Dear Mayors & City Councils,

A workshop bringing together the geniuses in our universities and culture is needed to enable governments to understand what humanity has learned that will prevent and solve problems, why we don’t use it for generations, and the costs of not correcting 19 education errors. The anti whistle blower attitude of governments and media is very costly, and damages kids, women, and men. Why ignore` business systems industrial engineering, business and weather cycles, why prevention is far cheaper for health problems, errors, and accidents; systems and cycles in weather and business, and cost benefit analysis working with entire systems. Examine the damage done by Bush ordering eleven government agencies to falsify data in 2004—Union of Concerned Scientists web. They did.

Why assume geniuses and history are wrong??? Call me re evidence sources and reference order of importance. Web Geniuses info [www.serendipityassn.org](http://www.serendipityassn.org) 150+ PDF articles, will enable correcting the actual basic causes of each of our many problems, and enable collecting damages for the state and citizens for the MD RICO and power firm thefts. Add a report on references and evidence for each of the key people in the party and all department heads and staff. Get the party aware of and using the info on the seriously illegal actions by politicians, media, religions, and educators, in using false info as if it is true in addressing women’s issues, abortion, birth control, rape, health care, and homosexuality. Anti abortion anti population reduction is genocide of millions now, billions in the future. Women still die in pregnancy and birth-1 in 15 to 1 in 2700, abortion is ten times safer, any anti abortion groups and people are aiding the manslaughter of women.

We are ignoring professors teaching NeuroLinguistic Programming Imagery, permanently eliminating the internalization of stress from any loss or victimization in three to ten hours, 32

studies on training that will reduce accidents and errors 98% to 99.7%, preventive health tools that 37 studies say will reduce costs 56% to 68%, illness 76% to 83%, the effects of cultural blind spots, that Cultural Conditioning Is Prove to Be Hypnotic in Character, and That Cultural Psychology Proved That Only 4.6% of People Can Even Consider New Info That Conflicts with Their Mind Set. Overpopulation is killing millions now, billions in the future. Holistic Health savings of 80% is a very conservative figure. These scientific tools will heal all mental physical problems except stupidity. The war against Alternative Medicine started in 1838 and still continues. The President's health committee 23 person study reported that Holistic Health is valid. A complete Holistic Health Center can work with all problems on a free if not healed basis, and seldom fail. Management and staffs lack the education to note that our MD system is unscientifically based on a special case viewpoint of reality, the very false assumption that reality is mechanistic. They ignore that our reality is a MultiDimensional Holographic Completely Integrated Sub System of our MultiDimensional Holographic Universe. People can only be described scientifically as a MultiDimensional Mind Body Energy Field Spirit Subsystem. Systems research proved that if you work with part of a system, you will get unforeseeable results. Physics requires applying seven elements of the scientific method and systems research. We fail to apply the forefront of science and knowledge to solve and prevent problems, and even ignore the many lessons of history and herstory..

We propose that a demo program of Holistic Health's ability to heal all injures, illness, birth defects, genetic anomalies, stress, and vision problems will make it much easier to get our governments to start using the forefront of science and knowledge in all fields where we have so many problems. We can work on symptoms of problems for another ten thousand years and still have the same basic problems. Why not deal with the actual basic causes and eliminate our problems for all time? When we correct all 19 errors, omissions, and fantasies in educational systems we will create fully sane societies free of crime, violence, rape, and greed. You need all of Geniuses info on Web-CD, [www.serendipityassn.org](http://www.serendipityassn.org) 150+ PDF articles, to get a clear picture of how throughly we ignore science, history, sociology, and our geniuses in all cultures.. My power proposal ways to locate whistle blowers will work. The state can save billions by using all of the forefront of science and knowledge. IF evidence is studied, references checked, and geniuses info is used by all governments, our country and people will prosper. Actually Apply Wisdom to prevent problems and help people. Let's begin. Call me.

Sincerely, Dr Doug C. Hemstreet CEO
