BUSINESS & GOVERNMENT RE: CRIMINAL NEGLIGENCE

► PROPOSAL-USE ALL OF OUR GENIUSES INFO-AVOID ERRORS & LOSSES--APPLY ETHICS

Our Web-CD 150+ Articles-Geniuses Info. References, Evidence Sources. 35 Cultural Errors, Omissions.

► Government & Media fail to Check Evidence & References. Geniuses Data Is Valid!

March 15, 2007

► Albert Einstein “Reality is merely an illusion, albeit a very persistent one.” Those who fail to learn history are doomed to repeat it. Those who fail to learn history correctly are simply doomed.

All educators, corporations and governments are dealing with a data base that our geniuses’ discoveries in many fields have proven to consist of incomplete, unscientific, distorted, invalid, fallacious, and even quite false information. I propose that you collect and thoroughly examine the evidence. Then aid in the creation of Reeducation Programs, and take workshops on, the forefront of science and human knowledge. This will enable you to base your decisions on accurate information in all fields. Military investigators failed to investigate DoD’s 23 errors: failure to use the state of the art, health systems crimes, failures to use safety training research, error reduction, contract errors, etcetera. Correct Cultural Blind Spots that suppress the forefront of science.

We even ignore that Physics today requires Seven Elements of a New Scientific Method, required by physics proof that all we work with, including us, is a completely integrated Holographic SubSystem of a MultiDimensional Holographic Universe SubSystem, with a frequency of 438.69783 cycles per nanosecond.

The 12 errors in formal education have aided the retention of cultural blind spots and continuation of humanities inherent habit of ignoring our geniuses discoveries and research for

many generations. As a result, corporations, governments, attorneys, courts, and even the Supreme Court are making decisions on the basis of information long proven false. Geniuses discoveries offer many still ignored opportunities for new products, services, cost reduction, R & D, and businesses.

Our legal system, governments, educators, and corporations need accurate data for all decisions. Our culture is damaged by many false assumptions caused by establishment brainwashing. Cultural conditioning is proven to be hypnotic in character for 95.4% of people.

Results--We still ignore:

Safety studies showing 98% to 99.7% less accidents and errors in 32 study groups then in the control groups. These have appeared in USA literature and media since 1938.

Homosexuality--Biologists and zoologists studying species sexuality found that 450 species have a percentage homosexual. There have been many studies in the literature since 1947. Failure to tell the truth on this causes violence, murder, and 4 times more suicide in homosexual youth when they find out.. Our Creator designed humanity 7% homosexual and bisexual, 92% heterosexual, some nonsexual. Educations failure to teach all aspects of sexuality creates problems for all.

Eight Attorneys I called report that MD Allopathic Medicine Systems Violate Civil Rights and Human Rights. The MD war against Alternative Medicine started in 1838, and is reported in 212 books. These show fascism used to suppress science in health. The AMA was found guilty of conspiracy, restraint of trade, and antitrust in 1987. The ongoing suppression of Holistic Health research has resulted in theft by deception, criminal malfeasance, and manslaughter. This is RICO, an ongoing crime against all people and budgets, killing people daily unnecessarily early, even boards, management, and their families. Holistic Health has been validated by 25 studies in 19 countries since 1975, proving that injuries, illnesses, vision, hearing, and birth defects can be healed.

A Holistic Health Drug Rehabilitation System will permanently eliminate all addictions in 99%+ of people. Energy Healing has been proven effective on all mental and physical health problems by 42 university studies since 1959, with 52 studies since 1947 proving that Energy Healing eliminates all virus, bacteria, fungus, and parasites. Energy Medicine will heal all neurological problems and birth defects, healing almost all kids and adults in special education programs and mental health facilities. These tools will heal all victims, perpetrators, sex offenders, and almost all other criminals. India adopted and has completely integrated Holistic Health into the medical schools. European countries are considering Holistic Health. This will save 80%+ of health care dollars, with 37 studies finding 56% to 68% savings using Natural Healing System Vegetarian Diet Prevention. Stress removal with NLP and ten methods of staying free of the internalization of stress reduce errors, accidents, illness, and increase creativity and learning. Correcting all of problems actual basic causes, systems relationships, and using all elements of prevention is always far cheaper. Examine the legal liability of all medical practitioners, insurers, management, and governments.

Sane cultures would apply prevention to all problems. We have failed to do this with any of our major problems. When we correct all twelve errors in formal education and seven in informal education we will have a sane society that is free of violence, rape, crime, drugs, and works on the basic causes of all problems instead of the symptoms. Unless we do this now, humanity's survival is badly compromised. Plan ahead for 100,000 years! Our educational systems are an ongoing crime. Our graduates, not outsiders, created all of our problems. Read our education critique.

We even fail to teach the many lessons of history and herstory, and the suppression of innovation throughout history, today as in the past. Only 4.6% of humanity can actually consider any new to them info that disagrees with their mind set. Establishments and individuals given new info that requires changing their world view ignore it, discard it, distort it, hide it, or even create

false information to buttress their position. Corporations, universities, researchers, security forces, courts, and governments need to be aware of this well researched data, and what has been suppressed. The history of USA and most countries is of continuing actions against most citizens to favor the powerful. This is covered in some sociology and history texts, but ignored.

World peace is now feasible. A Holistic Health Longevity Program heals attitudes, emotions, mind set problems, addictions, stress, and all mind body problems. Energy Medicine heals birth defects, and even corrects brain wiring and brain chemistry problems that are involved in war and crime. These tools can heal all world leaders of the habit of using violence to solve problems. Teaching all leaders about the seven major catastrophes facing humanity and how cultures work may help change destructive habits.

Call me to go over references and the best sources of evidence in each field. You need the expansion of information about each of our 35 cultural errors, omissions, and fantasies, the implications of Paradigm Shifts and the 46 scientific discoveries that created them, discarding the mechanistic world view by 1907, to consider and act on these charges against managements and our culture. Can all leaders in government, military, media, education and corporations that have been advised of these crimes be held legally accountable for aiding manslaughter, theft, and an ongoing massive waste of resources and lives? Attorneys report that elected officials are legally liable for aiding manslaughter. Can we work together to solve and prevent these errors and illegal actions that are ongoing crimes against our people and our governments? Challenge—Collect and examine the evidence. I offer you easily validated information. Save \$\$\$\$ and lives now by using geniuses' information and services. Gain many opportunities for research projects and products by using all of science in all you do.

Sincerely, Dr. Douglas C. Hemstreet CEO
