Dear Mr Soros,

Solutions In Science For Business, Foundations, USA, People, & Human Ecological Survival.

I write with nine agendas + Whistle Blowing. Add SA web summary of geniuses info to your web.

I ask your help in publicizing Geniuses info business, educators, media, and governments are ignoring that would enable correcting the actual basic causes of our many problems as an integrated sub system. Major goofs by government are being ignored. The info we gave DoD’s Chief Of Staff Powell and handed to an FBI agent in 1992 and others since would have enabled preventing 9-11 and other attacks. FBI, six in management, four agents, failed to address major training errors and omissions, and ignored ongoing fraud in MD health care and safety. An FBI Senior Advisory Special Agent on Financial Crimes says he can’t get them to listen to his ideas for improvement. He thinks I’m right, but says the FBI is unable to consider new to them info. Military, security, and police need the Safety Training and the Cultural Psych info to improve effectiveness, save lives, \$\$\$, and equipment. Both are ignored. ►The 9/11 commission failed to consider our info that the basic causes of failures are Institutional Blind Spots, the Vested Interest Syndrome habit of psychologically discounting any info that conflicts with mind set. ►Habits of thinking in well learned patterns keep most institutions from considering any new to them info that proves quite wrong what they “Absolutely Know to Be so”. Science keeps doing this. Homeland Security is closed to research info needed to improve their effectiveness. Humans Inherent Designed In Habits of discounting and ignoring any new to them info that conflicts with their mind set, belief system caused these failures. This is explained by Sociology Cultural Psychology research on the Vested

Interest Syndrome. We have Vested Interests making government decisions in most fields resulting in short and long range problems and actual disasters for children, adults, ecologies, and environment. The many lessons of history are still unlearned. Science is unknown and ignored.

►Myth Conceptions are a very poor foundation for planning, decisions, research, and actions. Our summary of geniuses research identifying 35 cultural errors, omissions, and fantasies in our culture and most others will improve your businesses, aid R & D, offer new product and research projects, increase the rate of invention, reduce errors and accidents 98% to 99.7%, reduce illness care costs 87% to 92%, reduce illness 76% to 83%, eliminate stress internalization in three to ten hours, one day,

Serendipity Association seeks funding for both profitable research and non profit projects. The President's Health Committee 23 person study found Holistic Health valid. They recommended Integrating Holistic Health to enable reducing costs of health care 80% fairly soon, 87% to 92% eventually, healing or preventing all health problems in most people. Back a major demo of Holistic Health's ability to heal all problems of stress internalization, injury, illness, birth defects, genetic anomalies, as everything but political stupidity is proven

curable by Holistic Health research. The impact on world leaders of learning that they have been given false info on health, healing, prevention, agriculture, education, safety, and human survival may make it possible to correct all twelve errors, omissions, and fantasies in formal education and seven in informal education. These failures aided in ignoring 32 research studies of training that eliminates 98% to 99.7% of accidents. Info in our culture and literature since at least 1938, AP 7/84 in all papers, yet ignored. We were unable to consider Tai Chi,

Aikido, and Meditation tools to eliminate 98%-99,7% of accidents and errors even in MD systems, increasing creativity, and aiding health.

► Holistic Health Training and Insurance Systems will enable insuring everyone for less than 60% of what we pay now. This will solve budget problems. Attorneys who studied the war against Alternative Medicine say that everyone has a winnable lawsuit against the MD system

underlying structure of matter with an Oak Ridge type project based on today's physics. Science proves this is feasible, and most urgent with all oil gone by 2100. The many spinoffs will be very profitable. This can be solved

within 60 years and \$1.5 Trillion. This is urgently needed with oil gone shortly. Physics indicates that we can succeed in other needed projects. Included: improving safety, security, creativity; regeneration, devices to neutralize nuclear waste radiation and toxic wastes,

Back a long range World Peace project. When we correct all 19 education errors, omissions, and fantasies, we will have peaceful societies and world. When world leaders learn that the 1838 to present war against Alternative Medicine suppressed science and resulted in their being given very incorrect info on health care, healing, and prevention, correcting the worlds education systems and planning ahead for long term survival may be possible.

►A Holistic Health Healing and Longevity Center will heal bodies, minds, attitudes, and emotions. This will heal all of the habits that lead leaders into theft, using violence, and war. We can create Holistic Health Centers that can work with all mind body health problems on a

Energy Healing Is Applied Physics. State Dept, Security, Education, Health, and other articles add depth and explain details.

