What If Geniuses Are Right??? Why Not Act as If People Matter??? Let’s Defend Marriages!

Re: Cultural Blind Spot Research, Vested Interest Syndrome, Errors, Deceptive Practices Violations

April 17, 2007

Dear Foundation, Media, Government, Educators, Policy Committees, Board of Directors, & Legal,

►► Media reporting establishment info as if it is true, ignoring that research has proven it distorted or false and injurious to people and ecologies, is far more damaging then creating false stories. This results in major violations of the Deceptive Practices Act. Media has failed it’s watchdog duties.

Whistle Blowing & Grant Proposals

We propose that the board of directors do something unusual to benefit humanity which will also correct internal management errors, offer many new and expanded business opportunities, and improve your profitability. Start with the obvious. Learn why our best universities and firms ignore studies of Natural Healing System Vegetarian Diet Prevention saving 56% to 68% of health costs, and reducing illnesses 76% to 83%. Sane cultures will use prevention on all problems. Humans don’t. Assume that our geniuses in many fields are right, examine the evidence sources, research, and check references on the Forefront of Science and Human Knowledge in Cultural Psychology, Paradigm Shifts, Science, Sociology, Education, Training, Biology, Holistic Health, Safety, Rape Prevention and Healing, Violence, Crime, Murder, Greed, Vested Interest Pressures and Distortions,

and the Many Lessons of History. Physics Proved We Are A Holographic SubSystem of a MultiDimensional Holographic Universe, Requiring Seven Elements Of the New Scientific Method. Evidence and Reference Results will surprise you. Geniuses are almost always right and ignored.

▶▶IF you will check references and research, you will find it easy to verify this info on serious cultural errors that waste vast amounts of money and destroy lives. Geniuses have identified 35 errors, omissions, and fantasies in our culture and most others. Judges, attorneys, governments, corporations, and our best educators make decisions on the basis of info long proven false by scientific research.

▶Advise everyone that all species, 450 identified by zoologists, have homosexuals, that giving false info on homosexuality creates violence, murder, a four times greater suicide rate of youth when they learn that the Creator designed them homosexual, and 7.3% of all

We all can act to stop MD health care fraud and RICO saving 87% to 92% of illness care costs, use Holistic Health to heal all problems, improve safety, reduce accidents 99.7%, protect kids, fix educations' 19 errors, correct 23 errors in DoD, Homeland Security,

people. This damages lives, hope, and societies.

▶Note that Holistic Health is valid, and that our geniuses are usually right. Geniuses are ignored for generations when their new to establishments' info conflicts with world views. "Not Invented Here" takes precedence over scientific research. Using all of our geniuses research and info will enable homosexuals to win lawsuits on anti marriage laws, illegal actions, and establishments slander and lies. IRS regulations require that all religions and non profits involved in these illegal crimes must lose their tax exemption status. ▶See our ACLU proposal. IRS management has failed to address their major errors.

FBI, and CIA, solve budget problems, and aid people in all areas of their lives. We can correct all 19 errors in education and create sane societies that address the actual basic causes of all problems instead of only working on symptoms. Read our educational critique and

ACLU Proposal. Examine evidence. Check references.

►► Let's pass true Defense of Marriage laws requiring through education and training for all heterosexual and homosexual couples in all of the factors involved in building happy, effective, successful relationships, marriages, families, and children. Include active listening, parenting, how and why relationships and marriages work or fail to work, all stress removal training methods, community building, the importance of being part of a caring

Study details on our Web CD 150+ articles on errors, fraud, waste, abuse, and deception in many fields? These cover 35 cultural errors, omissions, and fantasies geniuses have identified. These are caused by 19 educational errors, greed, arrogance, scientific illiteracy, and humanities' inherent

Government, media, educators, and legal need to study and verify the zoology and biology research that has proven all species to have a percentage homosexual. I read this in a

community for relationships, marriages, kids, and families: and NeuroLinguistic Programming Imagery, Meditation, Centering, Yoga, Breath, Tai Chi, Aikido, Wilderness, etc to permanently eliminate the internalization of stress. NeuroLinguistic Programming does this in three to ten hours. Traumatic events create hypnotic programs in the subconscious mind. Dehypnotize these.

