Chancellor Marye Anne Fox & Marsha Chandler,

Re Civil Rights, Human Rights, Ethics, Law, Crimes, & Risk Management.

We have advised you of Civil Rights violations, actual crimes, criminal negligence, serious negligence, and failures to act ethically in the UC system. I asked you to be honest. Law, Ethics, and good Risk Management require that management examine evidence and check references on crimes and errors. ► What is your legal liability for ignoring evidence and references proving crimes and failures in UC? Ask your attorney to talk with the attorneys on our reference list, examine our data on system failures, check references, and advise you of your risks, and the costs and damages to universities and cultures in these many failures. The very damaging results appear in newspapers and government errors. ► Why assume that university research and professors can't possibly be correct??? Examine the implications of Physics discarding the mechanistic world view in 1907. ► Apply Science Based Critical Thinking. Act AS IF Women, Children, Babies, and Human Ecological Survival Are Important.

► Albert Einstein “Reality is merely an illusion, albeit a very persistent one.” Those who fail to learn history are doomed to repeat it. Those who fail to learn history correctly are simply doomed.

I asked you to stop internal crimes. Your very odd letter indicates that you failed to read my letter, much less the articles on CD. Set up and publicize a Whistle Blower's Reward and Protection system in UC. This will enable finding financial errors and cultural errors that cause problems. Ask professors and students to advise you on errors they notice. Ask them if our summary of geniuses info from many fields is accurate. Teach them Vision Correction and Stress Removal tools. Ask for feedback on their results. Ask for their experience with Alternative Medicine and Holistic Health. Learn why 25 studies and the President's Health Committee 23 person study in 1997 all find Holistic

Health valid, with 87% to 92% savings and the proven ability to heal all problems, even genetic errors in students and faculty. Science applies to people. Instrumentation does show Acupuncture Points, Meridian Lines, and Chakras!!! Examine the data in this county, state, nation, and world on the forefront of science and knowledge. The many victims of rape, violence, war, accidents, fire, and loss on every campus urgently need the Imagery NLP info. Why withhold it from them? All students, faculty, and staff need the safety info to avoid violence and accidents. Tell everyone how to increase safety and health. Heal and prevent alcoholism, drug, and all addictions using all of science.

► Ethics requires that you act on your Professor's Saier's info on Earth's maximum population carrying capacity of only 500 million from 2100 on. We both have this figure in our writings. This well proven data shows we will starve 70 million in this century, Six Billion 2100 to 2400. Weather for crops will be far worse then it was for thousands of years. ► No oil for agriculture will create tremendous disasters. All students, faculty, and alumni need all of this data.

Why not act to reduce the genocide of most humans??? Do laws against genocide apply to all who could act and fail to do so??? Bush is guilty of genocide when he stopped USA from aiding international population control. All promoting anti abortion are promoting both genocide and the murder of those women who die in pregnancy and birth. Abortion is ten times safer.

Why are you against getting honesty and sanity in education and government? Get feedback from many sources to correct serious errors and crimes. Advise all of how Physics applies to all fields, and proves there are seven elements of the scientific method. Read my article on this.

Why not tell your people how your professors teach NLP Imagery to permanently eliminate stress internalization in three to ten hours? Heal those stressed and all on stress disability.

► Stop fraud waste, and abuse in your university. Management is legally liable for aiding and abetting crimes in any institution, even government.. Eight attorneys tell me that all have a winnable lawsuit against their MD health care system for RICO. They say elected and hired officials have no immunity for aiding manslaughter. Talk to the attorneys on our reference list. False assumptions are costly. Anti Science Anti History management is deadly to people and humanities's future.

Will you act to stop crimes and negligence in your university? Why ignore and suppress info from professors teaching NLP for permanent stress removal in three to ten hours, one day???

Sincerely, Dr Doug C. Hemstreet CEO Founder

Whistle Blowing Info on Crimes Sent August 27, 2005 ► Re Write! September 19, 2005

Chancellor Marye Anne Fox & Marsha Chandler,

Education—12 Errors in Formal Ed, 7 in Informal Ed! ► Need Bottom to Top Feedback!

Risk Management requires immediate examination of evidence of ongoing crimes, errors, omissions, and fantasies in UC, all universities, other educational systems, and human cultures. Examine the research on almost all governments and establishments actions against all people lacking power, today as throughout history. Look closely on how false info is used to promote and protect those who seek power. ► Study how 87% to 93% of those who seek power feel unloved from childhood. They seek power as a substitute for love, and usually use it destructively.

► Why fail to examine forefront of science evidence and check references proving that even good universities are aiding victimization of students, faculty, staff, budget, and education???

