Dear Board, All Committees, and Officers,

➤Please advise receipt and action. Add reference check and disseminate to each key person and all committee members.

We invite you to use the forefront of science and human knowledge in all aspects of your business and life. This will enable you to eliminate stress, reduce costs, increase sales, aid people, improve safety, and reduce health costs. Call me Re: References, Evidence Sources, Science and Physics Info. Examine the implications of politicians, corporations, and media failing to even consider the history of power regulation. This would have predicted the power firm’s robber baron thefts. I believed these outlawed long ago. Enron’s deceptive practices, their buying collusion with Congress and government regulators is not unusual. There are five types of payoffs. Most are still

used. These destroy wealth and lives.

► Whistle Blowing! What If Our Geniuses Are Right? Summaries ► www.serendipityassn.org

An honest Evaluation of these summaries of geniuses research requires reading our key articles.

► "A Basic Cultural Urgent Problems, GIGO Data Bases", Education, Libraries, Peace, Media NYT, Media Ethics, Scientific Method, Fix, Agriculture, Govt, Safety, Security, ACLU, Military, Health Enhancement References etc. Examine our Web-CD-180+ PDF articles. Check evidence, references.

IF you examine evidence and check references this time, this info will enable applying all of the lessons of science, history, cultural and social psychology to prevent and solve problems. Our governments act illegally against children, women, men, ecology, and science throughout history and today. Humans continue to destroy Earth's environment, and

Earth's oil is gone by 2100. Weather cycles alone require reducing population below 2 billion. ► How many people can Earth support with no oil for agriculture, food transport, and food processing, with weather cycles reducing crop production drastically? Perhaps 500 million if we do everything right. This is the most urgent emergency of the seven major

disasters facing humanity. Plan ahead??? Or starve billions very soon. Anti abortion anti birth control killed half of the 18 million starved since 1893, and will kill billions in the future.

► Anti abortion is genocide of billions, as we lack sure birth control methods and farm land.

► Women die in pregnancy and child birth, 1 in 6 to 1 in 2700.

►Anti abortion is manslaughter. Abortion is ten times safer than pregnancy and birth.

The Serendipity Association seems the only nonprofit being designed to correct all of the 35 basic errors, omissions, and fantasies that are the actual basic causes of humanities' many problems. Use all Eleven Elements of the Scientific Method required by a Holographic Universe, critical thinking, and Systems research to enable correcting all of the

We've done even worse in many fields. We ignore the history of the war against Alternative Medicine reported in 212+ books. Congress was paid under the table for 82 years to create the anti trust medical system that wastes over 80% of our health care dollars and kills people unnecessarily early.

Consider the implications of Paradigm Shifts, the 46 scientific discoveries that created them, and how science proved that we and our world are MultiDimensional Holographic SubSystems.

Germany has the 25th study finding Holistic Health valid, saving lives, 80%+ of health care

The president's Health Committee 23 person study and all other studies find Holistic Health, Energy Medicine, Herbal Medicine, and minds effect on bodies valid. Finland has few alcohol impaired drivers. We could do even better, yet promote alcohol by allowing advertising, promotion, even creating films and TV shows that make drinking seem smart, teaching alcohol use. It's poison.

that is proven by 32 studies to drop accidents and errors on the job and in all areas of life 98% to 99.7%, by increasing the intuitive awareness of danger, error, and best action and creativity. This training is reported in USA since 1938 in university studies, journals, newspapers, and . books. Study groups work with Tai Chi, Aikido, and Meditation. Add four tools to gain 99.7% less accidents and errors. India wrote this in 729

►► Suggestions and Proposals. Help whistle blowing on these crimes and errors. Be the leader. Help make this well proven training that is able to almost eliminate accidents and errors mandatory for all drivers and all students everywhere. The firm that first does this sells more vehicles. Use it to improve creativity and your engineering. Offer this training to all buyers. Ideally include this in early childhood education, marriage, and parenting training. Let's require this for graduation from any grade and school. These training methods permanently eliminate the internalization of stress, increasing creativity, increases invention rates, awareness of error, best action, and danger. ► These are

AD. We are still insular.

We ignore research on NeuroLinguistic Programming, taught in universities, the fastest of ten proven methods to permanently eliminate stress and stay stress and accident free. Our security forces, DoD, attorneys, kids, teachers, women, and men all need this info.

Validated by 206+ studies. This training improves R & D, and can reduce or eliminate all product problems and recalls. Increasing the intuitive awareness of error, best action, and danger will enable engineers and all involved with vehicles and planes to avoid product design and production errors. This training will reduce divorces, violence, rape, drugs, and crime, as well as errors and accidents on the job and in life. People that don't internalize stress tend to be non violent, more creative, and make better decisions on the job and in life. Get all insurers, car manufacturers, universities, governments, media, and consumer groups to help. Tell them that the evidence is conclusive, that the

2—Oil reserves were vastly overestimated. that one half of earths oil is gone 2028, all by 2100. Production decreases from 2012 on. Use this info to sell high mpg vehicles, 60+ mpg diesels and hybrids at 70+ mpg. This will extend oil reserves. After oil is gone, vehicle firms will be making buggies. Require the new low pollution diesels and hybrids. Oil imports injure balance of trade in most countries, reducing cultural viability by reducing money available for retirement, health, social, business, education, and cultural problem solving, R & D, and prevention. Gas guzzlers add more pollution, increase greenhouse effects, act against all people, cultures, and ecological systems. No one

Help initiate, design, and back a major Oak Ridge type project to develop new power sources from the underlying structure of matter. Articles in scientific journals about today's physics shows why this is feasible. Physics journals printed letters since 1989, with at least five articles and letters in other publications.

This can be solved for \$1.5 Trillion within sixty years. The spinoffs will be extremely valuable.

