Ethical action and law requires integrating Holistic Health into all medical systems as India is doing. I propose workshops on the forefront of science and human knowledge, why new info gets ignored for generations, how and why Holistic Health will save you 87%-92% on health care costs, and why India in 1990 started integrating it. ► 67% of Netherlands MD's work with Energy Healers. I challenge you to collect and examine the evidence, check references, and use all Eleven Elements of the New Scientific Method required by Quantum Physics. Apply critical thinking. IF you check references and examine evidence this time, this info will enable applying all of the lessons of science, history, cultural and social psychology to prevent and solve problems. Our governments act illegally against children, women, men, ecology, and science throughout history and today. Humans continue to destroy Earth's environment, and are wiping

out our slim chance of survival. Help make long term human survival a first order of business for educators, corporations, governments, and all people. Help stop government, HHS, media, educators, DoD, and AARP's ongoing Civil Rights and Human Rights violations in health, safety, and long term human survival.

Earth's oil is gone by 2100. Weather cycles alone require reducing population well below two billion. ►How many people can Earth support with no oil for agriculture, food transport, and food processing, with weather cycles reducing crop production drastically? Perhaps 500 million if we do everything right. ►CO₂ increasing in oceans will destroy phytoplankton, the food chain base for fish, by the 2400's. This is an urgent emergency of the eight major disasters facing humanity. Back genetic research to redesign phytoplankton to

survive high CO₂ oceans.

►Plan ahead??? Or starve billions soon.

Anti abortion anti birth control killed half of the 18 million starved since 1893, will kill 100-200 million by 2100, six billion 2100-2400.

►Anti abortion is genocide of billions, as we lack sure birth control methods.

►Women die in pregnancy and child birth, 1 in 6 to 1 in 2700. ►Anti abortion is manslaughter.

►Abortion is ten times safer then pregnancy and birth. Conspiracies to kill women are illegal.

Government aiding Anti abortion groups violates

Bush administration acts unethically and illegally by ordering reports and scientific analysis of eleven federal agencies suppressed, distorted, or falsified to make them agree with Bush, his administration policies, buddies, and bigotry.

Politicians, corporations, universities, and media failed to look at the history of regulation. I knew the history, and was positive that no sane person would deregulate power. Everyone got shafted because they failed to examine the evidence. They didn't even question the false and distorted information given them by power firms pushing deregulation. They were very gullible, easily brainwashed. Power firms act as robber barons, violate the deceptive practices act, and reap unreasonable profits while causing misery and loss of properties. They discount and discard new to them info on major errors and fraud. Our best media fail to check references, study evidence, and examine research proving that many establishments are giving them info in many fields that has long been proven false. We ignore the lessons of history, herstory, science, and systems. Costs are money, cultural viability, lives, plus damage to board and employees who suffer and die unnecessarily. Results: major losses, ethical violations, and crimes. Is media legally liable to employees and audiences for aiding proven coverups, reporting information in major fields that research has long proven false as if it is true??? Educators, corporations, government, and educators have done equally bad. Even our best universities ignore 37 Natural Healing System Vegetarian Diet Prevention studies, 56%-68% savings, 76%-83% less illness. Why no interest in saving lives and wealth by addressing causes?

Humanities history is one of anger, greed, arrogance, and power seeking taking precedence over peoples needs, and suppressing data for generations when it disagrees with establishments and individuals mind sets and power bases.
