WHISTLE BLOWING! HELP NEEDED.

I request an appointment, phone, or in person, to get your help on advising DNC DLC of info that will win elections and to discuss the enclosed info on CD. These 180 articles address the 35 cultural errors, omissions, and fantasies that our geniuses have identified, and what research has proved valid at the forefront of science and knowledge. Scientific research keeps proving wrong what establishments absolutely know is so. Important new to us info is ignored for generations, as only 4.6% of people can even consider info that conflicts with their mind set. Cultural Psychology has proved that cultural conditioning is hypnotic in character. Cultural blind spots have been well studied. “Not Invented Here” takes precedent over scientific research. We stay with always done it this way, ignoring the lessons of history. We have always shot down the whistle blowers and innovators, discounting and ignoring our geniuses throughout history, today as in the past.

► Whistle Blowing! What If Our Geniuses Are Right?

An honest Evaluation of these summaries of geniuses research requires reading our key articles.

► “A Basic Cultural Urgent Problems, GIGO Data Bases”, Education, Libraries, Media NYT, Media Ethics, Scientific Method, Fix, Agriculture, Peace, Govt, Safety, Security, ACLU, Military, Health Enhancement References, etc. Examine our Web-CD’s 180+ articles. Check references.

<p>IF you check references and examine evidence this time, this info will enable applying all of the lessons of science, history, cultural and social psychology to prevent and solve problems. Our governments act illegally against children, women, men, ecology, and science throughout history and today. Humans continue to destroy</p>	<p>Earth’s environment, and wipe out our slim chance of survival. Help make human survival the first order of business for corporations, educators, and governments. Help stop governments, educators, HHS, media, and AARP Civil Rights violations in health and safety.</p>

Earth's oil is gone by 2130. Weather cycles alone require reducing population below 2 billion. ►How many people can Earth support with no oil for agriculture, food transport, and food processing, with weather cycles reducing crop production drastically? Perhaps 400 million if we do everything right. This is the most urgent emergency of the seven major disasters facing humanity. Plan ahead??? Or

If you will examine evidence and get a very thorough reference check, this info will enable our country to prevent and/or correct all of our many problems. I dealt with science and engineering running Hemstreet Consultants since

9-11 basic causes are still ignored. These include cultural psychology research on the effects of language, religion, and culture on world view, thinking, and actions. The info I gave FBI agent

Holistic Health is validated by 25 studies, finding savings of 87%+ on health care, with 56%+ savings with prevention. Heals breast cancer in all but 2% of women with herbal ointments, but used completely will miss less than 2 per thousand on cancer and most other mental physical problems. All "Medically Incurables" can be healed using all Holistic Health Sciences as a complete system. People are a Multi/dimensional Mind Body Energy

starve billions very soon. Anti abortion anti birth control killed half of the 17 million starved since 1893, and will kill billions in the future. Anti abortion is genocide of billions, as we lack sure birth control methods. Women die in pregnancy and child birth, 1 in 6 to 3 in 10,000. Anti abortion is manslaughter. Abortion is safer than pregnancy and birth.

Field Spirit Holographic System. Energy Healing Is Applied Physics. MD's paid Congress under the table for 82 years to eliminate all competition. Brain washing works. Eight attorneys tell me the MD System is guilty of RICO, that all have a winnable lawsuit against the MD HHS Illness Care system. AMA was found guilty of conspiracy, restraint of trade, and antitrust in 1987. MD's are involved in theft by deception, criminal conspiracy, and

manslaughter in this ongoing war against the use of science in health care and prevention. We can prevent or cure birth defects in most babies. Babies breast fed are healthier for life. Demystifying breasts will aid this. Breasts aren't sexy. Nudity isn't sexy. Sexy is personality, intelligence, face, eyes, and intent. Europe

NeuroLinguistic Programming permanently eliminates the internalization of stress in three to ten hours. We can insure all in the country for

All groups and individuals acting against birth control and abortion are involved in genocide that killed seven million by starvation since 1894, primarily because Republicans and others kept us from acting on population control. Bush is guilty of promoting genocide of millions soon and manslaughter of women. Unless we drop populations over 50%, we will starve

As women still die in pregnancy and childbirth even with prenatal care, anti abortion is murder of some women. Can we charge all involved? All religions and non profits involved

I offer you info that can put women in the White House and in most senior and management positions in governments. We invite you to help with whistle blowing on these ongoing errors and actual crimes. I ask your help to let DNC, DLC, and all key Democrats, educators, and leaders know that this info is valid and will enable solving most or all problems, reducing costs, and therefore win elections. Promote using all of our geniuses info

Call me re references and evidence sources in books and on CD. Act as if babies, children, adults, and peace are far more important then Vested Interests pressures and greed. Long range planning is urgent. We ignore that all oil is gone in 2100. Reserves were overestimated. Experts predict that production will drop yearly from 2028. We use fuels for agriculture production. Push the research needed to develop new power sources from the underlying structure of matter.

When can we meet on the phone and in person to start fixing these errors?

billions in the future. Overpopulation is a major factor in wars, ecological destruction, and other disasters. We ignore weather cycle studies.

If we are very lucky, planet Earth may support two billion people as weather changes, with oil. With No Oil, only 500 million people. We could face an ice age soon. Studies show this possible starting within 3900 years.

in all that we do. Publicize why it's important to examine why, If you want a job done right, hire a woman. The women I dealt with in corporate management and engineering were far more knowledgeable then men in the same jobs. Many worked for a man that was unqualified. They do jobs that uneducated men take the credit for. Help our babies, children, and women.
