ETHICS, SCIENCE & LAW--PROPOSAL TO EXAMINE & CORRECT MISMANAGEMENT

Utilize All Eight of the Rules of Evidence & All Eleven Elements of the New Scientific Method

Rewrite May 10, 2007

Dear Education Management & All Committees,

►Re Research Contract Possibilities & System Error Correction

Sociology research on Cultural Psychology reports that only 4.6% of humanity can consider new to them info that actually conflicts with their mind set, belief system. This is the Vested Interest Syndrome. Studies of history, sociology, cultural; psychology, and humanities’ well studied habit of psychologically discounting any new to them information show that today, as in the past, we still ignore very important discoveries. We continue to act as if the methods we are using must be correct and are the Best Way to Address any “Problem”, long after our old ways were proven false, unscientific, or even illegal. We take many generations to adopt new to us info. Honest and Ethical Decision Making requires accurate data bases and working with the Entire Holographic SubSystem using all applicable information. Why ignore 32 studies on training that reduces errors and accidents 98% to 99.7%? Stress is a problem, yet MD systems still fail to use ten ways to get free and stay free of stress internalization. ►Professors teaching NeuroLinguistic Programming-No Stress <10 hours. ►Albert Einstein “Reality is merely an illusion, albeit a very persistent one.” Those who fail to learn history are doomed to repeat it. Those failing to learn history correctly are simply doomed.

My background is science, electronics, physics, with wide ranging studies in most areas of science, history, sociology, and cultural psychology. I learned that it is very important to apply all Seven Elements of the Scientific Method. I started the Serendipity Association to address the 36 cultural errors our geniuses have identified. I've been examining humanities' cultural errors, omissions, and fantasies since I was eight in 1935. I've read our geniuses books,

met them at lectures, and phoned them. Professors write books and research reports proving major errors, omissions, and fantasies in education systems and societies.

Errors are ignored because education systems fail to address and correct the Vested Interest Syndrome. They fail to learn the many lessons of history.

IF you check references and examine evidence this time, this info will enable applying all of the lessons of science, history, cultural and social psychology to prevent and solve problems. Our governments act illegally against children, women, men, ecology, and science throughout history and today. Humans continue

to destroy Earth's environment, and wipe out our slim chance of survival. Help make long term human survival the first order of business for corporations, educators, and governments. Help stop HHS, government, Educators, Media, DoD, and AARP Civil Rights and Human Rights violations in health and safety.

Examining the history of regulation of power would have prevented the deregulation of power. ► Why ignore articles on physics explaining how we can develop new power sources from the underlying structure of matter in an Oak Ridge type project, sixty years, \$1.5 Trillion. A careful examination of the history of the 1838 to present war against Alternative Medicine reported in 212+ books, and the forefront of science in health, healing, and prevention that this 1838 to present war has suppressed is urgently needed. stupidity. Systems research has proven that when we work with part of a system we get unforeseeable results. Science has proven that our world and universe are MultiDimensional

Holographic SubSystems. We are an integrated MultiDimensional Holographic Mind Body Energy Field Spirit SubSystem, a completely integrated unit. India has completely integrated Holistic Health into Medical Schools, and slowly into health care systems, starting in 1990. Netherlands—half of MD's work with Energy Healers. Germany is doing the 25th study

I propose a workshop on the forefront of science and human knowledge and why it is suppressed for generations. This will include: Paradigm Shift Implications, the 46 scientific discoveries that completely changed our understanding of reality, a report on discoveries in physics and other sciences that discarded the mechanistic view of our people and planet, systems research, how this info applies to health, management, government, education, and research, the key elements of Holistic Health, How to prevent and heal birth defects, sexuality problem solutions, physics of biology, studies of 450 species sexuality prove all species have a percentage homosexual, healing all infections, STD's, with Energy Medicine, 52 studies, why Psychotronic Radionic Devices eliminate any insect pest, virus, bacteria, fungus, mold in the target area with a different

Physicists and Science of Consciousness researchers agree that bodies are part of the mind, a MultiDimensional Holographic SubSystem flickering in and out of existence, nothing but Energy. Research proved the brain is a transducer, a receiver transmitter. Thinking is done in the energy field. Lab instrumentation shows Acupuncture Points, Meridian Lines, and Chakras. I invite you to be part of the solution. Help our women and children. Eliminate suffering and incurable problems. Rename all problems as projects. Problems set there staring at us. Projects we pick up and solve with all of the elements of science. The first Medical Systems to utilize all of science in health care will be famous and far more likely to survive. Apply Ethics and all of Science to all decisions.

Use all Eleven Elements of the New Scientific Method required by Physics today. Call me and let's begin changing our world. Reduce errors and legal liabilities. The impact of a Holistic Health Healing Demonstration healing "Medically Incurables" may enable correcting all 19 educational errors that make worse the effects of the Vested Interest Syndrome, the root cause of all of humanities problems.
