What IF Our Geniuses Are Right? Consider the Implications Of Forefront Of Science Info  
 Call me about SA’s 150+ articles, details, evidence sources, references, & cultural blind spots.  
 Scientific Risk Management, Ethics, Business Effectiveness, R & D, Science, Cost Reduction

August 8, 2003      March 15, 2007

Dear CEO, Board, Officers, Management, and Elected Officials,

➤ Challenge.

➤ Albert Einstein “Reality is merely an illusion, albeit a very persistent one.” Those who fail to learn history are doomed to repeat it. Those who fail to learn history correctly are simply doomed.

I invite you to use the forefront of science and knowledge to correct errors and save money. Help with whistle blowing that will aid your budget, profit, board, and employees..

Examine our geniuses info in many fields that tends to get ignored for generations when it conflicts with humanities’ habits of thinking. I ran a consulting firm for many years. I am a member of MENSA. My background is in physics, science, research, with wide ranging studies in most sciences, history, sociology, and cultural psychology. I’ve spent a lifetime studying what our geniuses have learned in many fields, and humanities many cultural errors, omissions, and fantasies.

Serendipity Association is a non profit discount and misread info given them. working on getting attention to and correcting all Politicians responses are insulting in failing to of the 35 cultural errors, omissions, and fantasies address questions raised, responding as if quite that our geniuses identified. These are aided by different info and questions were sent them. our failure to examine and correct all 19 errors in None check references given them. They fail to education. These errors result in politicians; collect and examine the massive evidence of staffs, media, corporations, and even our best extreme negligence, criminal negligence and universities ignoring prevention on all problems, actual crimes by Health & Human Services, even in health, rape, stress, drugs, alcohol, DOD, USA and State governments in education, tobacco, violence, and rehabilitation. They health, stress, safety, security, agriculture, crime

prevention, and justice systems. They avoid correcting the actual basic causes of our problems, and work only on the symptoms. They aid deceptive practices, fraud, waste, and abuse. We fail to create balances for Absolute Power given many establishments.

Our citizens and firms are victimized by our failure to teach the forefront of science and human knowledge to all students, and to correct humanities inherent bad habit of psychologically discounting any innovative information that disagrees with their mind set. Cultural Psychology calls this the Vested Interest Syndrome. They proved that only 4.6% of people can even consider new to them info that disagrees with their mind set.

Therefore establishments and individuals

A Pac Fleet military investigator had our summary of geniuses info proving ongoing criminal negligence in safety training, health care, contracts, R & D, violence prevention, and many other areas. DOD, General Powell, seven Admirals, and 9 IG's discounted it. Why ignore university studies and research showing 98% to 99.7% less accidents and errors in the study groups? These are in the literature and media here since 1938, and in India's literature since 738 AD. This training tremendously increases the intuitive awareness of danger, error, and best action. This will prevent most of the continuing accidents in military, air, highways, industry, schools, streets, and homes. Safety training for all on bikes and crossing streets will save lives.

given new to them info that conflicts with their world view, their mind set, ignore it, discard it, distort it, hide it, and even create false data to buttress their position. This is the most important story in our world. This results in all establishments, FBI, CIA, DOD, and even our best universities, failing to ask the hard questions. "Who disagrees with the main stream?" "Why?" "Where is the evidence?" "Who is working with the new to me info?" "What are their results?" "What is the history of this field?"

►Examine the History of the Suppression of Innovation in all fields, today as in the past. Study the many ignored lessons of history.

Eliminate dark shirts and jackets, which make people invisible on bikes and streets. Police report 90% of after dark accidents bicycling and crossing streets are wearing dark clothes, quite invisible. Optimum training would eliminate violence in schools and cultures. World Peace is feasible. ►Call me to go over the references and evidence sources in each field where we are neglecting our geniuses discoveries. The failure of media, military, government, educators, and corporations to examine evidence of crimes, negligence, and the damaging effects of 19 educational errors is very unethical and seems illegal. Cultural Psychology finds that only 4.6% of humanity can consider new to them info that conflicts with their mind set. This Vested

Interest Syndrome is the key factor in humans discounting of geniuses scientific research and discoveries. This inherent bad habit is very expensive. This kills people, damages cultures,

Our ignored State Department proposal advised that we Ignore Cultural Psychology research, history, sociology, religious conflicts, the effects of language, religion, and culture on world view, why Holistic Health can aid World Peace, that cultural conditioning is proven hypnotic in character, that only 4.6% of humans can consider any new to them info that disagrees with their mind set, and that the use of violence and war is a learned and a culturally conditioned hypnotic program,. We told them why 19 errors in education systems result in grads that create problems instead of correcting the actual basic causes of problems. Working on symptoms is

It's time to listen to our few wise teachers.

