Dear Chief William Lansdowne,

San Diego's financial problems causes and solutions are shown in our summary of geniuses info. Management's inability to examine and use the forefront of science and knowledge is seemingly criminal when it results in injuries, unnecessary deaths, and tremendous waste of taxpayers money. The Deceptive Practice Act is violated. Geniuses info will enable public safety organizations to almost eliminate anger, depression, suicide, divorce, stress disability, and even correct the mind set that causes officers and staff to make wrong decisions. Aikido training enables officers to disarm opponents safely of all non gun weapons. AMA was found guilty in 1987 of conspiracy, restraint of trade, antitrust. Attorneys who studied the suppression of Alternative Medicine add RICO, Theft by Deception, Criminal Malfeasance, and Manslaughter. Can you act to stop manslaughter, fraud, waste, abuse, conspiracy, and these many actions against science and sanity that are so destructive to people and budgets? If you can't, who can? How can we get these damaging actions stopped? Justice delayed is justice denied. In these instances, delay is deadly.

Sincerely, Dr. Doug Hemstreet CEO

Do you plan an investigation of this well proven info that will save you and San Diego money and lives??? Geniuses research and attorneys report easily verified ongoing crimes in the war against alternative medicine and failure to us 32 studies of safety training. How can I help you to correct internal errors and stop these crimes and criminal negligence? Good business practice requires carefully checking references and examining evidence. I request that you do this carefully, and advise all Public Safety, Security, DoD, FBI, CIA, Homeland Security, Government, and other Professional Associations that this info is accurate. Stop the crimes in our city, and help stop these crimes and negligence in California and USA. Failure to act aids these ongoing crimes and criminal negligence. Greed and arrogance keeps cultures from using the forefront of science and knowledge. Help get states to require the safety training for drivers and all students. Let's get the blood off the

highway and the violence out of our schools and culture by using proven education tools that will do this. We can reduce crime and violence drastically by addressing all of the actual basic causes and using all of our geniuses info, instead of discounting any info that conflicts with our mind set. I expect your help to save lives and budgets for city, county, state, and nation. Read my Security 9-11 proposal, Education, Scientific Method, Agriculture, and many other documents that will help you. We make better decisions with an accurate, scientifically based data base.

All fire, police, military, FBI, CIA, and Homeland Security need to be aware that the info we gave you is accurate. Our countries's security and safety is damaged when we ignore the forefront of the state of the art in many fields, and the inherent psychological discount habits of humans.

My serious Whistle Blowing and business proposal deserves an answer. Evaluation of scientific research requires examining evidence and checking references. Do the obvious. Tell employees of police, fire, and city how to correct Vision and Stress with Imagery NeuroLinguistic Programming. Offer them a book at cost. Ask for feedback. Ask all of their experience with Alternative Medicine, Holistic Health. Ask what they know about Aikido eliminating accidents and increasing intuitive awareness of error, best action, danger, and creativity. Ask to talk with the 1% that can see Auras, and those with psychic talents. DoD researched psychic phenomena, found it valid, spent \$195 million through 12/01. Evaluate the information you gather from people. Add info from advertisers in the two new age publications in the county, Vision Magazine and Light Connection. Examine the world's research in each of these fields. Get the info on the Cultural Psychology studies of the many sub cultures you encounter. This can be used to prevent errors in dealing with people with different world views. Everyone dealing with public safety and security issues needs this info. We even fail to use the Cultural Psychology info on Islam. Use NYC Imam Feisel Abdul Rauf's "What's Right With Islam" pub 2004 to improve relationships with Muslim communities. Set up a resource center with the cultural psych info on each culture and sub culture you encounter. Mine the professors and researchers in California's universities.

Please advise—How can we address these areas of crimes and negligence? Inaction is a coverup of actual crimes and actions against babies, kids, all people, and budgets. Be famous for using all of science and Whistle Blowing.

Sincerely, Dr. Doug Hemstreet CEO

September 8, 2004 letter. Rewrite September 20, 2004

I enclose rewrites and new documents. Have you assigned the task of gathering and examining evidence, and checking references on actual crimes against your department's people and budget? Assign one who is widely read, understands today's science, and who doesn't discard new info that conflicts with their Mind Set. Study the Vested Interest Syndrome research. You can get additional attorneys names who are knowledgeable about the war against Alternative Medicine from the major associations in Alternative Health fields, Bastyr University, and other groups on our reference list. The evidence shows ongoing RICO, theft by deception, criminal malfeasance, and manslaughter. The MD's paid Congress under the table for 82 years to gain absolute power over the health care field. Absolute power corrupts absolutely. MD's still lose licenses, put out of business for working successfully with Alternative Medicine. The AMA was found guilty of Conspiracy, Restraint of Trade, and Anti Trust in 1987, and lost their appeal. Eleven other MD associations settled out of court. This showed only a small tip to the iceberg of anti science actions by the MD Mafia type war against competition. The MD attitude that "All Alternative Healers Are Quacks" , "Only Pills and Surgery Are Scientific" has proven deadly and expensive.

