Scientific Solutions To Biowarfare, Infections, STD’s, AIDS, Food Processing, Food Storage, Spoilage, Agriculture, Pests, Mold, will aid R&D and Research Problems.

►Research in education and practice proves that we ignore that Physics requires all Eleven elements of the New Scientific Method, Four Design Of Experiment tools often needed to be fully scientific, Systems Research, Safety and Error Reduction Training that reduces accidents and errors 98% to 99.7%, increasing

creativity and intuitive awareness of danger, error, and best action; so people avoid danger, errors, mistakes. Add cost benefit analysis, cause effect research, training in creativity enhancement to increase the rate of invention and the possibility of making breakthrough discoveries, Natural Healing System Vegetarian Diet Prevention savings of 56% to 68% with 76% to 83% less illness, saves 56%-68%, Holistic Health is validated by 25 studies, saves 80%+ when fully in place, Imagery NeuroLinguistic Programing gains permanent stress removal for all victims in three to ten hours, one day is feasible. Use research on how to prevent or correct almost all health, stress, violence, and other problems in our culture. This well validated info will open most minds to 2009 science. Why ignore using Medallion Devices that prevent Jet Lag when they are validated and explained by scientific research? Marketed in New Age publications and stores.

► Order Pyradyne Inc LA's Laser OmniOrbs, Medallions, and Many Other Devices. Talk with the many manufacturers. ►Get Computerized Radionic Devices to remove all insect pests, viruses, bacteria, fungus, & mold problems in

your buildings and people.

►Cultural Conditioning is proven to be hypnotic in character, so all but 4.6% ignore new info conflicting with Beliefs. Sociology Cultural Psychology studied Vested Interest Syndrome. Establishments given new info conflicting with their mind set ignore it, discard it, hide it, or even create false info to buttress their beliefs and positions. People in all cultures still do this except for Australian Aborigines.

►You can easily verify these new and old scientific discoveries. Geniuses research identified humans' 35 major cultural errors, omissions, and fantasies that waste lives and the limited wealth of our very small, tremendously over populated, severely damaged planet.

►We ignore research on Earth's plant animal balance. Prevention is far cheaper on any problem, yet we work on symptoms and fail to address the actual basic causes of any major problem, even health, safety, weather changes, the rate of increase of ecological destruction, and long term human ecological survival.

Call me to go over evidence sources well validated by research, science, and many experts. Check evidence and key references.

Sociology proved governments, establishments, educators, firms, and media ignore Geniuses research and discoveries for two to hundreds or thousands of generations. You will need all info in SA Web's summary of Humanities' Geniuses discoveries in many fields to evaluate our proposals. Systems research, the use of all Eleven Elements of the New Scientific Method, and Four Design of Experiment Elements often needed to be scientific will be valuable in this evaluation and in all that you do. The Scientific Method

►I started this non profit after running Hemstreet Consultants since 1960, dealing with most areas of science and engineering. I learned that geniuses identify 35 cultural errors, omissions, and fantasies in our culture and most others. The History of Science is the suppression for two to hundreds of generations of discoveries conflicting with Beliefs, Mind Set. I've studied Holistic Health as a system since 1970. We Still Flunk the many lessons of history, herstory, sociology, physics, scientific method, and systems research. Many fields of research show that working with the actual total

requires that info conflicting with establishment beliefs be carefully examined. All systems, life, devices, Planet Earth elements we encounter are an Integrated Part of a MultiDimensional Holographic SubSystem that is completely interrelated. Systems research found that when we work with part of a system, we get unforeseeable results. ►Examine the scientific advantages of working with the entire Holographic SubSystem in all fields.

MultiDimensional Holographic System Design of our universe, planet, people, and all life will enable improving DoD, Security, Police, Sheriffs, FBI, CIA, Corporations, Fire Fighting, Safety, Education, Agriculture, Forestry, Health, Healing, Governments, Families, Prevention, and Long Term Human and Ecological Survival. ►Science proved that all we encounter is an Integrated part of an MultiDimensional Holographic SubSystem. Let's get everyone to stop discounting major research in physics, all sciences, sociology, history, and major weather changes. Assume

that geniuses are usually right, examine their research, info, and evidence. Apply Eleven Elements of the New Scientific Method in all areas of research, plans, life, and Earth.

