Project Proposals, Scientific Method 2000 AD, Whistle Blowing, Grant Proposals, +++

October 6, 2004 March 15, 2007

Dear Director, All Committees, Grants, & George Soros,

Geniuses Solutions In Science For People, Business, Ecology, Governments, Human Survival.

➤ Albert Einstein “Reality is merely an illusion, albeit a very persistent one.” Those who fail to learn history are doomed to repeat it. Those who fail to learn history correctly are simply doomed.

➤ I write with many agendas. Whistle Blowing Proposals, Research Projects, Business, Grants, World Peace, Holistic Health, Insurance, Safety, Education Projects, Human-Ecological Survival.

➤ Geniuses identify 35 cultural errors, omissions, and fantasies in our culture and most others.

We Seek Grants and help to publicize info non profits, media, educators, corporations, and governments are missing that would enable correcting all of the actual basic causes of our many problems as an integrated sub system. Major goofs by government are being ignored. The info we gave DoD’s Chief Of Staff Powell and handed to an FBI agent in 1992 and others since would have enabled preventing 9-11 and other attacks. Both failed to address training errors and omissions, and discounted the proven fraud in health care. ➤ An FBI Senior Advisory Special Agent on Financial Crimes says he can’t get them to listen to his ideas for improvement. He says FBI CIA are unable to consider new to them info. Military, security, police, drivers, families, women, and kids need the Safety Training to save lives and equipment, and the Cultural Psychology info. Both still ignored. The 9/11 commission failed to consider Geniuses info on the basic causes of failures and errors.

➤ Cultural Psychology studies on Institutional Blind Spots, the Vested Interest Syndrome inherent human habit of psychologically discounting any info that conflicts with their mind set are still

ignored. Only 4.6% can consider any new to them info that conflicts with their Mind Set. Habits of thinking in well learned patterns keep institutions from considering new info. This causes almost all problems in all cultures throughout history, today as in the past. We are still the same people.

►How & Why to Arrange for a Demonstration of the Bible's Burning Bush Story.

Cultural Errors offer many business and education opportunities. ►Homeland Security is closed to research info that they need to improve their effectiveness. DoD ignores 23 errors, omissions, and fantasies Geniuses identify, even Cultural Psychology studies of Islamic societies and 32 safety training studies. Human's Inherent Habits of discounting and ignoring any new to them info that conflicts with their mind set, belief systems, caused these failures. This has been well studied and is explained by Cultural Psychology research on the Vested Interest Syndrome. ►Only 4.6% can

consider new info that conflicts with their beliefs, mind set. Establishments given new conflicting info discard it, ignore it, distort it, hide it, and even create false info to buttress their position. Vested Interests are making government decisions in most fields resulting in short and long term problems and actual disasters for babies, children, women, men, culture, ecologies, environment+. Education's 19 errors create more problems, 12 in formal Ed, 7 in informal Ed.

►Our summary of geniuses research will help nonprofits, improve your businesses, aid R & D, offer new product and research projects, increase the rate of invention, improve effectiveness of firms and people, reduce errors and accidents 98%+, reduce illness care costs 87%+, reduce illness 76%+, permanently eliminate stress internalization, heal all

problems, and aid all employees and board members. Most firms fail to use training in cost benefit and systems analysis, long term planning on the effects of decisions and actions on people and ecological systems, Active Listening, NLP stress elimination, Transpersonal Psychology, and Training that will increase both creativity and sales.

►Whistle Blowing! What If Our Geniuses Are Right? Study summary of Geniuses Info on our Web CD. Honest Evaluation of these summaries of Geniuses research requires reading key articles.

►”A Basic Cultural Urgent Problems, GIGO Data Bases” Media NYT, Media Ethics, Education, Libraries, Scientific Method, Agriculture, Govt, Safety, Security, Fix, ACLU, Peace, Military, Health Enhancement References, etc. Examine our Web-CD’s 150+ documents very carefully. Examine evidence. Check references. Help with Whistle Blowing and Our World Peace, World Health, Long Term Human Survival, Education, and Science Projects.

