PROPOSAL TO APPLY ALL OF SCIENCE & ETHICS TO ALL PROBLEMS.

► WHAT IF GENIUSES ARE RIGHT??? WHY NOT ACT AS IF PEOPLE MATTER???

RE: CULTURAL BLIND SPOT RESEARCH , ERRORS, DECEPTIVE PRACTICES VIOLATIONS

► Albert Einstein “Reality is merely an illusion, albeit a very persistent one.” Those who fail to learn history are doomed to repeat it. Those failing to learn history correctly are simply doomed.

Dear Mayor, Media, Government, Educators, Policy Committees, Board of Directors, & Legal,

Reporting establishment info as if it must be true, long after major research proved it false, is far worse and more damaging than making up stories. IF you will, or are able, to check references and examine the world’s research, you will find it easy to verify this info on serious cultural errors that waste vast amounts of money and destroy lives. Geniuses have identified 35 errors, omissions, and fantasies in our culture and most others. Judges, attorneys, educators, corporations, and governments make decisions on the basis of info long proven false by scientific research. Advise them that all species have homosexuals, that Holistic Health is proven valid by 25 studies, that prevention is far cheaper on all problems, and that our geniuses are usually right. Geniuses are ignored for generations when new to establishment’s info conflicts with their world view. “Not invented here” takes precedence over scientific research. Using all of our geniuses research and info will enable homosexuals to win lawsuits on anti marriage laws and actions, stop ongoing MD health care fraud and RICO saving 87%-92% of illness care costs, save lives using Holistic Health to heal

all problems, improve safety, reduce accidents 99.7%, protect kids, correct all 23 errors in DoD, FBI, CIA, and Homeland Security, nine of them very basic errors, solve budget problems, and aid people in all areas of their lives. Fixing all 19 errors, omissions, and fantasies in education will prevent school violence, shootings, stress, improve creativity and all areas of educational systems.

Our Web-CD has details in 180+ PDF articles on expensive errors, fraud, waste, abuse, and deception. These cover 35 cultural errors, omissions, and fantasies geniuses have identified. These are caused by 19 educational errors, greed, arrogance, scientific illiteracy, and humanities' inherent Vested Interest Syndrome discount habit. We fail to use geniuses research at the forefront of science and knowledge in most important areas. There are nine Pulitzer prize winning stories that you can break. ►Help Whistle Blowing. Let's work together to fix our very broken culture and world.

►Whistle Blowing! What If Our Geniuses Are Right?

An honest Evaluation of these summaries of geniuses research requires reading our key articles.

►"A Basic Cultural Urgent Problems, GIGO Data Bases", Education, Libraries, Media NYT, Media Ethics, Ed Scientific Method, Agriculture, Peace, Govt, Safety, Security, ACLU, Military, Health Enhancement References, Fix, etc. Examine our Web-CD's 180+ PDF articles. Check evidence.

IF you check references and examine evidence this time, this info will enable applying all of the lessons of science, history, cultural and social psychology to prevent and solve problems. Our governments act illegally against children, women, men, ecology, and science throughout history and today. Humans continue to destroy Earth's environment, and wipe out our slim chance of survival. ►Help make long term human survival the first order of business for corporations, educators, and governments. Help stop media, educators, government, and AARP massive violations of Civil Rights and Human Rights in health and safety.

Earth's oil is gone by 2100. Weather cycles alone require reducing population below 2 billion. ►How many people can Earth support with no oil for agriculture, food transport, and

food processing, with weather cycles reducing crop production drastically? Perhaps 500 million if we do everything right. This is the most urgent emergency of the eight major disasters facing humanity. Plan ahead???

► Or starve six billion 2100-2400. Anti abortion anti birth control killed half of the 18 million starved since 1893. ► Anti abortion is genocide

►► Let's pass true Defense of Marriage laws requiring through education and training for all heterosexual and homosexual couples in all of the factors involved in building happy, effective, successful relationships, marriages, families, and raising happy, creative, successful children. Include Active Listening, parenting, how and why relationships and marriages work or fail to work, all ten stress removal methods, training for life, the importance of being part of a caring community for marriages, families,

Government, media, educators, and legal need to study and verify the zoology and biology research that has proven all species to have a percentage homosexual. This has been in the professional literature USA since 1948, when I

of billions, as we lack sure birth control methods. Most women lack access to any birth control. ► Women die in pregnancy and child birth, 1 in 6 to 1 in 2,700.