I propose that we work together to go after military, government, and corporate contracts for basic R & D, plus eight + product areas, five service areas, and in creating the projects and education tools to update training. Create the reeducation materials needed to break the very expensive habit of discounting the forefront of science and knowledge in so many fields. We Ignore the Implications of Paradigm Shifts and the 46 Discoveries That Discarded the Mechanistic World View. Decisions made on the basis of info long proven distorted, incomplete, or false is increasingly expensive and dangerous. This is very damaging in security fields, Military, State Dept, governance, research, and in keeping humanity from improving long term human ecological survival prospects. ► We Act As If university and other countries research is false. Use the impact on all establishments of learning that they have missed much fairly obvious information to enable gaining contracts in many fields. We plan and

seek funding for a demo of Holistic Health's proven ability to save 80% of MD illness care costs and cure everything but political stupidity. This may get leaders and cultures to correct all fourteen errors in formal education and eight in informal education. Why base decisions on 1800's concepts? Correct ancient misconceptions world wide, fix education systems, and we lay a solid foundation for world peace. This is feasible.

►► Holistic Health, validated by 25 studies as a Complete, Fully Scientific Mind Body Healing and Prevention System, Applies All Five Basic Healing Modalities, Herbs, BioNutrition, Energy Healing, Imagery NLP Mind, Spirit to heal injuries, illness, genetics, vision, mind, brain, body. This enables working with all body mind health and stress internalization problems in all firms, schools, families, and societies on a free if not healed basis for all babies, kids, adults.

► Research already has proven that all mind body problems and almost all people will be healed. Physics applies to people, health, healing, longevity, creativity, peace, war, agriculture, ecology, security, safety, research,

events, and to gaining long term human ecological survival.

►Projects include: Security. Ten+ projects on safety and security to utilize training in Cultural Psychology of each culture, the effects of language, education, religion, and social systems on attitudes, emotions, and actions, General Semantics, Active Listening, Yoga, Aikido, Tai Chi, Ki Gong, Meditation, Chakra Clearing, and many other tools to increase attunement with and ability to work with more or all aspects of our MultiDimensional Holographic World. These modalities increase intuitive awareness of danger, best action, errors. Clearing distortions in life energy fields, auras, and greatly increasing our intuitive ability to recognize danger, error, best action, problems, solutions, and/or prevention.

►Devices will prove helpful. ►Get Pyradyne's Laser OmniOrb's, Jet Lag Medallion, Radionic Devices, and info on many devices from 83+ manufacturers. Both Training and Devices aid safety and security. Prevention projects aid in avoiding problems. Accidents drop 98%-99.7%, errors 96%-99%, reducing combat and accident injuries, deaths, and costs. Train mechanics and

engineers to recognize and correct problems before equipment fails. Enable Intelligence agents to improve performance and avoid dangers. All of this is proven very feasible IF or When We Apply All Of Today's Sciences

A complete Holistic Health Prevention, Training, and Insurance Program will reduce costs 80%, cover all for 60% less then we pay now, use Natural Healing Vegetarian Diet Prevention Systems to save 56% to 68%, reduce illness 76%- 83%, improve stamina and health, eliminate stress internalization permanently with ten methods, and eliminate all infections and pests on Earth with Radionic Devices for \$5.00 per person or less.

I've studied Holistic Health since 1970.

►I value my time greatly, yet I will work with any stress and health problem on a free if not successful basis. An integrated group of Energy Healers can heal all injuries, illness, birth defects, genetic designs, vision, stress, tumors, Alzheimer's, rapidly. All Mind Body problems, even burnout, war, torture, acid burns, and accident damage heals when we use all Holistic Health Science elements as a complete integrated system. Energy Healing is proven to

be Applied Physics. ►Instrumentation and Kirilian Photography show the Acupuncture Points, Meridian Lines, and Chakras.

►Laser OmniOrb devices will speed healing and growth of plants, biota, and lab cultures. Demonstrate these devices in all university and other libraries to increase science and engineering interest and science degrees.

Private Lynch can be fully healed now, and could have been healed within a week when rescued. Science solves many problems. Use all of science as an integrated system on all of the basic causes of any problem. Problems tend to be interrelated with other system elements.

►►►Regeneration is feasible. Physics proved why. This can easily be solved within Seven Years for less than \$90 million, building on

►►►Power Sources. Physics research today offers clear possibilities of success in creating new power sources from the underlying structure of matter. An Oak Ridge type project using today's sciences and all eleven elements of the new scientific method can solve this and many other problems in 35 to 45 years and \$1.5 trillion max. Twenty research firms and 38+

existing research which grew fingers back on children. Use Pyradyne's Laser OmniOrb's and an integrated group of energy healers. Let's work together to fund and finish this solution.

►R & D. All projects need to work with the entire system and apply a full understanding of the forefront of all sciences to avoid errors and omissions that result in waste and lost opportunities. Prevention of problems is best.

Research firmly based on the forefront of science, working with the entire integrated Holographic MultiDimensional SubSystem using all applicable info from all fields will be far more effective in making new discoveries and breakthroughs, and will reduce costs. Body Mind Systems, Earth, and R & D project elements are Holograms, not mechanistic units.

universities have the ability to initiate this project. Letters and articles agree this may be feasible. ►The spinoffs would pay for the entire project, even if the power project fails. Research at the forefront of science today indicates that it will succeed by developing the next two levels of science much more rapidly.

