Report on Mismanagement, Errors, & Crimes. Request Action & Investigation. Challenge: Add a
report on evidence sources and a reference check. Copy to ABA and all key people in the legal field.

All state and federal courts need to understand our Geniuses knowledge, and why it’s ignored for
many generations when it conflicts with Mind Set, Belief Systems. Vested Interest Syndrome!

► Study our 180+ articles on Web-CD. ► www.serendipityassn.org Summaries of Geniuses info
on 35 cultural errors, omissions, and fantasies. ►► Call me re evidence sources and references.

April 16, 2007

Dear Attorney General Jerry Brown,

Proposal to act to correct internal management errors, and to take legal action on many crimes
and criminal negligence caused by greed, arrogance, ignorance, Good Old Boys Network, the
Vested Interest Syndrome, Cultural Blind Spots, and 19 education errors. ABA, judges, all leaders,
and educators need scientifically accurate info on Science, History, Sociology Cultural Psychology,
Permanent Stress Removal with NLP for victims, and Holistic Health proven valid by 25 studies.
► Albert Einstein “Reality is merely an illusion, albeit a very persistent one.” Those who fail to learn
history are doomed to repeat it. Those failing to learn history correctly are simply doomed.”

When decisions are made on the basis of info long proven false or distorted, it is extremely

damaging to people, families, cultures, and human survival. Act on all of the ACLU proposal data.

Promoting murder of women by forcing some to die in pregnancy or birth is illegal. Genocide is illegal. All groups and people keeping us out of international population control and reduction to meet the planet's ability to grow crops are guilty of killing about half of the 18 million that starved in the last 120 years, the 100 to 200 million that will starve by 2100, and six billion that will starve 2100-2400. Weather changes are drastically reducing food production now and in the future. There is no oil for agriculture, food handling, food processing, storage, and shipping after 2100.

UCSD Prof Milton Saier writes, in 1996, that Earth can only support 500 million after 2100, with no oil for agriculture. I wrote this in 1998. Earth's plant animal balance is known.

► Cultural Conditioning is proven to be hypnotic in character. That is why advertising sells. Only 4.6% of humans can even consider new to them info if it conflicts with their mind set. ► Examine our geniuses research proving major cultural errors, omissions, and fantasies. Cultural Blind Spots are inherent in humans, and are very damaging and costly. These articles are expanded from those I tried to give District Attorney Bonnie Dumanis. I assumed her predecessor Paul Pfingst's inability to even consider that NLP stress removal would help effectiveness by reducing errors and illness would be helpful to her, but found that Attorneys are completely insulated from info

that will reduce costs, address errors and omissions caused by cultural blind spots and education errors, save lives and suffering, and stop the most massive white collar crime in history. The US Attorney's staff was unable to even consider the possibility of MD health care anti trust and fraud, and didn't check references or examine evidence. A "Not Invented Here" approach to well validated info. The AMA was found guilty of conspiracy, restraint of trade, and anti trust in 1987 by the Chiropractor's lawsuit. The MD war against Alternative Medicine started in 1838, is reported in 212+ books, is ongoing as MD systems still use Fascist methods to suppress Holistic Health

Sciences, proven valid by 25 studies, able to heal all problems in most people. Science proved people are a Holographic Mind Body Energy Field Spirit, a completely Integrated SubSystem of a MultiDimensional Holographic Universe SubSystem. ►Instrumentation shows Acupuncture Points, Meridian Lines, and Chakras. ►Physics proved this! A Nobel Prize winning physicist writes “Everything is Mind Stuff”! Lack of intellectual curiosity and understanding of science and the lessons of history prevented followup and correction of this ongoing suppression of science in health, healing, and prevention. ►Eight of eleven with Public Health degrees I talked with knew that Biological Nutrition will heal arthritis, diabetes,

Talk with the universities teaching NeuroLinguistic Programming and Transpersonal Psychology, and Holistic Health degrees. Kennedy U, Orinda CA. Add the Natural Healing System Vegetarian Diet Prevention info, the Sociology Cultural Psych research on the Vested Interest Syndrome, and

and cataracts. Some MD’s have added ND or OMD degrees, yet 483 MD’s were put out of business for daring to work with Alternative Medicine successfully, 981 were charged. California has many Alternative Medicine teachers and practitioners, some are exceptional. These healing tools used as a complete system will heal any on your staff, friends, and family. Media, legal systems, and almost all establishments are inherently gullible, assuming that info given them by Vested Interests is basically accurate. History and current events prove this a fallacy. Only 4.6% will consider new info. Brainwashing always works with people. That is why advertising sells.

the history of suppression of info, evidence, and innovation throughout human history, today as in the past. Examine the many studies of cultures on how language, religion, culture, education, and history affect attitudes, emotions, and actions of each culture. This info is needed by all in the justice system, and all

leaders. Add a Holistic Health overview to teach everyone Natural Healing System Vegetarian Diet Prevention, why all mental physical problems can be healed with a complete Holistic Health Healing and Prevention program, and why ongoing anti trust actions still suppress science in health, safety, education, and governments. Our best universities even ignore prevention. All governments and firms are wasting 80%+ of their health care budget and have a very winnable lawsuit against all MD

►Physicists proved that everything is literally mind stuff, part of a MultiDimensional Holographic Universe SubSystem. This requires Seven Elements of A New Scientific Method.

