All who examine evidence and check references agree. An FBI agent and a military research director agreed this data is valid, and that their organizations have difficulty accepting new scientific information that conflicts with their institutionalized habits of thinking.

GIGO Is Expensive

Dear Board and Officers,

► Albert Einstein “Reality is merely an illusion, albeit a very persistent one.” Those who fail to learn history are doomed to repeat it. Those failing to learn history correctly are simply doomed.

A new seven element scientific method is required by physics proof “Universe is a Holographic SubSystem”. ► Whistle Blowing! What If Our Geniuses Are Right? ► [www.serendipityassn.org](http://www.serendipityassn.org)

An honest Evaluation of these summaries of geniuses research requires reading our key articles.

► “A Basic Cultural Urgent Problems, GIGO Data Bases”, Peace, ACLU, Education, Libraries, Media NYT, Media Ethics, Ed Scientific Method, Agriculture, Govt, Safety, Security, Military, Health Enhancement, etc. Geniuses info Web-CD’s 150+ articles. Check Evidence, References.

Aid in getting all computers to protect users information by requiring that all be made with Raid Sata mother boards and two hard drives. Even the best hard drives have a failure rate. Between seconds and six years almost all

will fail. All need fail safe systems for their data. Neither government, industry, education, or security buy for data safety.

Require high quality mother boards for all to reduce failures in the system.

IF you check references and examine

evidence on cultural GIGO this time, this info

will enable applying all of the lessons of science, history, cultural and social psychology to prevent and solve problems. Our governments act illegally against children, women, men, ecology, and science throughout history and today. Humans continue to destroy Earth's environment, wiping out our very slim chance of survival. Help make human survival the first order of business for corporations, educators, and governments. Help stop Media, Educators, Government, and AARP Civil Rights violations in health and safety.

Earth's oil is gone by 2100. Weather cycles alone require reducing population below 2 billion. ►How many people can Earth support with no oil for agriculture, food

Cultures goof. We ignore the obvious, even preventive health studies proving 56% to 68% savings with 76% to 83% less illness in the many study groups, and the 25 studies validating Holistic Health savings of 87% to 92% and the proven ability to cure all problems in most people.. Geniuses info will improve your business. The references check and the evidence of 35 cultural errors science discoveries, and cultural blind spots exist, proving GIGO in our information bases.

We also seek your help with our non profit. Our summary of humanities geniuses info at the forefront of science and knowledge will enable you to teach customers, prospects,

transport, and food processing, with weather cycles reducing crop production drastically? Perhaps 500 million if we do everything right. This is the most urgent emergency of the seven major disasters facing humanity. Plan ahead??? Or starve six billion 2100-2400.

►Anti abortion anti birth control killed half of the 18 million starved since 1893, and will kill billions in the future. Anti abortion is genocide of billions, as we lack sure birth control methods.

►Women die in pregnancy and child birth, 1 in 6 to 1 in 27,000. Anti abortion is manslaughter of some women. Abortion is ten times` safer then pregnancy and birth.

and staff how to eliminate eyestrain and correct all vision problems permanently using Imagery in meditation persistently; improve R & D with training that reduces errors and accidents 98% to 99.7%, increases intuitive awareness of best action, error and danger; reducing computer operator and software errors 96% to 99%. These training tools will reduce tech reps time spent solving problems. This training increases the rate of invention, cuts costs and reduces errors and omissions in software development and in all jobs. Imagery NeuroLinguistic Programming permanently eliminates the internalization of stress in three to ten hours. Use ten ways to stay stress free.

Examine many forefront of science tools to aid sales, reduce costs. Study why the entire print and software industry are ignoring readability. Printing research on readability finds that dark brown ink on light tan paper is the most readable. I have a book on printing that is printed that way, eliminating white paper glare. Any print on a dark background is harder to read. Red is far worse. Learn why

The 35 errors, omissions, and fantasies in our culture cost you money. Decisions based on faulty and distorted information sources are costly. These errors in many fields that have been identified by our geniuses show severe mismanagement and a lack of broad education and ethics in our governments, universities, researchers, corporations, media, nonprofit associations, and religions.