NASA needs the safety and error reduction training. ▶▶Propose research to develop anti gravity devices. A scientist told a convention that he cut a crystal in four years that reduced gravity 40%. Create devices within 20+ years using today's research as a base. Budget within \$1.2 billion. This is the next step for space travel. The second will be to develop a true space drive, feasible within 50 years. Mind is a factor in all research.

▶I was one of four volunteers at a program that lifted a heavy man in an arm chair with each placing our first finger under the wood arms, lifting him above our heads. It felt like 1# of weight on my finger. ▶People are Holograms.

Radiation Elimination. Physics and other research indicate that we may be able to develop devices to eliminate radioactivity in any material or area. ▶Devices to Remove or Convert any toxin or contaminate seem to be feasible. Research may well succeed in these areas.

Genetic Research. Use Eleven Elements of the New Scientific Method and Psychotronic Devices. Expedite major genetic projects to improve all food plants nutrition content, and

We can apply today's physics to solve many problems that mechanistic concepts can't solve. Why ignore the worlds research???

▶Weather Control can be solved. I estimate that this can be done within ten years using today's research in three areas of science. We fail to consider research to control weather even with weather change forecasting far worse then expected weather changes each year. Studies of past weather proved that drastic changes have happened in ten years when trigger points have been reached. These projects are feasible because we are a Completely Integrated part of an Integrated MultiDimensional Holographic Planetary SubSystem. Note valuable spinoffs from each project. A British group demonstrated the ability of people in meditation to make cumulus clouds disappear. Others repeated this. A few changed storm's directions and patterns. Check India's research and thousands of years experience.

their ability to withstand all types of weather. Grow all food plants in all of Earths areas with compatible climates. Develop Food Crops to handle drought, salt, wetter conditions, far more

changeable weather, and redesign farms for farming without oil. New food plants need to be identified and developed for each climate and for the massive changes in weather we face. We can develop food plants humans need for all changing climates: droughts, storms, and all other inhospitable conditions. ►We may be able to develop plant sources for fuel that will grow without attention in deserts and other non arable land or in water.►►►Ocean CO₂ rose from 315 ppm in 1958 to 377 ppm in 2004, after being stable for 400,000 years until industrialization in the 1800's. This increased acidity will destroy phytoplankton's ability to form shells with calcium as it continues to increase. They feed the zooplankton that feed fish. This will wipe out the foundation for the ocean's food chain. The current rate of increase of CO₂ will result in fish being substantially gone in the relativity near future, 2300's? ►It is most urgent to genetically redesign phytoplankton for highCO₂ levels. Atmospheric CO₂ is still increasing rapidly. This dissolves in oceans, lakes, and streams. Thawing Tundra

►Governments, State Department, and DOD

releases massive volumes of methane, increasing Earth's rate of warming. ►Do the genetic redesign needed for coral to survive at higher and lower temperatures. ►Treat the 10'+ ocean level rise by 2140 as a major emergency. 100 years is very short time to take all of the actions needed to deal with loss of crop land, loss of favorable weather for farming, major environment changes, loss of livable areas, and no oil for farming and food.

I ask board members, owners, and firm to aid our nonprofit with critique, concepts, tools, and funds to raise the many millions needed to begin addressing these issues effectively for the first time in human history.

►We plan to use the geniuses in the fields of sociology, cultural psychology, and history to optimize the design of effective "How To Make The World Work Projects", using all that humanity has learned.

►We would appreciate your project design ideas and aid in succeeding with these urgently needed for profit and non profit projects. Ask all of your many geniuses for their input.

fail to use the actual teachings of Mohammad in

dealing with Right Wing Islam, security training, the history of what works and doesn't work to solve or prevent problems in cultures, ignores ► Cultural Psychology Sociology Research of each Islamic Society, weather changes, and the major dangers facing humanity. ► All need a clear understanding on how cultures work, or fail to work to meet the needs of people, ecology systems, and long term survival. They all lack this basic info. Help get all of Sociology Cultural Psychology and Science used in all fields, and with all problems. ► Military, IF taught the massive evidence in each field, will fund demonstration projects and research on accident prevention, why research proved 98% to 99.7% less accidents in 32 study groups, applying research on Laser OmniOrbs, many other Psychotronic Devices, Medallions eliminating Jet Lag, and the Applied Physics of Energy Healing for healing victims of war, accidents, illness, loss, and other disasters. All infections heal with Computerized Radionic Devices. Radionic Devices will solve biological warfare.