Vested Interest Syndrome discount habit. We fail to use geniuses research at the forefront of science and knowledge in most important areas. There are nine Pulitzer prize winning stories that you can break. Help Whistle Blowing.

► Let's work together to fix our very broken culture and world.

Zoology Journal in 1948. Attorneys and judges need the data in "Biological Exuberance" by Bruce Bagemihl, 1999. He states that 450 species have been identified with homosexual

populations. Zoology literature reports this since 1276 BC in India, in USA in 1978. Research proves this is the Creators design of humans and all species. Therefore it is illegal under the US Constitution to discriminate because of genetic design of people, and to not to allow gay lesbian marriage. All of those groups and individuals giving false info are violating the deceptive practices laws. This is directly causing violence and murder of any suspected of being homosexual, and a four times greater suicide rate of youth when they learn that they are genetically designed homosexual. US law requires that all religions and non profit organizations giving false info on this must lose their IRS tax exemption. This will include Boy Scouts. These groups and individuals have

Our info includes references to attorneys who state that all have a winnable lawsuit against the MD Allopathic Medicine mafia for ongoing RICO, conspiracy, restraint of trade, anti trust, theft by deception, criminal malfeasance, and manslaughter. One said all elected and hired officials can be charged, as there is no immunity for aiding manslaughter.

caused as much damage as the outlawed KKK.

Is it possible to bring criminal charges against all involved with these deceptive practices that are disseminating false info that results in violence, murder, and suicide? Lawyers and judges need this info to deal honestly with these ongoing wars against science and the best interest of people and cultures. False info is very costly and damages people and cultures. Learn why religions, educators, media, and cultures ignore major scientific research and the teachings of the Creator. Good decision making requires an accurate data base, examining very carefully all info that conflicts with establishment habits, using all of our geniuses research in all fields.

►Call me re references and evidence sources.

MD's 1838 to present ongoing war against Alternative Medicine is expensive and seriously damages many kids and adults. This is wasting 87% to 92% of health care dollars, 56% to 68% by ignoring studies of Natural Healing System Vegetarian Diet Prevention. This suppression of science in health wastes lives, causes unnecessary suffering, early deaths, violates

civil rights and human rights. Attorneys told me Congress can be held criminally liable for aiding and abetting manslaughter. They took money under the table for 82 years to eliminate the MD systems competition and put MD's in charge of all elements of health care. There are five types of payoffs today. Medical Schools still lack experts in prevention and ignore the eleven elements of the new scientific method, systems research, the scientific research validating Holistic Health, permanent stress removal in only three to ten hours with NeuroLinguistic Programming, and training in error reduction. Complementary Medicine studies by HHS NIH and others fail to use all seven elements of the new scientific method, ignore systems research, ignore that they are not working with a mechanistic system, and fail to use data already proven by research and experience in many cultures. People described fully using the info at the forefront of science are a MultiDimensional Holographic Mind Body Energy Field Spirit SubSystem that flickers in and out of existence. Physics proved that all matter is indeterminate, including people, recreated 438.69783 cycles per

nanosecond. We are an integral part of our Holographic Universe SubSystem. Instrumentation shows Acupuncture Points, Meridian Lines, and Chakras.

MD's, government, educators, and media still flunk science, ignoring basic physics, systems research, and the New Scientific Method.

► Call Kennedy U for their info from professors giving degrees in NeuroLinguistic Programming, Transpersonal Psychology, and Holistic Health. NeuroLinguistic Programming will permanently eliminate the internalization of stress in three to ten hours, one day, in almost all cases. Victims of torture and war require but little more time. Use Energy Healing, validated by 42 studies, to speed healing and heal all resistant cases. Holistic Health as an integrated system has been validated by 25 studies. The President's Health Committee 23 person study reported it valid in 1997. All of the studies come to the same conclusion.