3-6-Integrate Holistic Health to save 87%+ on health care, and heal all problems of vision, hearing, injuries, illness, genetics, and stress. Most can correct vision within five days using Imagery in Meditation. Why? Bodies are Holograms. Blow the Whistle on all human cultures many errors and negligence.

\Help Fix Education's 19 Errors, Omissions, and Fantasies. This will eliminate crime, drugs, violence, rape, and develop people that will address basic causes, not symptoms, and plan ahead for a hundred thousand years. This is safer in terms of human and ecological survival. Fund a World Health equals World Peace Project and a Human and Ecological Survival Project. Promote a Holistic Health Longevity Program for all leaders and key people. An optimum program will heal all stress, attitudes,

Talk with the attorneys on our reference list about risk management. There is no immunity for aiding manslaughter for any elected, appointed, or hired in government. This creates major legal liabilities in US and most other governments for elected, appointed officials,

emotions, and the tendencies to use violence and war to solve problems. Brainwashing keeps us from learning that our genes are usually right. Humanity is genetically designed to be inherently gullible, to act habitually, as only 4.6% of humans can even consider any info that conflicts with their mind set, world view. The 19 Education errors, omissions, and fantasies encourage this tendency.

We must teach critical thinking, systems, and a clear overview of all that humanity has learned at the forefront of science and knowledge as an integrated system of knowledge.

Good risk management requires checking references, gathering evidence, and action to stop crimes and errors.

Holistic Health has the ability to heal almost all surviving accident victims, and all citizens, employees, and board members.

I request a phone appointment with board members and key officers to discuss these issues that will aid corporations, people, and cultures.. NeuroLinguistic Programing, Energy Healing, and BioMedicine can heal almost all people that are violent, criminals, rapists, pedophiles, and antisocial. We report “smoking guns” and actual crimes against teachers, students, families, boards, corporations, employees, and all citizens. Human Resources violate both Civil Rights and Human Rights, still ignore Paradigm Shift implications, ignore management and safety training errors, omissions, and fantasies, how to increase the rate of invention, wastes 87% of health care dollars, fails to use all eleven elements of the new scientific method, best research protocols, and design of experiment research. This is aided by HHS, medical schools, associations, and government still illegally fighting a war against any effective competition to MD's. ►There are five kinds of payoffs today. Congress took money under the table for 82 years to put MD's in charge of health care, and eliminate their competition. They are still failing to integrate Holistic Health research. They continue the 1838 to present war against Alternative Medicine reported in 212+ books. These report Fascism used to suppress research in and use of Holistic Health Sciences in Prevention, Health and Healing Care. Media aids this. The AMA was found guilty of

Conspiracy, Restraint of Trade, and Antitrust in 1987. Attorneys say that the Government HHS MD Pharmaceutical Mafia type system is involved in Theft by Deception, Criminal Malfeasance, Manslaughter, and RICO.

Governments can be charged as coconspirators with manslaughter, as this is illegal for elected, appointed, and hired officials. This is RICO! Governments fund medical schools that teach as true info long prove unscientific, fail to use all eleven elements of the new scientific method, and even ignore stress removal and error reduction training. MD schools have no experts in Natural Healing System Vegetarian Diet Prevention, ignoring 38 studies finding 76% to 83% less illness, 56% to 68% lower costs. They fail to fund Alternative Medicine, Holistic Health, Herbal, Naturopathic Medicine schools, and prevention. Studies of professional groups health records proved that the worst health problems were found in psychiatrists, attorneys, and MD's. Teachers were #8.

Appropriate Technology Transfer for Rural Areas funded by US Dept of Agriculture reports that Psychotronic Radionic devices eliminate any agriculture pests, fungus, molds, virus, and bacteria without pesticides, make plants, soils, and animals healthier and calmer, saving 12%-15%+ of farm budgets. Energy Healing eliminates all viruses and bacteria. This is proven by 52 laboratory studies since 1947, with 42 studies since 1956 proving that healing of all mental physical problems is feasible when we use Energy Healing persistently. This is Applied Physics and Spiritual Healing, changing our Multidimensional Holographic

I offer you info and services to enable your using the forefront of science and knowledge to increase your effectiveness and reduce errors. Security and cultures are ignoring research in many fields. Workshops on the forefront of science and knowledge for all key people is mandatory to break humans inherent habit of discounting new to them info that conflicts with peoples Mind Set.

Our establishments, even investigative groups, are still ignoring the key factors in 9-11 the Challenger loss, and all other failures to examine and use all applicable needed info. This is always the inherent human habit of psychologically discounting any new info that conflicts with expected patterns. This is aided by the bigotry against and suppression of geniuses that is designed in to cultures. Only 4.6% can consider

new to them info that conflicts with mind set. Cultural Conditioning is proven to be hypnotic. Training on awareness of and how to override what Sociologists Cultural Psychologists call the Vested Interests Syndrome is needed for all security, safety, military, pilots, ATC, drivers, parents, and kids. ►Ignoring geniuses findings, history, and research on cultural blind spots is arrogant, short sighted, and very expensive.

FBI, CIA, DoD, governments, corporations, media, and educators need the info on permanently eliminating the internalization of stress in three to ten hours with NLP, and on training that drops accidents and errors 96% to 99.7%. This training increases the intuitive awareness of danger, error, best action, creativity and the rate of invention. Why not use all of science? Injured and ill military, agents, and

families can be healed quickly with Holistic Health Sciences, even head and spinal cord injuries, yet this info on Energy Medicine as Applied Physics is withheld from agents and families. FBI management refused to examine evidence of major crimes in Allopathic Medicine's fascist suppression of Alternative Medicine, Holistic Health, Natural Healing Diet Prevention since 1838.
