We talk and write AS IF babies and children are very important. We Act AS IF We Hate Them. We act against them in many ways. Major institutions act against children and babies by selling non foods and toxic materials in plastic products that babies will chew on, yet are still on the market. Anti nutrition non foods are promoted for kids. Baby food is promoted, while none advise parents about the massive research on the health benefits of making fresh uncooked baby foods with a blender. There are many recipe books on making healthy vegetarian baby food. This simple act results in healthier babies, kids, and adults. What we eat as babies and children affects our health for a lifetime. Down’s Syndrome fails to develop with mega nutrition from birth. Herbs aid health and healing. Greed before kids health and their needs is insane behavior, yet we fail to stop it.

Police report that 90% of kids and adults hit after dark on bikes, roads, or crossing streets are wearing dark clothes, and are quite invisible to vehicles. Why do we kill kids by selling dark clothing to any who might be in a dark traffic area? Educators, government, and media ignore this obvious safety error.

Neither parents or educators teach safety. Tribal cultures did. We ignore 32 study groups reported in our literature since 1938, with 98% to 99.7% less accidents and errors in the study groups over the control groups. Tai Chi, Aikido, and Meditation are the key tools. This was written up in India in 738 AD, yet we still fail to learn the many lessons of history. This training improves Intuitive Awareness of danger, errors, and best action, increases creativity, and aids better decisions for a lifetime. After two years of Aikido, a small women or girl can’t be attacked successfully by five men. These results can be

considerably improved and speeded by adding five additional tools. Requiring this training for all parents, educators, students, drivers, pilots, bicyclists, skate boarders, and security people will create cultures that work far better. When required for all students and drivers, we will get the blood off the highways, drastically reduce violence and crime, make kids and babies safer, and reduce our car insurance costs drastically. We can better Finland's ideas to get alcohol free highways. No license for five years and attempted manslaughter charges on one offense,

Physics proof that our universe is a MultiDimensional Holographic SubSystem explains how and why these many tools are so effective. We are a fully integrated element of our Holographic Universe. People are Holographic Mind Body Energy Field Spirit SubSystems. Instrumentation shows Acupuncture Points, Meridian Lines, and Chakras. Additional methods are all very simple. Add Yoga, Yoga Breath. Use Imagery NLP to permanently eliminate stress. Use many mind training tools in meditation to improve awareness of all elements of this Holographic SubSystem. Learn to use Meditation to keep a sphere of white light around you, your vehicles, home, and job at all times. This protects against all dangers and theft.

and a year in prison and a lifetime without a license for a second. Third offense, ten years in prison. Make illegal all advertising of alcohol, tobacco, and other drugs. Bring criminal charges against firms spending money to counter campaigns to stop tobacco and alcohol use. Pharmaceutical ads encourage alcohol and hard drug use. Take a pill to feel better is not sane. A Holistic Health Drug & Alcohol Prevention & System will heal all drunks. Why ignore tools that will solve and prevent major problems.?

Use Laser OmniOrbs. Use the Applied Physics of Energy Healing to clear all distortions from Auras, the Life Energy Field. Study Reiki, MariEL, Sufi Healing, and other disciplines. The eight basic Energy Healing Modalities are taught under 183 names, all variations on the basic foundations. All matter is indeterminate.

There are 43 spheres of energy around people. These explain spatial relationships, why we avoid running into people at dances, and why we know if someone is looking at our backs. This ability helped those who paid attention to avoid attacks by dangerous animals or people. Five percent of kids, 1% of adults can see Auras. Kids lose this ability when their descriptions are discounted. Artists have been painting these

since the beginning of painting.

Auras can aid in the identification of dangerous, bad, ill, troubled, or security risk people. As 63% can learn to see Auras, it is urgent to cultivate these talents for solving all police and security issues. DoD spent \$195 million through

All we deal with is an integrated part of the same Holographic SubSystem we are part of. In meditation, we can increase our connections with all elements of this subsystem, and actually improve outcomes in any situation. As physics proved that our body is part of the mind, we can be in Meditation, talk to our bodies, tell them to be healthy, ask them what they need from us to solve and prevent all mind body problems, correct vision in one to five days using Imagery in Meditation 1½-4 hours consecutively daily, eliminate stress permanently with Imagery NeuroLinguistic Programming in three to ten hours, and improve our relationships and success with life, love, health, and longevity. NLP is

taught in universities, yet ignored. Healing tools used persistently daily get results far faster.

Traumatic events of war, torture, violence, rape, accidents, fire, and loss create hypnotic programs in the minds of 92% of victims. Counseling fails to work on hypnotic programs. Imagery NLP dehypnotizes these traumatic programs rapidly. Amateurs can work with books and each other to eliminate stress. A few will need the professionals. Internalization of Stress is the major factor in learning problems, suicide, accidents, errors, failures, health problems, vision problems, and violence. There are ten ways to get and keep kids and adults free of stress.

studies agree. We can cure and/or prevent all problems but political stupidity, saving 87% to 92% of MD costs by using all of Alternative Medicine Science that their war suppressed. Holistic Health Research is still suppressed. ►Serendipity's Demo project of Holistic Health

Healing will work with all mind body health problems Free If Not Healed. Includes vision, hearing, genetic anomalies, injuries, illness, birth defects, vision, hearing, stress internalization. We ask some volunteer time when healed, and a donation to our 501c3 non profit association.

Educators inability to correct all twelve errors, omissions, and fantasies in Formal Education and address seven errors in Informal Ed systems is a basic factor in all of our problems. Grads create most problems. We hope

a major demo of Holistic Health's ability to cure and prevent all problems will get leaders to correct all 19 errors in education. When this is done world wide, we will have a peaceful world. See our educational critique, agriculture, health, government, and other articles on the web.