Call me on these ongoing crimes in health and safety, criminal negligence in training, education, safety, security, and government. Go over the references, and evidence sources. Note that people's false and incomplete info is a major factor in violence and suicide. Suicide increases four times for homosexual youth because of suppression of zoology and biology research, and of the basic causes of our many other problems. These seem clear cut violations of the Deceptive Practice Act. Why can't educators be charged with aiding crimes by their lying about homosexuality, and their failures to correct 12 errors, omissions, and fantasies in education systems? Research in Sociology and Education proves that we can eliminate all of the causes of crime, violence, and rape.

The safety training is urgent. A well designed program will increase creativity, intuitive awareness of best action, error, and danger, almost eliminating accidents, and reducing the possibility of being attacked or shot. Help get this required for all drivers and children. Add cultural and social psychology research info on subcultures and teach Active Listening. Use the 1% of people that can see Auras to improve effectiveness in solving crimes. Obtain and use Pyradyne's Laser Omni Orb unit for training and research, increasing understanding of our Holographic universe,

improving training, and clearing Chakra distortions. Physics applies to police, staff, and criminals. I will contract to buy the unit from you if you don't find it valuable, and it's ordered thru the Serendipity Association at Pyradyne's quoted price.

Victims and survivors urgently need the info on books teaching Imagery, and on therapists using Imagery NeuroLinguistic Programming to permanently eliminate the internalization of stress within three to ten hours in most cases. Why is this info being withheld by almost all of those working with victims? Imagery can be used to correct vision and other problems in one to five days. Most amateurs can get books and work with each other to eliminate stress and correct health problems without the PhD's. A Nobel Prize winner in Physics says that everything is Mind Stuff.

Can MD's and MD based institutions, educators, media, non profits, religions, government hired and elected officials aiding and abetting these crimes with false info and actions against people that result in suffering and early death be charged as coconspirators with theft, violence, and manslaughter? Failure to give accurate info on Holistic Health, drugs, alcohol, tobacco, safety, and homosexuality is a direct cause of death. We fail to teach and publicize that Zoologists have identified over 450 species with homosexual populations. False info violates our constitution and conspiracy laws, directly resulting in promoting violence, murder, and suicide. It's illegal not to allow gay lesbian marriage. IRS regulations for non profits and religions would seem to require that both lose their tax exempt status for giving false info on homosexuals and on health. Can all involved in these damaging lies and cover ups be charged with aiding manslaughter?

I moved 3000 miles to San Diego when the San Diego Union Tribune managing editors office told me that correcting mistakes meant that they would check references, examine evidence, correct errors, omissions, fantasies, tell the truth, tell the whole story, make sure that establishment's info hadn't been proven wrong by scientific research. I was told yes, that's what it means. They won't do this. This would enable us to get backing easily. When they give false info, it is much harder to reach donors for projects. Can I report this as a crime against me, the Serendipity Association, and all of those injured by their refusal to examine and act on well researched info??? Their failure meant that I couldn't get Holistic Health care from Medicare when I was injured in a bike car accident.

These failures have caused many unnecessary deaths. Most kids and adults would avoid accidents, attacks, and kidnaping if they had training in Tai Chi, Aikido, and Meditation. This training will keep girls and women from being raped and reduce violence, alcohol, and drug use considerably. Neither media editors or reporters have bothered to even consider the info on evidence sources and references we sent them, or the errors and omissions we have called to the attention of reporters and editors. I expected to be able to get backing for research on Radionic devices to get world coverage from a single location and for the Serendipity Association easily with an honest newspaper. I needed their support to get projects funded, as I moved here on a broke retirement budget due to my failure to sell my Alcor Battery after burning out and losing my model, and business losses.

One business man checked our data and promised us funding when he collects on a contract. He was surprised to find my data was accurate.

I can help you stop these injuries to your people and budget. I value my time greatly. I will work with any person free if not healed of stress, vision, injuries, illness, neurological and brain damage, birth defects, and genetic anomalies. Physics proved that matter is indeterminate, mind stuff, that we and all we work with are MultiDimensional Holographic Sub Systems. When we require training for drivers and students that is proven to reduce accidents and errors 99.7%, increasing intuitive awareness of error, best action, danger, and creativity, we will reduce crimes, violence, rape, greed, and correct major factors in our culture's and world's problems. People that don't internalize stress are more creative also. Crimes against people and budget in this city, state, and nation continue to injure and kill many. It is far cheaper to correct basic causes of problems.

Will you investigate these many ongoing crimes in San Diego, and help get national action?  
Is there a workable procedure to get these crimes addressed and stopped in our culture now?  
Can we work together to address these issues, save lives, money, and balance budgets?

Sincerely, Dr. Doug Hemstreet CEO Founder