► Apply research in Physics and Holistic Health to completely regenerate all body mind

elements, use NeuroLinguistic Programming Imagery to gain permanent stress removal in one day, add ReEducation on the many lessons of history and the forefront of science info, how to apply it, and why we ignore it for generations. How to increase the rate of invention and reduce errors 96% to 99%, How to Use Physics Research Proving Everything We Deal With Is a Completely Integrated MultiDimensional Holographic SubSystem to improve our approach to all research and all problems, five firms with devices and a chemical solution that each Eliminate Jet Lag. Use Vegetarian Diet Healing and Prevention savings of 56% to 68%, increasing stamina, reducing illness 76% to 83%. ►► Study the implications of Sociology Cultural Psychology research finding that only 4.6% are able to even consider new to them info that conflicts with their mind set, basic beliefs, world view. Top management's habits of discounting info, ignoring engineers and staff, results in major losses, NASA and DoD disasters. It would be feasible to design and implement a program using all research on business systems and contracting to prevent almost all new military boondoggles, reduce

waste, and correct all current errors. Require all contracts to include DoD oversight as part of budget. No oversight cancels contract, and requires full reimbursement. Make all contracts to require performance, delivery of optimum products. Research in science of consciousness, physics, and other fields proves that geniuses info is valid on training that will increase security and espionage productivity, accuracy, effectiveness, and safety.

Humanity has developed the information that enables creating effective programs to successfully heal cultures and leaders. This will eliminate crime, rape, the use of violence, and war. This is cheaper than all alternatives. Apply all knowledge to prevention of problems.

▶▶▶ Prevention of problems and of losses is always far cheaper than repairing damage..

Teaching all leaders the extreme urgency of dealing with eight major disasters facing all of humanity will enable changing the destructive habits of some leaders. ▶ All oil will be gone by 2100 or sooner, and all fossil fuels in 2300's. Ecological and weather cycle studies prove that, with oil, Earth may support 1.5

▶ We can identify all moles and saboteurs now by using today's sciences. Why assume Physics, Science, Sociology and History research are all wrong???

Apply all of the forefront of all sciences as an integrated system to solve and/or prevent all human, ecological, weather, and other societal and planetary problems.

billion people as weather changes if we are very lucky. ▶ With no oil for agriculture, food processing, storage, and transport, only 500 Million Max. Written in 1994 by Prof Milton Sauer UCSD Biology. I added this in 1998. We drop world populations over 93% soon, or wipe out ecologies and starve Six+ Billion by 2140. Weather changes alone can wipe out most life. Biowarfare or nature's mutations of viruses or bacteria can wipe out most humans and other life. Meteors can damage or wipe out our biosphere. ▶ Science in this century will enable weapons that make nuclear bombs seem like popguns. ▶ We must develop all sane cultures to improve the increasingly slim possibility of

human survival before this happens, as some will use weapons that will destroy Earth. Teach all the actual total costs of war, greed, violence, ecological destruction, and both the short and long term damage done to people and ecologies by greed, war, arrogance, and stupidity.

► Using the data on why and how cultures work or fail to work to meet the needs of children, families, cultures, ecologies, and very long term human survival is urgent. This will be helpful in creating peaceful cultures and a survivable world for people and their ecological systems. All leaders need this info, yet none have it.

►► Matriarchal cultures have always been far

► Design and market workshops for all leaders, management, and key people in military, governments, corporations, and education systems on the forefront of science, sociology, history, and knowledge to prevent future errors. Errors get far more disastrous each year. Demonstrate Laser OmniOrb's and other devices to all decision people and researchers to aid their understanding of Holographic SubSystems. Promote working on all of the actual interrelated basic causes and systems

more effective in meeting the needs of children, adults, ecologies, and long term planning.

► A complete Holistic Health Longevity Program will heal violent and destructive leaders completely. Attitudes, emotions, and habits of thinking in terms of greed, violence, and war will change and heal using all of the Holistic Health tools that improve mind body health and life span. Add reeducation programs on the total social costs of greed, crime, and war, and how/why to redesign cultures to meet the actual needs of people, animals, crops, and biosphere for current needs and for long term survival.

characteristics of all problems.

►► Let's work with military to create a demo project on Holistic Health Science Systems's ability to heal all injuries, illness, stress, birth defects, burns, gain 99%+ permanent drug rehabilitation, eliminate stress permanently within ten hours, one day, and heal burnout. We can use science to heal almost all veterans, accidents victims. Kids, adults, to heal all problems in almost all people throughout Earth.

►►► Get military to fund regeneration

projects to heal injuries and regrow damaged and lost body parts. This is proven feasible by physics, experience, Asia, India, here, and three projects in Europe that grew fingers back on kids. Military, security, CIA, safety, and many research projects can use the ability of one percent of people to see Auras, 63% can learn this. Effective and very complete training improves their ability to pick out all potential problem or dangerous people and mechanical failures. Devices will aid training, enabling catching saboteurs and moles. Note 41% can learn to identify metal fatigue and any other mechanical failures before they occur. Accidents caused by wind shear and weather can be predicted and prevented. Some are born with these talents well developed. Talented people have been studied by scientists. ► About 63% of people can learn to see Auras clearly. Require this training for all in K-20 schools.