►► Our Demo project of Holistic Health hopes that leaders will reform education and change bad habits when they learn their health info is false. I value my time greatly, yet I will work with all mind body problems on a free if not

healed basis after a short evaluation. Using all of Holistic Health as a complete integrated system enables healing all problems in almost all people. Injuries, illness, birth defects, and stress heal. This is feasible because the body is part of the mind, an energy hologram that flickers in and out of existence,. Energy Healing is Applied Physics, and is Spiritual Healing. There are 212 books on the ongoing MD Pharmaceutical HHS Government war against

►►The Safety and Security data will save lives. Help get this training that 32 studies proved eliminates 98% to 99.7% of accidents and errors required for drivers, kids, parents, couples, all adults, police, military, and government. Add Active Listening and all ten ways to get and stay stress free. People that do not internalize stress are far less likely to be violent. These tools increase creativity, the rate of invention, and improve health. Mind is a

Why not use all of science for all problems in our culture??? ►Radionics devices will cut costs by eliminating all pests, viruses, fungus, and molds in buildings and people.

all aspects of Alternative Medicine, and against Holistic Health as a complete system. Work with the entire MultiDimensional Mind Body Energy Field Spirit System in education, health, prevention, agriculture, research, management, safety, security, all areas of human endeavor, and long range human ecological survival. Act AS IF people matter in all that we do.

major factor in illness. It is far cheaper and more effective to use the forefront of science and knowledge to identify and correct all of the actual basic causes of each problem and the interrelated systems involved. We can work on symptoms for ten thousand years without correcting any of our many problems. Why waste money, lives, and destroy humanities future by failing to use all of geniuses research to correct the actual basic causes of problems?

They use a different frequency for each item. They are ignored because they can only be explained by physics. These devices will save farmers 12% to 15% of their budget. We seek

I'm a member of MENSA, studied physics and most sciences running Hemstreet Consultants, and read widely in history, sociology, science, and most fields. I dealt with scientists and engineers throughout the country. I started Serendipity Association non profit to use the impact on leaders of learning that they were given badly flawed, distorted, false info and lied to about health prevention, healing, safety, security, agriculture, and the long term damage of humans actions and impacts on

We also seek funds for a demo of results from correcting all 19 education errors, and to improve Radionic devices to enable covering the entire planet from a single location. Physics research indicates this is possible. Applying today's physics and the forefront of all sciences will make it feasible to use all eleven elements of the new scientific method, develop new

human planet weather cycle ecological balance to enable correcting all 19 errors in education.

We are seeking funds for a major demo of Holistic Health's ability to heal all problems, most people. We can do this in any state where we can get media or government backing. This seems easier to do in Oregon, Washington, Nevada, in the twelve states that license Naturopathic Physicians. Are any states or governments actually able to examine evidence on errors in their systems???

power sources from the underlying structure of matter in sixty years, solve weather control, fire damping at a distance, anti gravity, increase the rate of invention and the possibility of breakthrough discoveries, improve all research while reducing costs, improve safety and security, and eventually develop a true space drive. Project spinoffs include solving fresh

water needs, improve desalinization, and in our Education, Fix, Security, Agriculture, improve our increasingly tenuous chances of Peace, Research, Grants, and other articles. human survival. ► Many important projects are

► Systems research proved that when we work with part of a system we get unforeseeable results. ►► The ReEducation project is the basic foundation needed to prevent or correct all of humanities' increasingly more disastrous problems. All grads need to understand the forefront of science, weather cycles, planetary and human history, sociology, and all knowledge as an interrelated integrated system, the full implications of working with a Holographic SubSystem, the urgency of working with the whole system, and planning ahead for 100 thousand years in all that we do.

Call me re references, evidence, and actions needed to reduce costs, aid people, correct the basic causes of our many problems, improve the possibilities of long range human and ecological survival, develop peaceful vibrant successful cultures, create world peace, and actually apply science, using good business and ethical practices. Will you help???