I challenge you to apply All Seven Elements of the New Scientific Method required by today's Physics to geniuses info. Examine carefully evidence on info that disagrees with

The enclosed summaries of our geniuses discoveries in many fields show how and why humanity has the info to solve most of our problems and why it is ignored for generations when it conflicts with belief systems. Establishment habits and greed brainwash people into patterns of behavior that continue

ads, book jackets, articles, and software are often unreadable without bright light and a magnifying glass. This reduces book sales, ad effectiveness, article communication, and the usability of software. Why make software very hard to use or to evaluate for purchase? Help fix it.

establishments thinking. The many cultural blind spots, aided by our 19 errors, omissions, and fantasies in education, are causing even our best corporations and cultures to miss data that will improve performance, reduce costs, save lives, and improve safety and security. Gain the PR impact of being the first to tell employees, board, and cultures that our geniuses are correct, and that their data will solve and prevent most of our problems while saving lives, suffering, and massive amounts of money. Help Fix Our Very Broken World.

long after it's been proven incorrect. Correcting stress, ignorance, false habits, arrogance, and greed will be far cheaper than continuing to work on symptoms, taking many generations to adopt new info that disagrees with mind set. This info will help children, women, men, and families, enable you to win

a lawsuit against your Health Care Providers, heal almost all “Medically Incurable” problems, eliminate stress internalization, correct most eye and ear problems, reduce people problems and hiring errors, improve employee retention, and reduce accidents and

Reap the benefits of blowing the whistle on all 35 of our cultural errors. Benefit employees, stockholders, customers, sales, and cultures by taking ethical actions to create fully sane societies.. Our geniuses are usually right. The info they’ve developed will aid you in increasing sales and improving service. Let people know about the massive GIGO problems in our world’s data bases. Increase sales of more accurate information systems, bug free software, peripherals, computers, Internet services, and gain web page hits by using this info on major cultural errors in marketing and promotion. Help teach everyone how to solve most of the problems that affect us all by using the forefront of science and human knowledge in all fields. Using our info in your web home page, advertising, and promotion will increase attention to your firm, gain international publicity, aid sales, and help correct all 19 errors in education that create all of our problems. This data will save lives, suffering, and money for board members, management,

employees, customers, and culture. Help blow the whistle on these massive frauds and errors. Help bring together the volunteers, staff, funds, offices, and equipment to create fully sane societies. Help get us an optimum web page designed and maintained. We urgently need funds, optimum computer systems, researchers, staff, and director. Become famous for Ethics, Whistle Blowing, and effective, creative, scientific management.

Our texts, references, and even the best encyclopedias are filled with errors, omissions, and fantasies. They are inaccurate in health, education, agriculture, safety, research, and many other fields. They missed that there are Seven Elements of the New Scientific Method, the effects of matter in our universe and us being a Holographic SubSystem of a MultiDimensional Holographic Universe SubSystem, and that all medical info was skewed by the ongoing 1838 to present war against Alternative Medicine. This war still closes successful Holistic Health Centers, and takes away MD licenses for

daring to work with any alternatives to pills and surgery. They miss the many studies of Natural Healing System Vegetarian Diet Prevention saving 56% to 68% on costs, while reducing illness 76% to 83%. This offers opportunities to develop reeducation materials on the forefront of science and knowledge and why it's ignored for generations. This is needed by all leaders, educators, and citizens.

Eye strain and all other vision problems can be healed easily by those who use Imagery in Meditation 1½ to 5 hours consecutively daily, one to five days for perfect vision. No glasses needed. There is no failure rate for those that actually do this. More time consecutively, less total time. Use the concepts in "Imagineering For Health" by Serge King. Once these tools are learned everyone can eliminate eye strain and stress in one to ten

Errors are expensive and annoying. There are many studies of training methods that increase intuitive awareness of error, best action, and danger. This training will almost eliminate computer users errors, reduce software development costs 5%+, reduce bugs, increase the rate of invention, the possibility of breakthrough discoveries, and improve R & D in all fields. Study groups doing Tai Chi, Aikido, and Meditation had 98% and 99.7%

This will improve the viability of cultures, ecologies, and corporations. All actions of governments and corporations need to be studied and planned for their effects on long range survival of ecologies, people, and all life. Why ignore using science to prevent and correct problems???