HHS still suppresses Holistic Health research and experience, even info on herbal ointments that eliminate breast and skin cancer for 98%, and how Dr Liang, Oriental Physician, Herbs and Acupuncture Inc, missed only one cancer case of 689 in 26 years here. errors and omissions in military and security, and the 35 cultural errors, omissions, and fantasies geniuses identify in our culture.

►Why ignore The Union of Concerned

Scientists web report on Bush ordering 11 major government agencies to falsify research and other reports??? Science mag editor is involved. Even HHS replaced birth control and condoms with abstinence for STD prevention and birth control. Experience and research proves that increases infections and pregnancies. The rhythm method fails often. HHS removed condom info from their “education” pages. Eleven agencies falsified data on environment destruction, health, pollution of air and water, education, labor, and more is reported in these 2004 March 49 pages and July 33 pages reports. We ignore research on weather cycles, business cycles, and how overpopulation is genocide of millions more soon, billions in the future. Population density is a factor in violence and war. Politician’s keeping us out of international

population control directly caused the starvation of over 8 million of the 18 million that starved since 1890. We use oil for agriculture. The world’s oil is gone by 2100, yet Bush kept us from requiring fuel conservation in vehicles and all other areas. Urgent–Require all vehicles to be hybrid or better, 60+ mpg. Sell no truck types unless people prove they are needed for business. All buildings need to be straw bale construction when feasible, with triple glazed windows, fireproof, ergonomic design, solar panels, and all other features needed for lowest energy use and lowest possible maintenance. All new buildings will be here while fuel supplies dwindle and costs rise for all fossil fuels. Require installing Psychotronic devices in all buildings and cities.

Bush’s primary agenda seems to be the transfer of public money to the private sector’s wealthy. Bush and Ashcroft propose and use fascist methods similar to those Hitler used in taking control of Germany. His buddy buddy orientation and right wing religion actions and habits are costing the country far more then has been publicly noticed.

killing people, and seriously damaging USA’s viability can arrange for a Demonstration of the Bible’s Burning Bush Story.

Anti abortion is manslaughter of those women that still die in pregnancy and birth. Medical schools say it’s ten times safer to have an abortion. Anti abortion is genocide, aiding population increases, resulting in more starvation. Millions soon, billions in the future if

►Evidence of Bush’s Acts injuring lives,

we fail to reduce populations to less than two billion soon, and only 500 million with no oil by 2100. Weather cycle studies show clearly that we are at the end of 265 years of better crop weather, and will have worse weather with global warming than any in recorded history. Ocean levels are rising. Plan for an ice age in

Biowarfare solutions are suppressed. Radionic devices are proven effective by 16,000 farmers and USN 1984 research. They eliminate any insect pest, virus, bacteria, fungus, and mold in the target area. FDA put two firms out of business for daring to point this out in their literature. They use a different frequency for each item. Only physics explains them. Most people feel physics research can't possibly be right, so Agriculture departments discount and ignore them. There are still seven manufacturers. See our Agriculture report. ➤➤ Appropriate Technology For Rural Areas has 17 groups, and Radionics experts 800-346-8140, Fayetteville, Arkansas. Order thru us at their quoted price, we get credit, and will guarantee value. Standard Pyramids increase plant growth and healing rates 2 to 3 times.

We seek grants to publicize Radionics, eliminate pesticides, and for R & D on Radionic devices to cover the entire planet from a single location. Physics and other research indicates that this is feasible. I've located experts that can be brought together for this project. Research on many Psychotronic Devices are projects needing major funding. Devices that eliminate Jet Lag need promotion for all world travelers, business, military, security, and governments.

Back research to offset the impact on people and ecologies of Global Warming. Develop more nutritious food plants that survive long droughts, very wet, and salty farmland much better. CO₂ increase in oceans will destroy phytoplankton, the ocean's food chain base for fish. This is an urgent emergency of seven major disasters facing us. A reward with protection, new job, relocation, and anything else needed offered for whistle blowers would come up with much more info. Rewards will attract Whistle Blowers in power firms, military contractors, DoD, CIA, FBI, corporations, and all areas of US, state and local governments. Military, State Department, CIA, FBI, and other government agencies are failing to use the research on the Cultural Psychology of each culture and sub culture we deal with. ► All major cultures have been well studied. Using research on the lessons of history and the effects of language, religion, education,

\$50,000 found the field valid. They failed to use research that could have prevented 9-11 and solved many security problems IF it was all used. USA fails to use experts who see Auras and have psychic abilities. They are able to identify criminals or bombers in crowds or even at a distance. They ignore our proposal to use Holistic Health's proven ability to heal all personnel, or to use the safety training to drastically reduce accidents and errors. Congress Committees, departments, and Security Advisor Rice ignored our info.

history, culture, and subculture's effects on thinking, attitudes, emotions, and probable actions would have prevented the current messes in Islamic societies, and enabled us to do far better in all countries and internally.

