Dear Board, Officers, & Bernie Horn,

➤If you can get the Supreme Court to examine evidence and check references, they will find Holistic Health valid. 93% of pharmaceuticals not needed, 6% seldom. Science heals causes of problems. Zoology finds 450 species with homosexuals. Cultural errors are many and costly. Challenge: Address Class Violations of Civil Rights--Ongoing Discrimination Against Geniuses

The Supreme Court has been lied to, given false info on a proven unscientific Allopathic Medicine System that started a war to eliminate the competition in 1838. Pharmaceutical firms have pushed dangerous drugs when they knew of the danger. They have actively opposed all elements of Alternative Medicine. They acted to prevent herbal use and studies, suppressing research. The AMA was formed to eliminate all competition. Congress was paid under the table for 82 years to put MD’s in charge of health and suppress all competition. Greed, arrogance, scientific illiteracy, stupidity, hubris, five types of payoffs, and cultural blind spots were involved.

Data bases are flawed in many areas. Zoologists have reported since 1948 that all species have homosexual populations. Bruce Bagemihl’s “Biological Exuberance” 1999, states that 450 species are proven to have homosexuals. This is the Creator’s design of humanity and all species. Civil Rights laws make it illegal to not allow gay lesbian marriage. False info causes violence, murder, and a four times greater suicide rate of homosexual youth when they learn they are gay.

Supreme Court Justices Proposal

CHIEF OF STAFF: Add a Reference Check, Disseminate to All Justices, Research Director, Librarian, All Committees, Staff, Media, & All States.

Re: Cultural Lag & False Info in Your Data Bases. Pharmaceutical System Lies to Self & World.

Geniuses Identify 35 Cultural Errors, Omissions, and Fantasies.

Stop Internal Fraud by HHS MD Health Care & Pharmaceutical System Fraud

Dear Justices,

I’ve studied cultural errors, omissions, and fantasies for a lifetime. My education is science, physics, electronics, wide ranging studies in most sciences, history, cultural psychology’s research on the Vested Interest Syndrome, and sociology. I am a member of MENSA. I check references and evidence using all Eleven Elements of the New Scientific Method required by today’s Physics. Science applies to people. Lab Instrumentation shows Acupuncture Points, Meridian Lines, and Chakras. Holistic Health is proven valid by 25 studies, with 42 studies validating Energy Medicine, and hundreds on Herbal Healing. Decisions made on information long proven false by major research create problems for people and ecological systems.

Challenge: Address Class Violations of Civil Rights--Ongoing Discrimination Against Geniuses

► Albert Einstein “Reality is merely an illusion, albeit a very persistent one.” Those who fail to learn history are doomed to repeat it. Those failing to learn history correctly are simply doomed.

You need the research info on the Vested Interest Syndrome, the inherent human habit of suppressing all innovation that conflicts with their mind set for many generations. Cultural conditioning is proven to be hypnotic in character. This is why NeuroLinguistic Programming permanently eliminates the internalization of stress from any trauma and childhood cause in three

to ten hours in almost all people. Cultural Psychology states that only 4.6% of humans can consider any info that conflicts with their mind set, their world view. Not Invented Here is inherent in language and actions. Establishments and individuals given info that disagrees with the way they absolutely know the world to be, throw out the new to them info, distort it, ignore it, hide it, and even create false data to buttress their position. There is much research on this field. This is reported in history and sociology books.

The AMA MD Pharmaceutical HHS war against all elements of Alternative Medicine, even nutrition and herbs, results in our courts making decisions on a completely false data base in all areas involving health. Herbs are far safer and more effective when used properly. The basic foundation of the info that you are given by the Pharmaceutical Industrial complex is quite false. They are involved in RICO. ►►►Dr Liang, Herbs & Acupuncture Inc here for 26 years, missed one case of cancer out of 689. He is not unique. ►Physics applies to people. Instrumentation shows Acupuncture Points, Meridian Lines, and Chakras.

Eight attorneys who studied the war against science in health told me that everyone has a winnable lawsuit against their MD health care systems for theft by deception, criminal malfeasance, manslaughter, still ongoing RICO.

MD's still lose their licenses, 981 charged, 483 lost licenses, and were put out of business for daring to work successfully with any element of Holistic Health, even nutrition and herbs. The AMA was found guilty in 1987 of antitrust, restraint of trade, and conspiracy. The 1838 to present MD war against all competition suppressed science in health, healing, and prevention, killed many earlier than need be, and paid Congress under the table for 82 years to take over all aspects of our health care systems. A close look at all of the records and the 212+ books on the war against Alternative Medicine show fascism used to suppress science, and would seem to make a clear case for charges of RICO. Government and corporations can recover from the entire Medical Pharmaceutical HHS Mafia System full damages for wasting over 80% of US Health Care Costs, and attach all of their property for RICO. Note that we have an illness care system that is anti health. We completely lack a health care system. HHS and MD researchers still fail to use all Eleven Elements of the New

Scientific Method required by today's physics!

Data bases are flawed in many areas. Zoologists have reported since 1948 that all species have homosexual populations. Bruce Bagemihl's "Biological Exuberance" 1999, states that 450 species are proven to have homosexuals. This is the Creator's design of humanity and all species. Civil Rights laws make it illegal to not allow gay lesbian marriage. False info causes violence, murder, and a four times greater suicide rate of homosexual youth when they learn they are gay.

I will sign a contract betting all I own if you can prove me wrong on Holistic Health validity, and it's ability as a complete system to heal all mental physical health problems, injuries, illness, birth defects, vision in most people. A well designed system can Heal Everything Without Pills and Surgery, except political stupidity. Less than 7% of pharmaceuticals are needed when you work with the whole person using everything humanity has learned about health, healing, and prevention. I value my time greatly. I will work with all health problems on a free if not successful basis. We can design complete Holistic Health Systems that can do this everywhere.

A sane society would work with prevention on all problems as it is far cheaper. We even ignore training that 32 studies say reduce accidents and errors 98% to 99.7%, and thirty eight studies finding that a complete well designed Natural Healing System Diet Prevention System will save 56% to 68% of our current costs. Courts and government have been used to suppress science in health.

A fully scientific description of humans is that we are a MultiDimensional Holographic Mind Body Energy Field System that is completely integrated, all one interrelated subsystem of planet and the universe. Systems research states that when we work with part of a system we get unforeseeable results.