Military spent over \$195 million thru 2001 on psychic research, 9 projects, but leaders discounted and ignored the results and failed to use all of the existing research data to design more effective research projects. Scientifically illiterate brass cancelled psychic research 3-02.

Both research project design and results can be improved considerably. FBI, CIA, all safety and security management have proven unable to correct even their obvious errors. Management and agents refused to check references and examine the evidence on training omissions, and the still ongoing MD conspiracy, restraint of trade, and anti trust AMA proven Guilty in court 1987, 11 other medical groups settled out of court.

I interviewed Eight Attorneys who reported that all have a winnable lawsuit for MD RICO, Theft By Deception, Criminal Malfeasance, and Manslaughter for their 1838 to Present War Against Alternative Medicine. USA Congress was paid cash under the table for 82 years to put the MD's in charge of health care. Government and courts, today as in the past, help them eliminate their Alternative Medicine competition. California government acted illegally in 2005 to reduce Chiropractic competition to MD's.

AMA was proven guilty of Conspiracy, Restraint of Trade, and Anti Trust in 1987.

►► A senior advisory FBI agent told me that he was unable to get FBI to consider his info that

would improve their system, and that neither FBI or CIA is able to even consider any new to them info. FBI even ignored Sociology Cultural Psychology research proving that Cultural Conditioning Is Hypnotic in Character, that establishments given any info that conflicts with their belief system, mind set, are literally unable to even consider the data. ►Governments, media, and UN Human Rights Commission refused to examine the 1984 charge against the USA of American Medical Genocide, 42 pages. Sent to 450 key places and is still available.

►Psychological Discount of new info that conflicts with their Mind Set is the key factor in almost all of society's many problems: Homeland Security, FBI, CIA, 9/11, FEMA, NASA, DoD, USDA, HHS, Education, State Department, Congress, ecological destruction, and almost all human errors, omissions, fantasies, and failures affecting people and Earth adversely. ►►False beliefs and Institutionalized bad habits cause major problems in all human social systems. Security?

Research and products based on geniuses info enables eliminating Jet Lag, teaching all to increase intuitive awareness of danger, error,

best action, reduce accidents and errors 96% to 99.7%, catch all moles, saboteurs, predators, rapists, reduce illness 76% to 83%+, reduce 'Health Care' costs 80%, correct Vision with Imagery, win law suits against MD health care providers, and apply all of science to improve effectiveness in all fields considerably.

►Radionic Devices can eliminate all infections on Earth for less then \$5.00 per person.

►Actual Basic Causes OF 9-11 Goofs Are Still Ignored. These are shown clearly by Sociology Cultural Psychology Research on Cultural Blind Spots, Vested Interest Syndrome studies, the Good Old Boys network, and the many Lessons of History. "We've Always Done It This Way" inherent human habits wipe out any establishment ability to notice and consider new info that conflicts with habits of thinking.

►Cultural Psych studies of Islam and all other cultures are ignored. No experts in DoD, State Dept, Congress, or firms. We fail to use the actual teachings of Mohammad in dealing with right wing Islam, or use the actual teachings of Jesus in dealing with right wing Christians.

We fail to use information on how Seven Catholic Church Anti Christian Crusades

against Islam damaged all Islamic and Christian societies then and today. Congress, State, and DoD lack info and experts on the Cultural Psychology of Islamic and other cultures we deal with. Whistle Blowers need Geniuses Info. ►I offer you Geniuses information free, and services to enable your using neglected forefront of science and knowledge to increase your effectiveness and reduce errors. Physics proved we work with a MultiDimensional Holographic SubSystem, not a Mechanistic System. Security, safety, and cultures are ignoring research in many fields. ►►Workshops on the forefront of science and knowledge with demo's of Laser OmniOrb's for all key people and staffs are

►Our establishments, even investigative groups, are still ignoring the key factors in 9-11, the Challenger loss, and all other damages and losses caused by basic failures to examine and use all applicable needed info that could prevent such losses. ►This is always the inherent human habit of psychologically discounting any new info that conflicts with expected patterns. This is aided by the bigotry against and suppression of Geniuses information and

mandatary to break humans inherent habit of discounting new to them info that conflicts with peoples Mind Set. ► Therefore, "Not Invented Here, I've Always Done It This Way, I Didn't Learn That As A kid, I Know It Isn't So, I Don't Need To Study The Evidence, I know it's false" takes precedence over major scientific research and evidence in all cultures and establishments, even in our best universities and establishments. Remember that the History of Science is discounting and suppressing any new info conflicting with Basic Beliefs, Mind Set. Two to hundreds of generations to get new info into societies. This still happens. Always has.