► Holistic Health research proves that the LA student’s Devic disease can be healed with well proven science! Rescue all students with MD incurable illness, stress, genetic anomalies, dyslexia, shyness, and other problems. Obtain the 25 studies validating Holistic Health and the 42 studies of the Applied Physics of Energy Healing. Get a copy of the President’s Health Committee 23 person study reporting “Holistic Health Is Valid. Integrate Holistic Health Systems Completely To Save Lives, Suffering, and Billions!”. Talk with attorneys on our reference list, physics experts who fully understand the implications of Quantum Physics in all fields, and experts on Human’s Inherent Habit of Suppressing New to Them Info That Conflicts with Their Mind Set. Cultural Psychology proved that Cultural Conditioning Is Hypnotic in Character.. ► Establishments given new to them info conflicting with belief systems, discard, hide, distort, ignore, hide, and even create false data to buttress their position. There are ten+ books on these studies. History—3, Sociology—1, plus others. Mind Set takes precedence over any amount of research. We still teach and act AS IF Physics Research is false 100 years after Physics replaced the mechanistic with a Holographic World View.

Use this and the world’s info to win a lawsuit against MD “Health Care” providers. An Illness Care System is not Health Care! ► This will save lives, suffering, and wealth on your campus. Promote safety and health for women and children. ► Two years of Aikido a small woman or girl can’t be attacked successfully by five men, and will avoid danger. The study groups working

with Tai Chi, Aikido, and Meditation did the best. Tell all victims how simple it is to work with Imagery NeuroLinguistic Programming to permanently eliminate stress internalization from loss, violence, rape, war, torture, accident, or fire in only three to ten hours. Stress free people learn and teach better, and are far less likely to flunk out, get pregnant or STD's, become ill, or have accidents. Amateurs can work with each other using Imagery NLP books as work books, and succeed almost as fast as professionals in many cases. ► Why continue to suppress info many in your community need for healing or treatment, when it will reduce your costs, alcoholism, rape, and violence IF fully used. Predators can be healed. ►► Universities need to create powerful committees of geniuses to identify, correct internal errors, omissions, and fantasies. Why ignore your geniuses? Get feedback

How can we help you expedite examining the evidence and checking references on research opportunities offered by using all seven elements of the scientific method, four design of experiment tools, use cultural psychology, cost reduction, and stop the ongoing crimes in your system??? Create a major UC committee to study and correct major education errors, omissions, and fantasies!

These errors and negligence are costly in lives, suffering, money, and missed research and education opportunities. Graduates cause all of our problems. There are five ways people learn.

► We need a letter from you validating our summary of geniuses research to aid in obtaining major grants for these many urgent projects. This will help reform and re educate donors, educators, media, and governments. It is hard to get major grants when almost all universities continue to act and teach as if major research is wrong in many fields. Help us open the closed doors of establishment minds. ► We need university validation to begin reforming media, corporations, non profits, educators, Congress, legislators, HHS, justice, UN, all governments and institutions.

► UCSD could do the regeneration project, security projects, and others. See our proposals in the Fix, NOW, Safety, Security, USN, ACLU, and State Department documents. The opportunities available by using all of today's science instead of discounting and ignoring it are exceptional.

Improve all research by using all Seven Elements of the Scientific Method to Work with the Entire Multi Dimensional Holographic Sub System. Add four key design of experiment elements.

► Ask all employees and students what they know in these areas. Teach them vision correction, stress removal, and ask their results. Ask all their experience with Alternative Medicine, Holistic Health as a complete system, and with 35 cultural errors, omissions, and fantasies. Get the info on safety, the lessons of history, and the history of our governments acting against our citizens since our inception. Get the key books on the war against Alternative Medicine, ongoing since 1838. Examine the tremendous savings in using info on 37 Natural Healing Vegetarian Diet Prevention Studies, and learn why our best universities ignore 56%-68% savings with prevention on health.

► Why do we fail to use prevention on all problems??? It is always far cheaper and less traumatic to use prevention. Prevention saves 56%-68%, 87%-92% with Holistic Health. Leaders act to destroy ecological systems and humanity, acting with arrogance to feed greed for power and wealth. This is a major factor in this continuing war against Mother Earth and all children and adults. ► Call me and go over the evidence sources, references, and info on the 150 articles on our Web-CD. This is a serious offer of info, free, and the services you need to expedite changing entrenched racial bad habits that are destroying our very slight chances of racial survival.