►Back 23+ new State of the Art non profit and business projects.

Serendipity Association seeks funding for many projects. The President’s Health Committee 23 person study of Holistic Health reported it valid in 1997. They recommended integrating Holistic Health to save lives, suffering, and Billions. Their report was suppressed. Holistic Health Systems will enable reducing costs of health care 80% fairly soon, 87% to 92% eventually, healing or preventing all problems for most people. ►We seek backing for a major demo of Holistic Health’s ability to heal all problems of stress, injury, illness, birth defects, genetic anomalies, as everything except political stupidity is proven

►Holistic Health Training and Insurance Systems will enable insuring everyone for far less than 50% of what we pay now. Let’s solve budget problems. Attorneys who studied the MD’s 1838 to present war against Alternative Medicine say that everyone has a winnable lawsuit against the MD system for RICO, Theft

curable by 25 studies of Holistic Health research. The impact on world leaders of learning that they have been given false info on health, healing, prevention, safety, agriculture, future crop yields, and long term human survival may make it possible to correct all twelve errors, omissions, and fantasies in Formal Education and Seven in Informal Education. This will create peaceful, effective, survivable cultures. These failures aided in our ignoring research on training to eliminate accidents, available in our culture since at least 1900, in a journal in 1938. The 32nd study was reported in an AP article on 7/87.

All elected and hired officials are criminally liable.

Research Projects: ►Create a major project to develop new power sources from the underlying structure of matter with an Oak Ridge type project based on today's physics. Science indicates that this may be solvable. The many spinoffs will be very profitable. Science indicates that this may be solved within 60 years and \$1.5 Trillion. This is urgently needed with all oil gone by 2100. Spin offs will pay for it.

►Back a long term World Peace project. When we correct all 19 education errors, omissions, and fantasies, we will have peaceful societies and world. When world leaders learn

►NeuroLinguistic Programming Imagery eliminates stress internalization permanently in three to ten hours for all victims of loss, violence, war, rape, accidents, fire, torture, bullies, and childhood traumas.

Physics indicates that we can succeed in many other needed projects. These include improving safety and security, solving regeneration, devices to neutralize nuclear waste radiation and toxic wastes, weather control, and fire damping at a distance. There are 638+ books by scientists, 85+ by physicists, explaining why/how each of these projects is feasible with the forefront of science today.

that the 1838 to present war against Alternative Medicine suppressed science in health, resulting in their being given very incorrect info on health care, healing, and prevention, correcting the

worlds education systems and planning ahead for long term survival may be more possible. A Holistic Health Healing and Longevity Center will heal bodies, minds, attitudes, and emotions. This will heal all of the habits that lead leaders into theft, violence, and war. We are an integrated part of a MultiDimensional Holographic Universe. We can create Holistic Health Centers that can work with all mind body health problems on a free if not healed basis, and not lose money. ►►Energy Healing

HHS still suppresses Holistic Health research, even info on herbal ointments that eliminate breast and skin cancer for 98%, and why Dr Liang, an Oriental Physician, Herbs and Acupuncture Inc, missed only one cancer case of 689 in 26 years here. Many Oriental Medicine Dr's are this effective at healing and prevention. Examine the world's studies.

►Political failures, payoffs, and coverups are far worse then have been publicized by political campaigns and media. Our Web info covers 23 major errors and omissions in military and security, 19 in education, 7+ in agriculture, and the 35 cultural errors, omissions, and fantasies geniuses identify in our culture.