► The actual cost of spending money on credit has not been addressed. What are the total costs of spending money we don't have, while ignoring our many needs? Trade Imbalances result in offshore money buying US property, shifting an increasing percentage of USA ownership into foreign hands. What is the long term results of this? Trade acts injure us when

they end up with our citizens competing against people making less than \$2 per hour or day, with no health care, safety, or environmental protection. No level playing field for our citizens. Outsourcing jobs and new technology

creates even worse conditions for our children, families, and adults. Trade bills are damaging us badly now, and destroying our future.

When government money is used for new product and new business research and development that creates profit, the taxpayers should permanently own a large piece of the patents and business. Military contracts should be at actual costs with limited profit, and no high salaries bleeding citizens and nations. We need foreign aid.

A DC insider at a meeting told me that Bush started the Kuwait war at that time to gain power, ensure winning elections, and show his dad that he could do it better.

Fund an urgently needed ReEducation R & D Project. Somebody "Out There" didn't come in and create all of our many problems. Our grads created them. When we correct all 12 errors, omissions, and fantasies in our formal education system, and seven in informal education, we will have a sane society. Apply geniuses info to eliminate education failures, shootings, violence, rape, fear, and suffering.

Use "Crimes Against Nature" by Robert Kennedy jr with much info that will help remove right wing politicians. It seems that many actions of this Bush Republican administration violate the Deceptive Practices Act, the Constitution, and laws against Manslaughter and Torture. They seem actionable under law??? Impeachable? Government elected and hired officials and their staffs have no immunity for aiding manslaughter.

Nine cultures studied were free of violence, rape, and crime. Humanity has the knowledge to do this in all cultures. This is far cheaper than the alternatives. We seek funding for a major project to create effective multimedia reeducation materials on the forefront of science, knowledge, why we ignore it for generations, the lessons of history, sociology, and eight major disasters facing humanity for all

leaders, corporations, educators, governments, and citizens. Grads need to understand the implications of Paradigm Shifts, the 46 scientific discoveries that discarded the mechanistic world view, cause effect relationships in MultiDimensional Holographic universes, very long term planning, weather cycles, business cycles, and the very costly and destructive effects of making plans and acting on incomplete or false info. Educators, media, and governments teach info known to be false as if it's true. ►Over 450 species are identified by zoology with homosexuals, proving the Creators design of humans is 7.3% homosexual and

bisexual,1% nonsexual. Lies cause violence, murder, and a four times greater suicide rate of youth when they learn they are homosexual. IRS regulations seem to require that all non profits and religions giving false info on homosexuality, aiding manslaughter of women by forced pregnancy, and aiding genocide by increasing populations must lose tax exempt status. Can they all be charged with manslaughter and destruction of lives? Educators are very guilty of acting as coconspirators. They are the foundation of knowledge for all cultures.

benefit analysis in terms of all elements of the system and long term effects of decisions and actions, why prevention is cheaper in terms of money and human costs, and why it's far more effective to correct all of the actual basic causes of problems as an integrated system then it is to work on symptoms for another ten thousand years. Industrial Engineering can be applied to all business, societies, and Earth.

and fully understood. Everyone needs to know that only 4.6% of humans can even consider

new info that conflicts with their mind set.

We address symptoms while ignoring the actual basic causes of problems, and their complex interrelationships. We need to use the methods that offset this inherent designed in habit of humanity, as it's a key factor in why people retain and act on info long proven false. "I didn't learn that as a kid, I know it isn't so, I don't need to examine evidence or check

references" is very damaging and expensive.

Bringing together the worlds' geniuses in all fields and integrating their info and discoveries as a system will make this reeducation project feasible. This program will cover all five of the ways people learn, correct stress, and deal with all of the other factors that interfere with learning.