►The judge who retired on stress disability the day she took a promotion can be healed in three to ten hours, one day, with NeuroLinguistic Programming. All on limited duty or disability for stress internalization can be quickly healed. Internalization of stress causes errors, accidents, and illness. A greater percentage of attorneys have problems with

Allopathic Medicine systems for theft by deception, criminal malfeasance, and manslaughter by the suppression of all Alternative Medicine experts and info. MD's are still closed down for daring to work successfully with aspects of Alternative Medicine, even nutrition. This has created a climate of fear for those few who are able to consider the scientific research and experience that created Holistic Health Systems.

stress then in most professions. Police, fire, and military need this info. Veterans can be healed. The taxpayers money wasted by ongoing MD system's crimes can be recovered from MD institutions who are still suppressing scientific info on Holistic Health Systems, even on stress.

Civil suits or criminal charges can recover for taxpayers the immense sums wasted by failures to use the forefront of the state of the art in governments and education systems. These savings will solve most budget problems for governments and schools. Can government

officials and education management be held liable for damages? One attorney told me that all in Congress, Legislators, and other elected and hired officials can be held liable for aiding and abetting manslaughter, as they have no immunity for aiding these conspiracies of greed, arrogance, and stupidity in health, safety, and education. When suppression of info by media and educators results in suicide, violence, and murder that correction of 19 errors in education would prevent, can school boards and

►Homosexual youths have a four times greater suicide rate when they learn that God designed them homosexual, and have disturbed and often destroyed lives because of these ongoing lies. Can the liars be charged? Civil Rights laws would seem to apply. This info has been in zoology and biology literature since at least 1948. Bruce Bagemihl's 1999 "Biological Exuberance" said 450 species studied by

►Microsoft has failed to correct Word's design that initially opens only Word, rather

management be held liable? They ignore research on five ways people learn. ►Failure to teach kids ten ways to be stress free, and failure to advise everyone that 450 species studied proved to include a percentage of homosexuals, that our Creator designed us with 7.3% homosexuals, results in preventable suicide, violence, murder, and other crimes. ►►►People that don't internalize stress are far less likely to be violent, or to commit crimes.

zoologists had homosexuals. Failure to allow gay lesbian marriage is illegal until the US Constitution is discarded.. Read my ACLU proposal. Help get action on each of these areas.

Publicizing all of our geniuses research proving major cultural errors and crimes will aid in correcting all 19 education errors. This will create fully sane and far more viable societies.

then All Files as Corel Word Perfect does. This seems to violate restraint of trade laws.

This results in people discarding the CD's and Diskettes we and others sent, as they assume that it is blank. I just learned that word users lack awareness of the need to get Word Perfect, if they see nothing in CD, Disk. This seems to be a key factor in our failure to get responses from 6300 CD's mailed, and previous diskettes sent for Whistle Blowing, fund raising to build our non profit, and correct 35 cultural errors. This has damaged us badly, and many others

using WP and other formats. Dell ships with Corel Word Perfect, still a better word processor then Word. ►Computer mags run many articles "Corel WP is better then Word". Microsoft XP and Vista still open with gray backgrounds, ignoring research on readability. Print on dark backgrounds is harder or impossible to read. Is this actionable?

Challenge: Add reports on evidence sources and references, and let all political parties, ABA, judges, associations, corporations, educators, and other major establishments know that cultures do make serious mistakes because of the Vested Interest Syndrome, Good Old Boys Network, Education Errors, Cultural Blind Spots, Arrogance, Greed, and Stupidity. "I've Always Done it this Way" is increasingly costly each year. You will need all of our 180+ summaries of Geniuses info to see clearly the damage done by false info, and the many fields involved in criminal negligence and major crimes against people and ecologies. Geniuses tend to be correct, yet get discounted and suppressed for generations when their info conflicts with establishment belief systems.

I ask you to be part of the solution. Shall we begin correcting errors and reducing crimes?

Sincerely, Dr Douglas C. Hemstreet CEO Founder
