Dear Mr Soros,

www.serendipityassn.org 180+ PDF articles on Geniuses info.

Science Solutions For People, Research, Business, Governments, & Human Ecological Survival.

I write with nine agendas and Whistle Blowing. Add SA web summary of geniuses info to your web. My expertise is noting science possibilities and finding the people needed to solve problems.

Additional research projects and other proposals are scattered in our Web CD articles.

I ask your help in publicizing info governments, media, educators and business are missing that would enable correcting the actual basic causes of our many problems as an integrated sub system. Major goofs by educators, corporations, government, and media are being ignored. The info we gave DoD’s Chief Of Staff Powell and handed to an FBI agent in 1992 and others since would have enabled preventing 9-11 and other attacks. FBI failed to address the training errors and omissions, and ignored ongoing fraud in health care. An FBI Senior Advisory Special Agent on Financial Crimes says he can’t get them to listen to his ideas for improvement. He thinks I’m right, but says the FBI is unable to consider new to them info. ►Military, security, and police need the Safety Training to improve effectiveness and to save lives and equipment, and the Sociology Cultural Psychology research info on all cultures. Both are ignored. The 9/11 commission failed to consider our info that the basic causes of failures are Institutional Blind Spots, the Vested Interest Syndrome habit of psychologically discounting and ignoring any info that conflicts with Mind Set. ►Habits of thinking in well learned patterns keep most institutions from considering new info that proves

quite wrong what they “absolutely know to be so”. Science keeps doing this. Homeland Security is closed to research info they need to improve their effectiveness. Humans Inherent Designed In Habits of discounting and ignoring any new to them info that conflicts with their mind set, belief system caused these failures. This is explained by Cultural Psychology research on the Vested Interest Syndrome. We have Vested Interests making government decisions in most fields resulting in short and long term problems and actual disasters for children, adults, ecologies, and environment. The Many Lessons of History are still unlearned, and quite ignored.

►Myth Conceptions are a very poor foundation for planning, decisions, research, and actions. Our summaries of geniuses research identifying 35 cultural errors, omissions, and fantasies in our culture and most others will improve your businesses, aid R & D, offer new product and research projects, increase the rate of invention, reduce errors and accidents 98% to 99.7%, reduce illness care costs 87% to 92%, reduce illness 76% to 83%, eliminate stress internalization in three to ten

Serendipity Association seeks funding for many projects. The 1997 President’s Health Committee 23 person study report was Holistic Health is valid. problems in most people. Back a major demo of Holistic Health’s ability to heal all problems of stress, injury, illness, birth defects, genetic anomalies, as everything but political stupidity is proven curable by Holistic Health research. The impact on world leaders of learning that they have been given false info on health,

healing, prevention, agriculture, education, safety, and human survival may make it possible to correct all twelve errors, omissions, and fantasies in formal education and seven in informal education. These failures aided in ignoring 32 research studies of training that eliminates 98% to 99.7% of accidents and errors, improving creativity and the rate of invention. and engineering. I dealt with most fields of science running Hemstreet Consultants, and

studied widely in history, sociology, and, finally, sociology research on cultural psychology. I was born 1-26-27, read Shakespeare at seven, Toynbee's "History of the World" at eight, had a small town librarian that bought every non

► Assume physics is correct in defining universe, planet, and everything we deal with as a MultiDimensional Holographic Completely Integrated SubSystem. ► Back creating a major project to develop new power sources from the underlying structure of matter with an Oak Ridge type project based on today's physics. Science proves this is feasible, and most urgent with all oil gone in the next century. The many spinoffs will be very profitable. This can be solved in 40 to 60 years and \$1.5 Trillion. This

is urgently needed with oil gone shortly. Physics indicates that we can succeed in other needed projects. These include improving safety, security, creativity; regeneration, devices to neutralize nuclear waste radiation and toxic wastes, weather control, fire damping at a distance, anti gravity, and rehabilitation of all criminals, even politicians, pedophiles, and rapists . A true space drive may be feasible.

Back a long term World Peace project. When we correct all 19 education errors, omissions, and fantasies, we will have peaceful societies and world. When world leaders learn that the 1838 to present war against Alternative Medicine suppressed science in health and resulted in their being given very incorrect info on health care, healing, and prevention, correcting the worlds education systems and

planning ahead for long term human ecological survival may become more possible.

► Research proved that 87% who seek power seek power as a substitute for love. Feeling unloved as children is a primary causative factor in most who misuse power and position.

► Holistic Health Healing and Longevity Centers will heal bodies, minds, attitudes, and emotions. This will heal all of the conditioned in

habits that lead leaders into many actions against people, theft, the use of violence, and war. We can create Holistic Health Centers that can work with all mind body health problems on a free if not healed basis, and not lose money. Energy Healing Is Applied Physics. Instrumentation shows Acupuncture Points, Meridian Lines, and Chakras. Kirilian photos show the Aura, visible to 1% of adults, 5% of kids, and 63% can learn to see Auras. Government failures and coverups are far worse than have been publicized by political campaigns and media. The info on Web-CD covers 23 major errors and omissions in military and security, and the 35 cultural errors, omissions, and fantasies geniuses identify in our culture.

► Why ignore The Union of Concerned Scientists 2004 web report on Bush ordering 11 major government agencies to falsify research and other reports??? Science mag editor is involved. HHS still suppresses Holistic Health research and experience, even info on herbal ointments that eliminate breast and skin cancer for 98%, and how Dr Liang, an Oriental Physician, Herbs and Acupuncture Inc, missed only one cancer case of 689 in 26 years here. Many Healers are this effective at healing and prevention. HHS fails to use All Seven Elements of the New Scientific Method Physics requires.

The rhythm method fails often. HHS removed condom info from their “education” pages. Eleven agencies falsified data on environment destruction, health, pollution of air and water, education, labor, and more is reported in these March 49 page and July 33 page reports. We ignore research on weather cycles, how CO₂ increasing in oceans will destroy Phytoplankton, the food chains base for fish, business cycles, and how overpopulation is genocide of 100-200 million by 2100, six billion 2100-2400. Population density is a factor in violence and war. Politician’s keeping us out of international population control directly caused the starvation of over 8 million of the 18 million that starved

Bush's primary agenda seems to be the transfer of public money to the private sector's wealthy. Weather cycle studies show clearly that we are at the end of 265 years of better crop weather, and will have worse weather with global warming than any in recorded history. The ocean level is rising. eliminate any insect pest, virus, bacteria, fungus, and mold in the target area. FDA put two firms out of business for daring to point this out in

We seek grants and/or partners to publicize and improve Radionic Devices, eliminate pesticides, and to develop Radionic Devices that can cover the entire planet from a single location. Military spent over \$195 million thru 2001 on top secret psychic research, as the first \$50,000 found the field valid. Military, State Department, CIA, FBI, and other government agencies are failing to use sociology research on the Cultural Psychology of each culture and sub culture we deal with. have prevented the current messes in Islamic societies, and enabled us to do far better in all countries we deal with, and internally. The actual cost of spending money on credit has not been addressed. What are the total costs of spending and giving away money we don't have, while ignoring our many needs? Our people need foreign aid to solve and prevent our many problems. Trade Imbalances result in offshore money buying US property, shifting an increasing percentage of USA ownership into foreign hands. What is the long term results of this? Trade acts injure us when they end up with our citizens competing against people making less then \$2 per day, with no health care, safety, or environmental protection. No level playing field for our citizens or firms.

Outsourcing jobs and new technology creates even worse conditions for our children, families, and adults. The trade bills are damaging us badly now, and destroying our future.
