Dear Governor Schwarzenegger, Senators, & Assembly Representatives,

[www.serendipityassn.org](http://www.serendipityassn.org) 180+ PDF articles--summaries of Geniuses info on 35 cultural errors.

► We ask that you get evidence examined and references checked on all cultural errors, omissions, and fantasies that cost us money and lives. Call me re evidence sources, references, and the Sociology Cultural Psychology research on the Vested Interest Syndrome, proving only 4.6% of people can even begin to consider any info that conflicts with their mind set. “Not Invented Here” is designed in to humanity. This is the root cause of failures to use all of the forefront of the state of the art on any problem. Let all leaders, film, business, science, research, and other professional associations know how badly flawed their data bases are in almost all fields. ► You need the info in all our articles on Web-CD to evaluate the extent of damage caused by Vested Interest pressures, greed, payoffs, the Good Old Boys Network, and humans’ increasingly expensive inherent habit of psychological discount of any new to them info that conflicts with their Mind Set, Belief System.

We shoot down the Whistle Blowers in many ways. Their info is Ignored, Suppressed, Hidden Distorted, or Establishments Create Falsified info to buttress their position, today and throughout history. Many who advised establishments of errors have been injured or killed, today as in the past.

►Senator's DC offices ignore info sent them without a massive donation and send us form letters. USA and most of humanity has designed governments, corporations, education systems, media, and cultures lacking intellectual curiosity or the ability to consider, evaluate, and act on new to them info that requires examining cultural errors, omissions, and fantasies. Geniuses information at the forefront of science and knowledge offers many opportunities to produce news, documentaries, films, programs, workshops, and reeducation materials that will correct human misconceptions in many fields, and help address and correct the actual basic causes of problems by using accurate data and working with the entire system using all we've learned for the first time in history. It's

mandatory to consider all of the 180+ articles summarizing Geniuses info on our Web-CD. Start with ACLU, Safety, Security, Holistic Health, Agriculture, Physics, Ed Scientific Method, Government Proposals, Education, Research, Fix, Peace, and Grants. Scientists say we can design projects to successfully produce power from the underlying structure of our multidimensional universe. Physics research indicates that we can develop devices and training that will control weather, eliminate toxic or nuclear wastes, and methods to wipe out forest and building fires at a distance. We are an Integrated Interrelated SubSystem of this MultiDimensional Holographic SubSystem Universe. It is proven to be a SubSystem. Physics and all of science clearly shows how and why each of these 29 projects are feasible.

Sincerely, Dr Douglas C. Hemstreet