Our geniuses have identified seven major catastrophes facing humanity. If all leaders were made fully aware of these, some would be able to change their destructive behavior patterns. Require for UN membership that all of the nations leaders and their staffs in government, education, and business take a complete course on why cultures work or fail to work to meet the needs of their citizens, why and how various actions and decisions act to help or destroy the viability of cultures, the effects of violence, crime, and war on people, prosperity, and long term survival, the seven major catastrophes

and destroys ecologies. Earth can only support the population of 1200 AD-No Oil for crops.

ineffective and very expensive. We fail to quote the original wise men whose teachings resulted in the founding of each religion. Many religious leaders today distort the original teachings, and fail to examine what our Creator has taught us in recent years. ► We fail to use the actual teachings of Mohammad with right wing Muslims, and Jesus's teachings with right wing Christians. Neither taught violence, overpopulation, greed, and ecological destruction. Jesus and many others taught healing, meditation, and spoke against greed.

facing humanity, our interrelationship with ecological systems, and the effects of their rapid rate of destruction. Climate changes with warming that started in 1600 AD limit Earth's ability to support more then two billion people in the future. Study why 18 million people starved since 1870, and why 100-200 million are predicted to starve by 2100, six billion 2100-2400. Water tables are dropping rapidly. US Midwest water tables are often low. Half of humanity lacks potable water. We use oil for crops. Oil is completely gone by 2100. Billions will starve in the future unless we drop population levels to 500 million by 2100.

Planetary ecological destruction is increasing rapidly. Overpopulation is a factor in war, violence, rape, ecological destruction, drought, and starvation.

► Research on systems finds that we must work with the whole system, or get unforeseeable results. Science has proven that our world is a Holographic Sub System, all one integrated sub system of our MultiDimensional

\_\_\_\_\_ Let's work together to locate, train, and bring together the Holistic Health talent that will heal rapidly almost all victims of accidents, illness, birth defects, stress, rape, violence, torture, and other problems. The reporter injured by the antenna power line accident and all other victims can be healed rapidly with Energy Medicine, which is Applied Physics. Physics applies to people. Instrumentation shows Acupuncture Points, Meridian Lines, and Chakras. ► Regeneration is proven to be feasible. Lab Research indicates that we can accomplish regeneration of all lost body parts without exception using today's research in Physics and Energy Medicine. We seek \$12

I talked with eight attorneys who report that the Allopathic Medicine System is illegal, violates Civil Rights and Human Rights, and kills people much earlier than need be. They state that everyone has a winnable lawsuit against their MD Allopathic Medicine providers. The AMA was found guilty of conspiracy, restraint of trade, and antitrust in 1987. All 11

Holographic . Major bodies of research have validated training that enables humans to be far more effective in working with this complex MultiDimensional Holographic SubSystem that includes us and our universe. Today's Physics requires a New Seven Element Scientific Method, with Four Design of Experiment Methods needed in most cases to be scientific

million to solve this in three years. Kirilian Photography takes pictures of Auras. Artists who can see Auras have been painting them for thousands of years. US DOD military spent \$195,483,622. thru 2001 on top secret psychic research and on devices. This started because of USSR research. Stanford Research Institute did their distant viewing project. I met project co manager Dr Targ, laser scientist, at a conference. We ignore needed science. Hyperbaric Oxygen Chambers heal many incurable problems, stroke, viruses, bacteria, gangrene, burns, crush injuries, and circulation. Herbs are very effective in healing many 'MD Incurable' problems.

other MD associations settled out of court. Chiropractic lawsuit was won with 1.3 million documents. This was only the tip of the iceberg of the 1838 ongoing war to suppress science in health care. I can help you stop the fraud against your budget, board, and employees by the MD Allopathic Medicine System's RICO, theft by deception, criminal malfeasance, and

manslaughter. This will save you 87%+ on health care costs, with 56% to 68% savings from Natural Healing System Vegetarian Diet Prevention. Prevention is cheaper and easier. We

ignore information and tools that will enable prevention of all problems in our cultures.

I propose a workshop on the forefront of science and human knowledge for all involved in your corporation. Learn why humans ignore major bodies of research and fail to ask important questions. This training will enable exceptional reporting, far better decisions, research, and actions in all corporations, media, educational systems, and governments. Making decisions on the basis of information that is incomplete, distorted, and even proven false by major scientific research in universities is getting

more expensive each year. It is urgent that we plan ahead for 100 thousand years in all we do, examining all of the long range effects on ecology, people, and survival of each decision and action. It is increasingly more urgent to use all that geniuses have learned as a completely integrated indivisible system. World Peace is feasible ONLY IF we use all that geniuses have learned in all cultures.

Call me and let's work together to bring our geniuses info to bear on solving your problems and address all of humanities problems in your countries and our world. Our geniuses info can do this. ► The 150 articles and proposals on web summarize our geniuses discoveries and info at the forefront of science and knowledge in all fields. Examine evidence, [www.serendipityassn.org](http://www.serendipityassn.org) and check references very thoroughly. It will be far easier and far less expensive in money and lives to correct all of the basic causes of problems and plan ahead for thousands of years, then to continue to fail to apply all that we know. Working on symptoms fails to correct the actual basic causes of our many interrelated problems. The forefront of science today offers many opportunities only visible when we work with all elements of our Holographic SubSystem using all of science.

Sincerely, Dr. Douglas C. Hemstreet CEO Founder
