Use All of Science & Geniuses Info To Solve & Prevent Problems. Save Billions of Dollars

► STATE BUDGET, HEALTH, ERROR, & SAFETY SOLUTIONS

Dear Health Management,

We have flunked physics, science, history, law, and even fail to use all Eleven Elements of the New Scientific Method required by physics today. Call me re the many sources of evidence and the references order of value. Many more attorneys can be located who have learned that the AMA Allopathic Medicine establishment is still acting illegally in suppressing science throughout the entire MD illness care industry, still continuing the war against Alternative Medicine that started in 1838. Brainwashing works. This is the only major ongoing 1838 to present very destructive scam in human history. Antitrust laws are violated and ignored. There are 212 books documenting how fascist methods have been and are still being used to eliminate all Alternative Medicine competition. MD’s running very successful Holistic Health practices, like Dr Walt Stoll MD, 850-747-8669, lose their licenses and business, even when their clients have only praise and exceptional results.

► Albert Einstein “Reality is merely an illusion, albeit a very persistent one.” Those who fail to learn history are doomed to repeat it. Those failing to learn history correctly are simply doomed.

This anti science war acts against science in health care. Humanities' habit of ignoring any info that conflicts with their mind set has been well studied. Cultural Conditioning has been proven to be Hypnotic in Character. We still act as if the world is a mechanistic structure long after it's MultiDimensional Holographic Structure has been well proven. This applies to all life. Instrumentation shows Acupuncture Points, Meridian Lines, and Chakras. Most can feel them ➤The most important data is the Sociology Cultural Psychology studies proving that only 4.6% of humans and mammals can

Why not use all of science? Physics explains Energy Healing, and why we can solve regeneration in five years. We seek \$50 million to complete regeneration research by using info from Europe, India, and USA to create a fully scientific research project. We will use an integrated group of Energy Healers, validated

consider any info conflicting with their mind set. This is the Vested Interest Syndrome. Belief systems almost eliminate critical thinking. This is as true today as it has been throughout human history. MD's even ignore training that reduces errors 96% to 99%, 38 studies, and accidents 98% to 99.7%, 32 studies, in the literature since 1938. Illness Care Systems are not Health Care. Symptom suppression instead of identifying actual problem causes and correcting them is very anti scientific.

An honest Evaluation of these summaries of geniuses research requires reading our key documents.

IF you check references and examine evidence this time, this info will enable applying all of the lessons of science, history, cultural and social psychology to prevent and solve problems. Our governments act illegally against children, women, men, ecology, and science throughout history and today. Humans continue to destroy Earth's environment, and wipe out

Earth's oil is gone by 2100. Weather cycles alone require reducing population below 2 billion. ►How many people can Earth support with no oil for agriculture, food transport, and food processing, with weather cycles reducing crop production drastically? Perhaps 500 million if we do everything right. This is the most urgent emergency of the eight major disasters facing humanity. Plan ahead??? Or starve billions very soon. Anti abortion anti

When persistence is used with all problems, almost all people can be healed. Healers can usually tell within a few hours if

the person will heal. A well designed healing system will only miss one to eight per thousand on almost any problem. The Applied Physics of Energy Medicine heals minds, brains, injuries, illness, genetic anomalies, eliminating all viruses and bacteria. Add NeuroLinguistic

► Present the information on what our geniuses have learned at the forefront of science: weather cycles; how/why population pressures cause war, ecological destruction, stress, rape, murder and violence; why agriculture and DOD ignore Psychotronic Radionic devices that eliminate all pests, viruses, bacteria, fungus, and mold; research in Physics and many fields proving quite wrong what most still believe true; how and why physics applies to health, safety, security, R&D, and long range human survival;

why we ignore the eight major disasters facing humanity and earth; our failure to plan ahead for 100 thousand years to improve the possibility of human and ecological survival; and the implications of twelve errors in formal education, seven in informal education on all that we do and plan. We still fail to learn the lessons of history, sociology, cultural psychology, and science. The past is prologue. Humanity is designing a very disastrous future for people and planet.

We can help you locate the exceptionally effective people in all areas of Holistic Health Healing. This will enable an optimum project design to demonstrate Holistic Health's ability to heal all problems and most people. I offer you an immense challenge: to clear out the deadwood of our past imperfect, to create and integrate a well designed, fully scientific Holistic Health Healing and Prevention System for the first time in human history. This will save billions, and make all elements of government far more effective. They will

Let's work together to create workshops, healing demonstrations, and gather the evidence needed to successfully bring criminal charges against the MD Pharmaceutical System for theft by deception, criminal malfeasance, and manslaughter. The basic causes of these errors have been well studied. The same factors create

correct other errors. The world's Holistic Healing research, experience and a through demonstration of healing of all problems will help stop this waste, theft, torture, and manslaughter. Let's apply the laws requiring professionals to be held legally liable for not using the forefront of the state of the art, even if they don't know it, to MD systems for the first time. Learn why they haven't been held to that standard. Why exempt MD's from laws that are designed to protect people?

Health have the data needed. Arrange for an article in each newsletter asking for info from all members also. Join each organization. Get two to ten years back issues. Call me re references and evidence sources. Research proving Cultural Conditioning to be hypnotic in character, and the "Vested Interest Syndrome" research are very important data. Then science, physics, energy healing, bionutrition, and mind body relationships. References and evidence show that every government, educator, firm, and person has a winnable lawsuit against all of their health care providers, US government, and pharmaceutical firms also. Can media be charged as coconspirator? Let's stop all of these deceptions and crimes. The system is badly broken. Let's fix it. When can we start?