Examine why HP didn't use their tremendous engineering design reputation in instrumentation to market their excellent computer products. Many specified their instruments. They were the best in the industry for many years.

less accidents, 96% to 99% less errors on the job and in life. Help get this training required for all drivers, pilots, students, software developers, sales, tech reps, and R & D. This will reduce violence in schools and cultures. People that do not internalize stress will tend to be non violent, and are less likely to be criminals. Kennedy U teaches Holistic Health, Transpersonal Psychology, and Imagery NeuroLinguistic Programing. NLP

permanently eliminates the internalization of stress in three to ten hours in most cases, one day. Other schools teach these tools. Transpersonal Psychology improves therapists and security abilities.. Victims of childhood trauma, violence, war, rape, accident, fire, crime, losses, and other disasters heal completely and quickly. We can heal most perpetrators with Holistic Health. Add intensive work with Energy Healing for difficult cases. There are ten + methods to

Buggy and incompatible software costs business and countries billions of man hours and dollars. Downloads with no or inadequate info on purpose, value, and megabytes waste time and drive space. Microsoft's errors are costly. I challenge the industry to develop and publicize a consumers research internet file and booklet on defective and incompatible hardware and software. Require that all downloads be labeled with compatibility, size,

We expect that the impact on world leaders of learning that Holistic Health studies show that a complete program working with people as integrated Holographic Mind Body Energy Field Spirit Sub Systems can heal everything and prevent most problems will make it possible to correct all 19 errors in education, creating sane societies. This will reduce software development costs 5%+, improve research results in all fields, and reduce costs in many areas. Improve educational systems to gain better hires, as 12 errors in formal education, 7 in informal Ed, are expensive.

and purpose information. Pac Bell Internet tested modems, rated them green, yellow, or red. They knew the Archtek modem I had was incompatible with Windows. It was unusable.. My provider was blaming my failure to connect on phone line and computer problems. A new modem worked well on the same computer and phone line three years later.

still ignores the lessons of history, even with many books on history and sociology about cultural errors and the suppression of innovation and ideas today and throughout humanities' history. The history of governments including ours is that of acting against the needs and best interests of their citizens and ecology, favoring Vested Interest

establishments and pressure groups. Financial power overrides the needs of people and planet. This is aided by cultural blind spots, the Vested Interest Syndrome, 19 education errors, political and media ignorance, arrogance, greed, and illiteracy in history, sociology, and science. All firms, educators, and governments need workshops on the forefront of science and human knowledge. Decisions made on faulty data bases are increasingly expensive. The total costs to

Holistic Health has now been proven valid by 25 studies in 19 countries. Examine many studies to gain an overall and more accurate view. India integrated Holistic Health into all medical schools. Our USA failure to integrate Holistic Health is illegal, violating both Human Rights and Civil Rights, and killing thousands unnecessarily early daily. India and the Netherlands have been more effective in evaluating Energy Healing, which works with the body as an energy system that physics proved is a Hologram, flickering in and out of existence. Lab instruments show Acupuncture Points, Meridian Lines, and Chakras. There are 42 university studies since 1956 agreeing that Energy Medicine is effective on all mental physical health problems without exception, on almost all people, when effective healers are persistent.

corporations, societies, families, children, and individuals of our failing to use all that humanity has learned to prevent and solve all of our problems is tremendous. Ideal risk management practice requires using all of science and carefully examining all information that disagrees with mainstream establishment concepts. It is often accurate. Assume that our geniuses are usually correct. Examine all of the evidence.

There are 52 studies since 1947 finding that Energy Healers can eliminate all viruses, bacteria, prions, mold, and fungus. The Netherlands licensed Energy Healers in 1947. Most of their MD's work with Energy Healers. These studies are backed by many studies of the Alternative Medicine elements that come together to create Holistic Health, with 27 recent studies of Oriental Physicians. Dr Liang missed one cancer case out of 689. He ran Herbs & Acupuncture Research Inc in San Diego for 26 years.

Energy Medicine is Applied Physics. Pyramids increase plant growth and healing about three times. Pyramids increase plant growth and healing rates three times. Pyradyne in LA makes complex pyramid type devices with a quartz crystal in the kings chamber. Their Omni Orb has 230 times more energy

then a standard pyramid when the crystal is hit by a violet laser. Get info and price from them, order through us, and we get a donation. These devices will help you evaluate energy healing, understanding that physics applies to everything, and enables a regeneration project. The Frequency of our Holographic Universe is 438.69783 times per nanosecond.