August 12, 2005 NEW REWRITE August 26, 2005

Marye Anne Fox & Marsha Chandler,

- Please tell us--How can we advise you of research proving ongoing crimes, errors in UC & USA?
Proposals: Stop Internal Crimes, Errors, Correct 12 Formal Education Errors, 7+ in Informal Ed.
Geniuses Info & Research Proves Actual Crimes & Negligence In Universities & All Cultures.
- Advise Students/Faculty Human Resources Holistic Health Heals All Degenerative Diseases,
Vision, Hearing, Stress, Sports Injuries, even Genetics, ► UCLA’s Candace Coffee’s Devic disease.

Humanity is very far past the point of achieving comfortable survival. ► IF you get evidence examined and references checked, you will learn that Cultural Psych research is valid. Humans have a designed in inherent habit of psychologically discounting and ignoring any new info that conflicts with their mind set. ►► Only 4.6% of humans are able to consider new to them info that proves wrong what “They Absolutely Know Is So”. Top universities ignore their own researchers proving errors, omissions, and fantasies in education and cultures. We ignore training reducing accidents and errors 98%+, 25 studies validating Holistic Health savings of 87% to 92%, creativity enhancement for scientists and engineers, permanent stress removal in three to ten hours using NeuroLinguistic Programming, stress as a factor in learning, problems, decision making, errors, and accidents, and even the urgency of Long Term Planning as if we plan to live on Earth for eons instead of months.

► UCSD’s Prof Milton Saier feels our summary of geniuses info in correct. ► Examine why UCSD’s Dr Saier’s data showing why Earth can only support 500 million in the 2100's with no oil for agriculture has not been publicized in all universities and media. I wrote this figure in 1998.

► The research projects proposed in 11 documents here can make a university famous and far more effective. ► Eight Major Emergencies facing humanity are discounted and ignored by educators, management, and governments. Why continue policies that will starve six billion 2100 to 2400???

► Why suppress Zoology research proving 450+ species have Homosexuals! Why aid lies that kill?

Apply all Seven Elements of the New Scientific Method and Systems Research. Plan ahead.

An Honest Evaluation of these summaries of geniuses research requires reading our key articles.

► "A Basic Cultural Urgent Problems, GIGO Data Bases". ACLU, Education, Libraries, Peace, Media NYT, Media Ethics, Scientific Method, Agriculture, Government, Safety, Security, Military, Health Enhancement References, Fix, etc. Examine Web's 150+ articles. Check references.

► You will need all of the 150+ documents on our Web-CD to fully understand why and how badly humanity has erred. This info is a summary of geniuses info on 35 establishments errors, omissions, and fantasies. Cultural Blind Spots have been thoroughly studied. They exist. Call me re evidence sources and references on Web-CD and info in your libraries that will be helpful in addressing inherent human errors. Read our "Libraries Have Hidden Gold". Put how to correct Vision with Imagery in newsletters. Ask for feedback on success, on experience with Alternative

Medicine, and knowledge of 35 cultural errors, omissions, fantasies, and on what is ignored at the forefront of science and knowledge. ► Study why print and software is ignoring research on readability. Book jackets, ads, articles using print on a dark background is hard to read. Dark print on dark backgrounds is far worse. Book jackets that are unreadable in book stores reduce sales. Aren't Words used to communicate??? Why make them unreadable? ► Publicize stress removal info to help all victims now.

Correcting 12 errors in formal education and 7 in informal education is urgent in all cultures, education systems, governments, and firms. I challenge you to initiate this correction in your system, and help get the major reeducation design projects initiated that will enable all leaders and citizens to be aware of what humanity has learned, and how urgent it is to plan ahead for long term environmental and human survival as a completely interrelated integrated sub system. Our grads lack an understanding of science, systems, herstory, and history.. They are under the illusion that they are

working with a mechanistic reality. That was proven false 100 years ago. The mere concept of cause effect and long term planning is absent. ► All education fields are interrelated. Not teaching this is damaging. We ignore destructive weather cycles, overpopulation damage and consequences, oil gone by 2100, 18 million starved since 1894, and Seven Elements of the New Scientific Method required by physics today. Earth can support only 500 million people. How can we reduce populations to a sustainable level? Or will we starve six billion in 2100--2400??? Learn why we ignore cause

effect relationships, long term planning, and the need to apply all of science. ► Help change these destructive patterns, treating these errors as

►It is urgent to redesign education, business, and governments to assure that all actions are aimed at gaining a slightly more survivable Earth and reducing populations to 500 million by 2100. This requires stopping all unnecessary use and waste of fossil fuels, and build all new housing and other buildings with straw bale construction, triple glazed windows, fireproof, full solar power, and ergonomic design. We must learn all of the lessons from our past destructive and wasteful history.