discoveries that is inherent in all human establishments and cultures. ►►We need to make discrimination against Geniuses a major Civil Rights violation. It is. Only 4.6% can consider new to them info that conflicts with mind set. ►Cultural Conditioning is proven to be hypnotic. Traumatic events also create Hypnotic Programs in 92% of People's Mind's Subconscious. Training on awareness of and how to override what Sociology Cultural

Psychology calls the Vested Interest Syndrome is needed for all decision makers, staff, security, safety, military, pilots, ATC, drivers, educators, firms, governments, people, parents, and kids.

Let's implement projects that will result in using the forefront of science and knowledge in all areas of all cultures.

➤➤ Ignoring our geniuses findings, history, and the research on cultural blind spots is arrogant, short sighted, environmentally destructive, and increasingly very expensive. Homeland Security, FBI, CIA, Security, DOD, FEMA, media, governments, corporations, and educators need the info on permanently eliminating the internalization of stress from any victimization in three to ten hours, only one day, with NeuroLinguistic Programming Imagery, and on training that drops accidents and errors 98% to 99.7%. Training increases the intuitive awareness of danger, error, best action, creativity, and the rate of invention. Why not use all of science? Injured and ill military, agents and families can be healed quickly with Holistic Health Sciences, even head and spinal cord injuries, yet this proven info on Energy

Medicine as Applied Physics is withheld from agents, military, and families. FBI management and agents refused to examine evidence of major crimes in Allopathic Medicine's ongoing fascist suppression of Alternative Medicine since 1838, their bribes to government, Holistic Health and Natural Healing System Vegetarian Diet Prevention savings and healing abilities and how they increase stamina are still being suppressed. Serious Negligence in Security Training is still ignored. Understanding our geniuses research needs all of this info and more. Fix Training.

➤➤➤➤ There are five kinds of payoffs today.

➤➤ In the Netherlands, 75% of MD's work with energy healers. ➤➤ We sent data to government, DOD, media, and educators since 1975. We gave this info to FBI agent Moss and Joint Chiefs Of Staff Colin Powell in 1992. Both failed to check references, talk with researchers, and examine new to them evidence carefully.

Examine who disagrees with establishments and why. They are often right. The Good Old Boy network is alive, well, and very damaging.

This was sent SAIC October 3, 1997. No response to our Board Proposal to Address Ethics, Fraud, & Major Business Opportunities by Applying all of Geniuses Info with a Systems Approach. Our proposal was given to SAIC's HR director, who threw it out twice. Mergers always require all human and money resources, yet firms continue to squander both. Using Natural Healing System Vegetarian Diet Prevention will reduce your illness rates 76% to 83%+. Studies proved 56% to 68% savings on health care costs. Using NLP stress elimination and other tools will reduce accidents 98% to 99.7%, 32 studies, errors 96% to 99%, 40+ studies, and increase creativity! This increases effectiveness, improves personnel utilization, and reduces costs. It is unethical to continue to allow MD Allopathic Medicine illness care systems to give false information to employees, owners, board members, clients, media, and USA. Evidence is overwhelming. The 1838 to present MD war against Alternative Medicine has suppressed data that will save lives and prevent suffering for employees, board members, their families, and all clients.

► Holistic Health is validated by 25 studies,

finding 80%+ savings over MD illness care budgets when a complete Holistic Health Training, Healing, and Insurance Program is fully implemented. MD systems are Illness Care, Not Health Care. MD's Ignore Science Research on the Actual Causes of Health Problems and treat symptoms poorly. This is basically very unscientific and illegal.

►► Science requires defining and correcting all of the basic causes of any problem in all fields, safety, health, education, government.

► This ongoing waste of people, wealth, and human resources is a major fiscal irregularity for governments and corporations.

► Using MD Allopathic Medicine systems violates the Civil Rights and Human Rights of all citizens. This kills babies, children, women, and men. ► Eight attorneys told me that everyone has a winnable law suit against their MD HHS Pharmaceutical 'Health Care' systems' ongoing RICO, violating the deceptive practices act + legal good faith and fair practices foundation of business. MD's are still involved in theft by deception, criminal malfeasance, and manslaughter by suppressing alternative medicine. The AMA was found

guilty of conspiracy, restraint of trade, and anti trust in 1987. AMA lost their appeal. The President's Health Committee, 1997, had 23 people study Holistic Health. Report "Valid, Integrate Holistic Health, Save Lives, Suffering, Billions"!!! MD's suppressed this report, ignore 25 studies agreeing, with 80% savings. Management fails to consider that their failure to act in a timely matter by requiring Holistic Health Systems Integration damages employees, families, and customers with health problems, killing many. Failure to apply Prevention which reduces illness 76% to 83% creates more ill employees, increasing costs. Management failed to check references or examine evidence we sent to many ►Why not use all of science to reduce health care budgets 80%+, save lives, suffering, eliminating stress internalization in 3-10 hours, one day with NLP, Increasing Creativity? Safety Training increases creativity and the rate of invention. Why ignore major research and crimes that injure firms, people and budgets???