other reports??? The editor of Science mag is involved. HHS replaced birth control and condoms with abstinence for STD prevention and birth control. Experience and research proves that increases infections and pregnancies. The rhythm method fails often. HHS removed condom info from their "Education" pages. Eleven agencies falsified data on environment destruction, health care, pollution of air and water, education, and more, reported in 2004 March 49 page and July 33 page reports. We ignore research on weather cycles, business cycles, and other cycles. Overpopulation is genocide of 100 to 200+ million this century, six billion 2100's-2400's. Population density is a factor in violence and war. Politicians and religions keeping us out of international population control directly caused

the starvation of 8 million of the 18 million that starved since 1890. ► We use oil for agriculture. The world's oil is gone by 2100, yet Bush kept us from requiring fuel conservation in vehicles and all other areas. Urgent--require all vehicles to be hybrid or better, 70+ mpg. Allow no low mpg vehicles sold to any who can't prove the need for a truck. All buildings need to be straw bale construction when feasible, with triple

Bush's primary agenda seems to be the transfer of public money to the private sector's wealthy, and offshore USA loan holders. Bush and Ashcroft propose and use fascist methods similar to those Hitler used in taking control of Germany. His buddy buddy orientation and right wing religion actions and habits are costing the country far more than has been publicly noticed. ► Anti abortion is manslaughter of those women that still die in pregnancy and birth. Medical schools say it's ten times safer to have an abortion than pregnancy and birth. Deaths range from one in six in one culture to one in 2700 pregnancies.

► Anti abortion is genocide, aiding population

Biowarfare solutions are suppressed. Radionic devices are proven effective by 16,000 farmers and USN research. They eliminate any insect pest, virus, bacteria, fungus, or mold in

Require the use of Psychotronic devices in buildings and cities. Most buildings built now will still be here when we are out of oil, with all fossil fuels gone soon after.

increases, resulting in more starvation. Millions soon, billions in the future if we fail to reduce populations to less than two billion soon, and to 500 million when we are out of oil by 2100. Weather cycle studies show clearly that we are at the end of 265 years of better crop weather. We will have worse crop weather with global warming than any in recorded history. The ocean level is rising. Plan for an ice age within 368,000 years. Study our political critique, reform, and other proposals. Make all decisions as if humanity will be here for over 100,000 years, not ten years. Perhaps we should Plan Ahead for the first time in history???

Radionics. There are 638 books by Scientists, 85 by Physicists, explaining this type of phenomena. People feel physics research can't possibly be right, so Agriculture, State Department, and DoD discount and ignore them. Seven manufacturers survive. See our Agriculture report. Military spent over \$195 million on top secret psychic research thru 12/2001, as the first \$50,000 found the field valid. They failed to use research that could have prevented 9-11 and solve many of our problems IF it was used. USA

fails to use grads in Transpersonal Psychology.

The best are able to identify criminals or bombers in crowds or even at a distance. They ignore our proposal to use Holistic Health's proven ability to heal all personnel, to solve regeneration, or to use the safety training to drastically reduce accidents and errors. Security advisors, State Department, media, and politicians ignored our summary of geniuses info. ➤ A Whistle Blowers Nonprofit is

➤ Military, State Department, CIA, FBI, Homeland Security, and other government agencies are failing to use the research on the Cultural Psychology of each culture and sub culture we deal with. All major cultures have been well studied. Using research on the lessons of history and the effects of language, religion, education, culture, and subculture's effect on thinking, attitudes, emotions, and probable

➤ The actual cost of spending money on credit has not been addressed. What are the total costs of spending money we don't have, borrowed money, while ignoring our many needs? Trade Imbalances result in offshore money buying US property, shifting an increasing percentage of USA ownership into foreign hands. What is the long term results of this? Trade acts injure us when they end up

urgently needed. An Offer of rewards with protection, new job, relocation, education, and anything else needed to encourage Whistle Blowers would come up with much more info. We would do far better in all countries and in ours by using all of science, the lessons of history, and all human knowledge.

with our citizens competing against Slave Labor, Child Labor, people making less then \$2-\$12 per day, with no health care, safety, or environmental protection required. There is no level playing field for our citizens. Outsourcing jobs and new technology creates even worse conditions for our children, families, and adults. The trade bills are damaging us badly now, moving our wealth offshore, destroying our

future, and increasing the rate of environmental destruction world wide.