Research studies show clearly that a complete Holistic Health Training, Treatment, and Insurance System will save 87% to 92% of our illness care dollars, 56% to 68% with Natural Healing System Vegetarian Diet Prevention that cuts illness 76% to 83%! A fully scientific Holistic Health System will save over a thousand lives each day that die unnecessarily early. Spinal cord injuries, brain damage, birth defects, and all problems with sexuality have been healed. Lab instrumentation shows Acupuncture Points, Meridian Lines, and Chakras. Physics applies

You will find that the research and references on these many errors check out Talk with the attorneys and MD's on our reference list. I challenge you to gather the evidence on each area, examine it with care, and help us take those actions that will create a sane survivable world before we self destruct. Ask the geniuses in your firm and communities for their feedback. Teach employees and customers how to correct vision with Imagery

to people! Over 638 books by scientists, 85+ books by physicists, explain Energy Medicine and other phenomena.. Science describes people as MultiDimensional Holographic Mind Body Energy Field Spirit SubSystems that are completely integrated, all one piece. Researchers documented many cases of healing "MD Incurables". Most with Public Health degrees, 70%, know that arthritis, diabetes, and cataracts heal with Natural Healing System Vegetarian Diets, Herbs, and Cleansing. We seek \$300+ million to create a major demonstration of Holistic Health Healing's ability to heal all injuries, illness, and birth defects, all brain damage, vision, hearing, genetic anomalies, and all with stress internalization. Until the demo project is funded, we will work on any problem free if not healed after a short evaluation.

Major Holistic Health Centers can do this and heal most people, all problems.

and get feedback. Use "Imagineering For Health" by Serge King as a workbook. Use these concepts in meditation 1½ to five hours consecutively, one to five days perfect vision. No failure rate. Ask what their experience is with Alternative Medicine and Holistic Health Healing. This info will save money for all firms each of you own stock in, except Allopathic Medicine and Pharmaceutical based firms, still involved in RICO.

We ask the help of the corporation and each board member with ideas, staff, funds, equipment, and recommendations for our board and staff.. We plan to use geniuses in sociology, cultural psychology, and other fields to develop an optimum project design to enable creating sane, happy, healthy, productive societies that are free of violence, rape, greed, anger, and crime throughout our world. The basic tool for survival and peace is

Science has passed us by, proving wrong what we absolutely know to be so in many fields. Discoveries in science will soon enable developing weapons systems that will make nuclear bombs seem like popguns. Warming cycle studies prove that our planet can only support three billion people if we are lucky. We cut population levels rapidly, or destroy all ecological systems and starve billions. Water tables and lake levels are

We even ignore physics research showing possibilities of new power sources. Nuclear power was developed with 1938 physics. An Oak Ridge type project based on today's science would solve our power needs and develop valuable spinoffs. Articles in science journals show that we can develop new power sources from the underlying structure of multidimensional matter This can be done within 35 years for under 500 billion

correcting all 19 errors in education, 12 in formal education, 7 in informal education. We seek funds, equipment, offices, and staff to raise the millions needed for effective action. It will take over \$900 billion spent by many groups and countries to achieve worldwide success and peace in 150 years. This will assure human and ecological survival. This is now very unlikely.

dropping in many areas. Less than 50% of people have safe potable water. The ice caps are melting. Our current population level is destroying ecological systems at an increasing rate, and increasing stress, violence, and war. One half of the worlds oil is gone by 2028, all about 2100.

They aren't making any more. It is far past time to plan ahead.

dollars. Genetic research can enable growing oil for lubrication, but weather cycles, climate changes and food needs show we can't spare land to grow fuel.. Physics research offers clear possibilities of removing all greenhouse gases from our atmosphere and removing all toxins from all environments. Physics indicates that we can control weather and dampen fires with devices and trained people now. Devices to neutralize nuclear and toxic

wastes may be feasible. We seek grants, projects, donations, and partners for each of these

We are so scientifically illiterate that we aren't backing needed research in many fields, even long term human survival. Major research is needed to bring together all of the world's herbs and evaluate their effectiveness individually and together. We can develop more effective formulas combining herbs from

all cultures. We can eliminate over 90% of pharmaceuticals and 85% of Allopathic Medicine with well designed Holistic Health Systems. Using all of science on any problem is far more effective and far cheaper.

We must plan ahead for one hundred thousand years for human and ecological survival, instead of a few days. Our complete failure to plan for long term human and ecological needs is disastrous. Work with systems and the entire Holographic SubSystem in all planning and projects.

► We ask your recommendations for our board and advisory board. Call me about references and evidence sources in each field. Use all of the forefront of science to aid your firm's effectiveness. Examine the expensive failures to recognize and use our geniuses many discoveries. Let us begin helping people, cultures, and business with the forefront of science and human knowledge. We either create sane effective peaceful survivable societies, or continue our headlong rush to destruction ensuring a very troubled future for the few survivors.
