Proposal—Use All of Our Geniuses Info On 35 Cultural Errors to Avoid Mistakes & Crimes

Geniuses research and major evidence has proven ongoing crimes and negligence in dealing with health and all people problems in all of our establishments, even crimes against all judges, attorneys, and staff. Eight attorneys who studied the ongoing MD 1838 to present war against alternative medicine report this illegal suppression of science in health is a crime. MD’s are involved in RICO: theft by deception, criminal malfeasance, manslaughter, as Holistic Health, validated by 25 studies, has a proven ability to cure all injuries, illness, birth defects, genetic anomalies, everything but political, media, and educators stupidity.

All courts and all other elements of our Justice and Government systems are dealing with a data base that Geniuses’ discoveries in many fields have proven to consist of much

incomplete, unscientific, distorted, invalid, fallacious, and even quite false information.

Physics discarded the mechanistic view of the world in 1907. Physics proved that the Universe is a MultiDimensional Holographic SubSystem.

All we deal with is a Completely Integrated Holographic SubSystem of the Universe. I propose that the court and all court and legal associations collect and examine the evidence, aid in the creation of workshops on the forefront of science and human knowledge, and hold workshops for all involved with justice and

► Albert Einstein “Reality is merely an illusion, albeit a very persistent one.” Those who fail to learn history are doomed to repeat it. Those failing to learn history correctly are simply doomed.

The twelve errors in formal education, seven in informal, have aided the retention of cultural blind spots and continuation of humanities inherent habit of discounting and ignoring our geniuses discoveries and research for many generations. As a result all of our attorneys, courts, and even the Supreme Court are making decisions on the basis of some

law. This will enable courts to base their decisions on accurate information in all fields. FBI agents refused to examine evidence. Help start investigations into the MD “health systems” crimes, failures in safety, training, education, IG’s, R & D, nutrition, permanent stress removal, +. The ongoing war against Holistic Health violates the Civil Rights and Human Rights of court, staff, families, and all citizens according to attorneys who studied the evidence.

information long proven false.

Cultural Psych proved that only 4.6% of humans can consider new to them info that conflicts with their mind set, their belief system. “Not Invented Here” takes precedence over fact.

Our legal system, governments, educators, and corporations need accurate data for all decisions. Our culture is damaged by

Cultural conditioning is proven to be hypnotic

We still ignore:

Safety studies, 32, showing 98% to 99.7% less accidents and errors in the study groups than the control groups. These have been in the US literature and media since 1938.

Homosexuality. Biologists and Zoologists studying mammal sexuality found that all mammals have homosexuals. There have been many studies. Bruce Bagemihl's "Biological Exuberance" reports that 450 species studied by zoologists have homosexuals. This was in an

AP story March 2003, yet ignored. It is illegal not to allow marriage to any because of genetic design. Failure to tell the truth on this causes a four times greater suicide rate of youth when they learn that God designed them gay, plus violence and murder of any suspected of being homosexual. ►Our Creator designed humanity 7.3% homosexual and bisexual, heterosexual, and 1%+ nonsexual. Some are very oversexed. This is proven to be the genetic design of all.

budgets. This war against science in health violates antitrust laws. This kills thousands daily unnecessarily early, even judges, attorneys, and families. Holistic Health has been validated by 25 studies in 19 countries since 1975. The President's 1997 Health Committee 23 person study found it valid. This was suppressed.

Energy Healing is Applied Physics, and is proven effective on all mental and physical health problems by 42 university studies since 1959, with 52 studies since 1947 proving that Energy Healing eliminates all virus, bacteria, fungus, molds, and parasites. Energy Medicine will heal all injuries, illness, birth defects, even neurological problems, healing all kids and adults in special education programs and mental health facilities. These tools will heal all victims, perpetrators, sexual predators, rapists, pedophiles, and all criminals. India integrated Holistic Health into the medical schools and is slowly moving it into the health system. European countries are using more Holistic Health modalities. Netherlands has 64% of MD's working with Energy Healers, "Blue Healers". Holistic Health will save 87% to 92% of health care dollars, with 56% to 68% savings

We fail to learn and teach the lessons of history and the suppression of innovation throughout history, today as in the past. Only

using Natural Healing System Vegetarian Diet Prevention according to 37 studies. I quit getting colds when I went vegetarian in 1973. Prevention is always far cheaper.

A sane culture would apply prevention to all problems. We have failed to do this with any of our major problems. When we correct all twelve errors in formal education and the seven in informal education we will have a sane society that is free of violence, rape, crime, drugs, school shootings, and works on all of the basic interrelated causes of all problems instead of just the symptoms. Unless we do this now, humanity's survival is compromised even more. Educational systems are an ongoing crime, failing to correct 19 errors, omissions, and fantasies. Our grads, not outsiders, created all of our problems. Read our education critique.

4.6% of humanity can actually consider any new to them info that disagrees with their mind set. Establishments and individuals given new

info that requires changing their world view ignore it, discard it, distort it, hide it, or even create false information to buttress their position. The courts and governments need to be aware of this well researched data. The courts and congress are lied to by many government and private sector establishments. This is obvious in education, health care, agriculture, environment, ecology, safety, and security. USDA told Congress and courts that they have studied all alternatives to using pesticides. They suppressed the research on Psychotronic

World peace is now feasible. A Holistic Health Longevity Program heals attitudes, emotions, and mind set problems. A Holistic Health Longevity and Health program for all leaders would change our world. Energy Medicine heals birth defects, even correcting

brain wiring and brain chemistry problems that are involved in war and crime. These tools will heal all world leaders of the habit of using violence to solve problems. Teaching all leaders about all Eight Major Catastrophes facing humanity may help change destructive habits.

Call to go over the best sources of evidence in each field and the references. You need all of geniuses information in our 180+ articles about

35 cultural errors, the implications of Paradigm Shifts, the 46 scientific discoveries that created them, the Vested Interest Syndrome research on Cultural Blind Spots, and all of the educational and cultural error data in order to consider and act on scientific research proving major errors and crimes by management and our culture. We can not afford ignorance and bigotry in our courts. Can all leaders in government, military, media, education and corporations that have been advised of these crimes be held legally accountable for aiding manslaughter, theft by deception, and an ongoing massive waste of resources and lives? Let's stop these many violations of the Deceptive Practices Act. Can we work together to solve and prevent these errors and illegal actions that are ongoing crimes against our people and our governments?

Challenge--examine the evidence. Require workshops by Geniuses in each field for all on the forefront of science and knowledge. Geniuses keep proving wrong what establishments are "Absolutely Sure Is So". Sociology research calls this human habit of discounting, ignoring, suppressing, and even falsifying any new info that conflicts with any establishment's Mind Set, or Belief System, the Vested Interest Syndrome. The "Good Old Boys Network" is a major factor causing actions against people, ecologies, and survival in most cultures.

I offer easily validated info and our services to apply knowledge to prevent and correct these ongoing errors and crimes.

Sincerely, Dr. Douglas C. Hemstreet PhD Founder