► When government money is used for new product and new business research and development that creates profit, the taxpayers should permanently own a large piece of the patents and business.

► Military contracts should be at actual costs with limited profit, no high salaries, and public ownership of all patents and processes.

Use “Crimes Against Nature” by Robert Kennedy jr with much info that will help remove right wing politicians. Many actions of this Bush Republican administration violate the Deceptive Practices Act, the Constitution, and laws against Manslaughter. Are they actionable under law??? Impeach able? Both parties and government management act against our citizens in many ways.

► A DC insider at a meeting told me that Bush started the Kuwait war at that time to gain power and ensure winning elections. He was going to show his dad that he could do it better.

► Fund our urgently needed Reeducation R & D Projects. Somebody “Out There” didn’t come in and create all of our many problems. Our grads created them. When we correct all 12 errors, omissions, and fantasies in our formal education system, and all seven in informal education, we will have a sane society. When we do this world wide, we will have a peaceful

world that will plan ahead for long term human survival. Nine cultures studied were free of violence, rape, and crime. Humanity has the knowledge to do this in all cultures. This is far cheaper then the alternatives.

► We seek funding for Serendipity Education Systems major projects to create effective multimedia reeducation materials on the

forefront of science, knowledge, why we ignore it for generations, and the lessons of history and sociology for all leaders, corporations, educators, governments, and citizens. All Grads need to understand the implications of Paradigm Shifts and each of the 46 scientific discoveries that discarded the mechanistic world view, cause effect relationships in a MultiDimensional Holographic Universe, the extreme urgency of very long term planning, weather cycles, business cycles, cost benefit analysis, systems research, and the very costly and destructive effects of making plans and acting on incomplete or false info. Educators teach info known to be false as if it's true. Over 450 species are identified by zoology with homosexual populations. Science proved the Creators design of humans is 7% homosexual and bisexual, and 1.3% non sexual. Lies cause violence, murder, and a four times greater suicide rate of youth when they learn they are designed homosexual. IRS regulations seem to require that all non profits and religions giving false info on homosexuality, aiding manslaughter of women by forced pregnancy, and aiding genocide by increasing populations

►► The Cultural Psychology info on the Vested Interest System needs to be well known and fully understood. Everyone needs to know

must lose tax exempt status. Can they all be charged with crimes for aiding manslaughter?

► Educators are very guilty of acting as coconspirators. How can they ignore Physics, Business Systems Industrial Engineering, and University research proving major errors in their own social and education systems. They are the foundation of knowledge for all cultures.

► Back the creation of and offer programs for all leaders on all of the actual costs and long term effects of using violence and war, effects of greed, and on the many ways actions against people, homes, buildings, and ecological systems destroy cultures and humanities' future. This info is urgently needed. Teach all how cultures work or fail to work to meet the needs of children, adults, and ecologies, cost benefit analysis in terms of all elements of social systems, the long term effects of decisions and actions, why prevention is cheaper in terms of money and human costs, and why it's far more effective and cheaper to correct all of the actual basic causes of problems as an integrated system then it is to work on symptoms for another ten thousand years. Failure to change will destroy our already risky and uncomfortable future.

that only 4.6% of humans can even consider new info that conflicts with their mind set. This is a major factor in why we address symptoms

while ignoring the actual causes of problems and interrelationships. It's urgent to apply education methods that offset this inherent designed in habit of humanity, as it's a key factor in why people retain and act on info long proven false. Bringing together the worlds' geniuses in all fields to integrate their discoveries and info as a complete system will make this reeducation project feasible. This program will utilize all five

of the ways people learn, eliminate stress internalization, teach safety and error reduction, cause effect, all of the factors to enable learning, creativity, long term planning, and aid world peace and human survival. Help jump start Serendipity Educational Systems to reeducate humanity.

Call me re references, evidence sources, and actions needed to apply geniuses info to prevent and correct our many destructive problems in political systems, cultures, and corporations.