The 212+ books on the war against Alternative Medicine show that fascism is still used today to suppress science in health care. This was caused by the MD Pharmaceutical war

against all Alternative Medicine, started in 1838 because of greed, arrogance, and scientific illiteracy. This still continues. ►Columbia University reports that 52 MD schools teach a class on Alternative Medicine, but all fail to see the entire health field as a system and integrate all healing and prevention modalities fully. They still ignore Prevention and the importance of integrating all of Holistic Health into the medical curriculum. Using bio-nutrition and herbs, not drugs, will save lives and billions. ►►►Everyone has very winnable lawsuits against medical providers according to eight attorneys I contacted who have studied this war in protecting 981 MD's charged with daring to work with Alternative Medicine. Call them. I interviewed eight. This ongoing theft is caused by MD systems ongoing suppression of proven scientific Holistic Health Systems is RICO, theft by deception, criminal malfeasance, and manslaughter. ►AMA was proven guilty of conspiracy, restraint of trade, and anti trust in 1987. Eleven other MD groups settled out of court. This ongoing MD RICO continues to damage people and budgets today, still stealing their property, lives, and 80% of health budgets.

Our business proposals identify some of the many cultural errors that our geniuses have researched and defined. I ask that you apply All Eleven Elements of the New Scientific Method and the Four Design of Experiment Methods often needed to be scientific to each of these fields and errors. Check references, collect and examine evidence. Apply it to save lives, \$\$\$'s.

- ▶▶▶ Ask all on the board and all major firms to start Social Concerns Committees and address how to correct each problem in USA and world.
- ▶▶▶ Become famous for helping people. This action will improve each business, and make them famous for helping employees, clients, and all citizens. ▶ Research corporations have unusual intellectual resources. Use them. Some will validate SA's info on Geniuses discoveries, and why they are ignored. Tell employees why and how physics applies to health, safety, research, security, and all we deal with. Do the obvious. Use newsletters to teach everyone how to bionutrition, and to correct vision, stress, health, and other problems using Imagery NLP in Meditation. Ask for feedback on their results. Ask them about their experience with and

information about each of the elements of Alternative Medicine that create Holistic Health Systems, the twenty two errors in education that are factors in humanities' failure to deal with our geniuses discoveries in: prevention, even in obvious areas of safety, health, rape, and crime, Paradigm Shift implications, that we, our planet, and our universe are an integrated MultiDimensional Holographic SubSystem, how to increase the rate of invention.

- ▶▶ Farms are the most dangerous place to work, and need the safety training for all involved in farming. Stop crimes against farmers. ▶ Psychotronic Radionic Devices were validated by ATTRA, a 1984 USN project, 16,000 farmers, and seven producers, eliminate the need to use pesticides. They eliminate all pests, viruses, bacteria, fungus, mold in the target area, use a different frequency for each item, and use seven frequencies to increase soil fertility, eliminating the need to use fertilizers. Radionics saves 17% to 23% of farm budgets. "Anti Science Experts" Discount It. See articles on Agriculture, Education Scientific Method, research, proposals. Physics applies.

►Let's develop improved Radionic ►Racial Genocide. Create healthy habitats.

Devices and discover if we can gain planetary coverage from a single location. These devices will eliminate all dangerous infections and insect pests in selected buildings and large areas. Radionics will eliminate all infections on Earth for less than \$5^{.00} per person. Research may improve them to cover large cities, counties, all of Earth from one location. Physics explains why this may be possible. Use All Of Science.

Examine the feasibility of improving the Psychotronic Towers that make plants and animals healthier and calmer in a 2500 acre radius, reducing birth defects 98.7%. See SA's Agriculture, Education Scientific Method, web.

►Develop and market education firms, services, and products to correct our failures to address the many errors, omissions, fantasies that create problems in all cultures, and even threaten humanities chances of long term survival. Half of the world's oil is gone by 2038, all gone by 2100, all of Earth's fossil fuels gone by 2300. Present population pressures are destroying our ecological systems, yet we are failing to address even this obvious error. Overpopulation destroys ecological systems,

Planet Earth is designed to support less than two billion with oil and crop favorable weather cycles. Oil is gone by 2100, 500 million will be Earth's limit. Why? ►►We use oil for agriculture, food processing, storage, and distribution. ►As Earth's weather cycles hotter and cooler, six billion people will starve by 2140. Water tables are low in many areas. Many civilizations disappeared when hit by lengthy droughts, now increasing. Earth had 400 year droughts on three continents 16,000 years ago. Learn why we ignore so much important and critical information. The past is prologue.