► Anti abortion is manslaughter. ► Abortion is ten times safer than pregnancy and birth.

kids, and all relationships, community building, and the use of Centering, Meditation, Imagery Yoga, Breath, Tai Chi, Aikido, Wilderness, NeuroLinguistic Programming to permanently eliminate the internalization of stress.

NeuroLinguistic Programming permanently eliminates stress internalization in three to ten hours in almost all cases, only one day. Many can use books on Imagery, work with each other, and eliminate stress without the experts.

read it in an article quoting the British Zoology Journal, and occasionally since. Attorneys and judges need the data in "Biological Exuberance" by Bruce Bagemihl, 1999. He states that 450 species have been identified with homosexual

populations. AP quoted him 3/03 in an article on Gay Penguins. This was in India's literature in 1381 AD and before. Research proves this to be the Creators design of humans. Therefore it is illegal under the US Constitution to discriminate because of genetic design of people, and to not to allow gay lesbian marriage. All of those groups and individuals giving false info are violating the deceptive practices laws. This is directly causing violence and murder of any suspected of being homosexual, and a four times greater suicide rate of youth when they learn they are genetically designed homosexual. US law requires that all religions and non profit organizations giving false info on this must lose their IRS tax exemption. This will include Boy Scouts. These groups and individuals have caused as much damage as the outlawed KKK. Is it possible to charge all involved with these deceptive practices disseminating false info that

is promoting violence, murder, and suicide? Lawyers and judges need this info to deal honestly with these ongoing wars against science and the best interest of people and cultures. False info is very costly and damages people and cultures. Learn why religions, educators, media, and cultures ignore major scientific research and the Creators teachings. Jesus said naught against homosexuals. The "Christian" church acts against the teachings of Christ in many ways. Jesus taught healing, meditation, social concerns, and reform of the established church. Any church not teaching as Jesus did is not Christian.

► Help get media and educators honest.

Good decision making requires an accurate data base, examining very carefully all info that conflicts with establishment habits, using all of our geniuses research in all fields.

Deception, Criminal Malfeasance, and Manslaughter. Their 1838 to present ongoing war against Alternative Medicine is expensive and seriously damages many babies, kids, and adults. This is wasting 87% to 92% of health

care dollars, 56% to 68% by ignoring studies of Natural Healing System Vegetarian Diet Prevention. This suppression of science in health wastes lives, causes unnecessary suffering, early deaths, violates Civil Rights and Human Rights. Some of the eight attorneys told me that Congress can be held criminally liable for aiding and abetting manslaughter. They took money from MD's under the table for 82 years to eliminate the MD systems competition and put MD's in charge of all elements of health care. There are five types of payoffs. Medical Schools still lack experts in prevention and ignore Eleven Elements of the New Scientific Method, systems research, the scientific research validating Holistic Health, and permanent stress removal in three to ten hours, one day, with Imagery NeuroLinguistic Programming.

Call Kennedy U in Orinda CA for their info from professors giving degrees in NeuroLinguistic Programming, Transpersonal Psychology, and Holistic Health. Study grads experiences. NeuroLinguistic Programming will permanently eliminate the internalization of stress in three to ten hours in almost all cases.

Complementary Medicine studies by HHS NIH and others fail to use all Eleven Elements of the New Scientific Method, Four Design of Experiment Elements often necessary to be scientific, ignore systems research, ignore that they're working with Holographic SubSystems, and fail to use data already proven by research and experience in many cultures. The forefront of science proved people are Holographic Mind Body Energy Field Spirit SubSystems. Physics proved that matter, including people, is indeterminate. ► We are an integrated element of our MultiDimensional Holographic Universe. ► Instrumentation shows Acupuncture Points, Meridian Lines, and Chakras. Auras are seen by 1% of adults, 5% of kids, 63% can learn to see Auras. Educators, government, media, and MD's still flunk science, ignoring basic physics.