►We fail to address the actual basic causes of problems in most or all areas, even health, stress, safety, and security. We ignore problem interrelationships, actual basic problem causes, systems research, cause effect relationships, cost benefit analysis in terms of the entire system, and the many lessons of history and herstory. Ethical behavior, law, science, and history require everyone to take all of those actions needed to correct these cultural errors, and Plan Ahead for Many Eons.

►► Long Term Human Survival requires that we bring together the geniuses in all fields to create the programs needed to get all leaders and people aware of all dangers, and motivated to drop populations to 500 million very rapidly. This requires using all we know about the cultural psychology, sociology, and history of each culture. Promote these major projects.

► We need to bring charges of genocide and manslaughter against all acting against population reduction in any way. All anti birth control anti abortion groups are promoting genocide of One+ Billion by 2100, Six+ Billion by 2140. ► This is also manslaughter of all women who still die in pregnancy and birth. ► It's ten times safer to have an abortion than pregnancy and birthing a baby. Failure to optimize BioNutrition is a major factor in birth defects, and in health problems for babies, kids, and adults. Food marketing, media, educators are still anti nutrition. ► All firms, non profits and religions involved must lose their tax exemption and business licenses for these crimes. Help bring legal charges against all involved in these ongoing very deadly crimes. ► The US Constitution's First Amendment

states that we can't pass laws on religious issues. Anti abortion, anti population reduction, and anti gay lesbian marriage are strictly religious issues, with no basis in science. Christian Bibles say "Husband The Earth". Major Christian and other faiths act against this in many ways.

The Forefront of Science shows the data base sources you need in order to evaluate the potential for expanding services to address the basic causes of the many problems that cry for solutions based on solid science. Assume that our geniuses are usually right. Major discoveries have opened doors and research possibilities that lead to products, solutions, and educational tools badly needed by governments, educators, R&D, cultures, and corporations. Tremendous opportunities are being missed when we avoid examining and using all of science and knowledge. Software will be improved and costs dropped 5%+ when safety training tools are applied. R & D output will improve and costs drop. Apply All Eleven Elements of the New Scientific Method and Ethics to evaluate our info on cultural errors, omissions, and fantasies. Add often required four design of experiment

tools. Add all of science to security. Kirilian Photography will aid this. ➤Back Kirilian Photography development research. Improve abilities to take photos of Auras. Solve this in 8 years, \$63 M. Three small projects are working on this now. Beat them to create a best product.

➤I will work with any mind body health, stress, hearing, and vision problems free if not successful. I value my time greatly.

➤Energy Healing is Applied Physics. The body is part of the mind. ➤Physics research proved that all matter is mind stuff, even people.

➤A Nobel prize winner in Physics writes

How can we work with you to enable using all of our geniuses info and the forefront of science to help your people, increase your impact, improve and increase marketing, projects, success, profitability, help our culture, and reduce your costs???

We offer Whistle Blowing info, workshops on the forefront of science, knowledge, history and sociology needed by all to change their inherent conditioned in habits of thinking and action.

We seek help and advice to optimize the design of our non profit to succeed in correcting these many interrelated issues. ➤DoD has 23 serious errors, omissions, and fantasies, eight extremely bad ones. None of them are being addressed. “Science, What’s That” is very costly.

➤➤➤Help us with funds, grants, symposiums, and studies for nonprofit projects.

in 1984 “Everything is Mind Stuff”. We, all we encounter, and Planet Earth are a Completely Integrated Holographic MultiDimensional SubSystem of our Holographic MultiDimensional Universe SubSystem.

➤➤The Holographic Universe’s Frequency is 438.69783291 Cycles per Nanosecond. Matter is not even here 46.22% of the time. Apply all of science. Physics proved that 2,780 BC ancient Eastern teaching “Reality Is an Illusion” is quite accurate. Everything is Mind Stuff.

Ask many geniuses for feedback on what they know of geniuses info offering opportunities..

►Base all research, projects, and training on all of today's science. Cease discounting Physics, Sociology, and the many lessons of history.

Study the history of science ignoring new info for generations, and 428 books by historians about establishments shooting innovators and whistle blowers, today as in all ages.

Help us to help you increase profitable R & D, address the next wave of scientific research, become famous for being the first to apply all of today's sciences aid employees, to R & D, to new products, and to reducing costs.

Aid your employees, officers, and board members to improve nutrition, health, safety, eliminate stress internalization, and avoid early deaths. Increase their curiosity and creativity.

Help reform and reeducate educators, media, governments, and corporations.