Victims of torture and war seldom need more time. Use Energy Healing, validated by 42 studies, to speed healing minds and heal all resistant cases. Holistic Health as an integrated system has been validated by 25 studies. The President's Health Committee 23 person study reported it valid in 1997. This was suppressed.

All studies find Holistic Health very effective, able to heal all mind body problems.

►I work with all mind body problems on a free if not healed basis after a short evaluation. Using all of Holistic Health as a complete integrated system enables healing all problems in almost all people. Injuries, illness, birth defects, and stress heal. This is feasible because the body is part of the mind, an energy hologram that flickers in and out of existence. Energy Healing is Applied Physics, and is Spiritual

The Safety and Security data will save lives. Help get this training that 32 studies proved eliminates 98% to 99.7% of accidents and errors required for drivers, kids, parents, couples, all adults, police, military, security, and government. Add Active Listening and all ten ways to get and stay stress free. People that do not internalize stress are far less likely to be violent. These tools increase creativity, the rate of invention, and improve health. Mind is a major factor in illness. It is far cheaper and more

Why not use all of science for all problems in our culture??? ►Radionic devices

Healing. There are 212+ books on the ongoing HHS MD Pharmaceutical Government war against all aspects of Alternative Medicine, and against Holistic Health as a complete system. Work with the whole Holographic Mind Body Energy Field Spirit SubSystem in health, prevention, safety, research, education, management, agriculture, security, and all areas of human endeavor.

►Act AS IF all people and ecologies matter.

effective to use the forefront of science and knowledge to identify and correct all of the actual basic causes of each problem and the interrelated systems involved. We can work on symptoms for ten thousand years without correcting any of our many problems.

►Why waste money, lives, and destroy humanities future by failing to use all of geniuses research to correct all of the actual basic interrelated causes of problems? Why address and work only on symptoms?

will cut costs by eliminating all pests, viruses, bacteria, fungus, and molds in buildings, farms,

plants, trees, animals, and people. They use a different frequency for each item. They improve soil health and fertility, eliminating the need to buy fertilizer. They are ignored because they can only be understood by considering physics. Radionic devices will save farmers 12%-15% of their budget. ►Get info from Pyradyne in LA on their Laser OmniOrb. Order one for demos,

I joined MENSA, studied physics and most sciences running Hemstreet Consultants, and read widely in history, sociology, and most fields of science. I dealt with scientists and engineers throughout the country. I started this non profit to use the impact on leaders of learning that they were given badly flawed,

We are seeking partners and funds for 23 R & D projects, and a demo of Holistic Health's proven ability to heal all problems, most people. We can do this in any state or country where we can get media or government backing.

We also seek grants and partners for a demo of results in correcting all 19 education

research, stress removal, and healing. Get prices from them, order through us, our non profit gets credit and guarantees value. Demos will increase students enrolling in all sciences, and aid in improving R & D and health care.

distorted info, and many lies about: prevention, health, healing, agriculture, education, safety, security, and human planet weather cycle ecological balance to enable all cultures to correct all 19 errors in education.

This seems easier to do in Oregon, Nevada, the 12 states + DC licensing Naturopathic Physicians. MD's false info kept most states from licensing ND's. Are there any honest and intelligent media???

errors and to research the feasibility of improving Radionic Devices to cover the entire

planet from a single location. Physics research indicates this may be possible. Applying today's physics and sciences will make it feasible to use all Eleven Elements of the New Scientific Method, develop new power sources from the underlying structure of matter, solve anti gravity, increase the rate of invention and the possibility of breakthrough discoveries, improve all research while reducing costs, improve safety and security, and eventually to develop a true space drive.

Call me re references, evidence, and actions needed to reduce costs, aid people, correct the basic causes of our many problems, improve the possibilities of long range human and ecological survival, develop peaceful vibrant successful cultures, create world peace, and actually apply science, using good business and ethical practices. Help us help you. How can we work together to aid solving your problems, our nation's, and our world's???
